Three Plays Naga Mandala Hayavadana Tughlaq:

Three Plays Girish Karnad, 1996-08-22 These plays represent three phases in the career of the dramatist Girish Karnad whose very first play rejected the naturalism then prevalent on the Indian stage All three are classics of the Indian stage

Trajectory of Nation Through Myths: A Study of Girish Karnad's Selected Plays Dr. Deepika Chaliya, 2022-09-06 The present study aims to explore the relationships between nation and its myth to address larger issues of national international and universal interests in the dramatic mechanism of Girish Karnad Dramatics in the hands of Karnad uses myth to serve its real purpose of educating and entertaining the masses As far the importance of myth for a nation is concerned myth has been establishing its importance in every era and in every society It frames a major part of national heritage It constantly reminds us who we are where we have come from and what future we are leading to It sounds cautionary call about making wrong decisions with the help of mythological examples It teaches the lessons and help people avoid a similar fate The present study aims an investigation of searching role of myth in a scenario which witnesses swift changes in priorities World today is obsessed with endless conflicts Every nation brims with national pride The evil of casteism regionalism religious fundamentalism patriarchy and racism have placed many seen and unseen barricades in the way of national safety and integration Myth in such a scenario comes forward to guide the masses with the wisdom and experiences of ages It not only acts as a manifesto for the present social order but works as a demonstration pattern of ethical values sociological order and miraculous conviction also so that traditional values can be strengthened to the extent that these can accommodate the changing form of long established concept of morality Myth finds expression through various forms of art Literature is one such form that makes us see beyond obvious and what the front door shows It takes man to discover inquire and construct new knowledge Literature is a means to leap into the past through myth history and legends Literature especially drama is such a form of art that reflects and expresses the inner sections of human mind in a better way It depicts man family community nation and world with all the possible tinges of truth It not only affirms faith but can challenge long held beliefs as well It has been a strong medium to convey deeper meanings of life in its true and vivid colours *The Transnational in Literary Studies* Kai Wiegandt, 2020-07-06 This volume clarifies the meanings and applications of the concept of the transnational and identifies areas in which the concept can be particularly useful The division of the volume into three parts reflects areas which seem particularly amenable to analysis through a transnational lens The chapters in Part 1 present case studies in which the concept replaces or complements traditionally dominant concepts in literary studies These chapters demonstrate for example why some dramatic texts and performances can better be described as transnational than as postcolonial and how the transnational underlies and complements concepts such as world literature Part 2 assesses the advantages and limitations of writing literary history with a transnational focus These chapters illustrate how such a perspective loosens the epistemic stranglehold of national historiographies but they also argue that the transnational and

national agendas of literary historiography are frequently entangled The chapters in Part 3 identify transnational genres such as the transnational historical novel transnational migrant fiction and translinguistic theatre and analyse the specific poetics and politics of these genres *Indian Writing in English* Amar Nath Prasad, 2004 Contributed articles *National Conference on Local Color Literature* Dr.S.Prabakar, *Social Realism in the Plays of Mahesh Dattani* Yashwant Handibag, 2023-11-08 The book undertakes the study of social realism in the plays of Mahesh Dattani The social issues which Dattani has taken into consideration have been examined critically The aspects examined have contemporary relevance and the playwright's aim is to make audience aware about these issues The selected plays for this book are *Where There's a Will* 1988 *Dance Like a Man* 1989 *Tara* 1990 *Bravely Fought the Queen* 1991 *Final Solutions* 1993 *Do the Needful* 1997 *On a Muggy Night in Mumbai* 1998 *Seven Steps Around the Fire* 1999 and *Thirty Days in September* 2001 The entire book is about depiction of contemporary social reality in the plays of Mahesh Dattani and the way we look at those realities and the need to change our outlook for the better of society The issues that are discussed through these plays are religious harmony gender equality sexual abuse of children and glbt issues There is focus on the concepts like realism social realism and socialist realism The book also describes social realism in Indian English drama The author has tried to show how social realism has become one of the emerging trends in Indian English drama The detailed historical account of some playwrights writing in the mode of social realism has been focused upon *Postmodern Theater and the Void of Conceptions* William S. Haney II, 2009-03-26 Different symbolic traditions have different ways of describing the shift of awareness toward sacred events While not conforming to familiar states of phenomenality this shift of awareness corresponds to Turner's liminal phase Artaud's metaphysical embodiment Grotowski's translumination Brook's holy theater and Barba's transcendent theater all of which are linked to the Advaitan taste of a void of conceptions This book argues that by allowing to come what Derrida calls the unsayable the theater of Tom Stoppard David Henry Hwang Caryl Churchill Sam Shepard Derek Walcott and Girish Karnad induces characters and spectators to deconstruct habitual patterns of perception attenuate the content of consciousness and taste the void of conceptions As the nine plays discussed in this book suggest the internal observer lies behind all cultural constructs as a silent beyondness and immanently within knowledge as its generative condition of unknowingness The unsayable and the language used to convey it that Derrida finds in literature has clear affinities with the Brahman Atman of Advaita Vedanta Derridean deconstruction contains as a subtext the structure of consciousness that it both veils with the undecidable trappings of the mind and allows to come as an unsayable secret through a play of difference Although Derrida views theater and the text as mutually deconstructing and claims that presence or unity has always already begun to represent itself the six playwrights discussed here show that cultural performance indeed points through its universally ambiguous and symbolic types toward a transverbal transcultural wholeness *Drama's Kaleidoscope: The Mesmerizing Vision of Girish Karnad (Biography & Interpretation of collected plays of Girish Karnad)* Dr Madhuri Madhukar

K. V. Surendran,2002 *The Plays of Mahesh Dattani* Dr. Ekta Sharma,2024-07-20 This book purports to examine in depth and detail the wide spectrum of human relationships depicted by Dattani a theme that has not been examined consistently and comprehensively by the critics so far In order to arrive at a balanced appreciation of his mind and art an analysis of relationships within and outside the family including those between husband and wife between different generations siblings transgendered and the miscellaneous ones have been examined using mainly socio psychological approach Through a series of miscellaneous relationships like those between peers friends boss and subordinates communities and even strangers Dattani enlarges the range of his subject revealing a vast variety of human ties which one forges and lives through in one s life His incisive and extensive treatment of the human relationships shows not only his insightful grasp of changing social realities but also of human nature which deepens and enhances the appeal of his theatre underlining the humanistic values of acceptance of diversity and difference equality and freedom for a happy and meaningful social and individual life **History, Myth & Folktales in the Plays of Girish Karnad** VIVEK VISHNUPANT

JOSHI,2018-04-23 The book attempts to study the plays of Girish Karnad in the contemporary context

"Women-Centered Plays " Dr. Vinaya Kumari,2022-09-21 This book is a polemic work which gives an alternative perspective on the portrayal of women in selected plays of the celebrated playwrights Rabindranath Tagore Girish Karnad and Vijay Tendulkar The author has attempted to intricately analyse the works of the individual playwrights and various characters in their plays The author has personally interviewed the playwrights Girish Karnad and Vijay Tendulkar and has extracted relevant portions of the interviews as an appendix the book The book maybe a useful reference material for scholars researchers and all graduate and under graduate students of English literature *Performance and Performativity in Contemporary Indian Fiction in English* Maria-Sabina Draga Alexandru,2015-02-04 This book starts with a consideration of a 1997 issue of the New Yorker that celebrated fifty years of Indian independence and goes on to explore the development of a pattern of performance and performativity in contemporary Indian fiction in English Salman Rushdie Arundhati Roy and Vikram Chandra Such fiction which constructs identity through performative acts is built around a nomadic understanding of

the self and implies an evolution of narrative language towards performativity whereby the text itself becomes nomadic A comparison with theatrical performance Peter Brook s Mahabharata and Girish Karnad s theatre of roots serves to support the argument that in both theatre and fiction the concepts of performance and performativity transform classical Indian mythic poetics In the mythic symbiosis of performance and storytelling in Indian tradition within a cyclical pattern of estrangement from and return to the motherland and or its traditions myth becomes a liberating space of consciousness where rigid categories and boundaries are transcended **The Horse in Literature and Film** Francisco

LaRubia-Prado,2017-10-05 Horses serve as central characters in great literary works that span ages and cultures But why In The Horse in Literature and Film Uncovering a Transcultural Paradigm Francisco LaRubia Prado Ph D explores the deep symbolic meaning cultural significance and projective power that these magnificent animals carry in literature film and the human psyche Examining iconic texts and films from the Middle Ages to the present and from Western and Eastern cultural traditions this book reveals how horses as timeless symbols of nature bring harmony to unbalanced situations Regardless of how disrupted human lives become whether through the suffering caused by the atrocities of war or the wrestling of individuals and society with issues of authenticity horses offer an antidote firmly rooted in nature The Horse in Literature and Film is a book for our time After an introduction to the field of animal studies it analyzes celebrated works by authors and film directors such as Leo Tolstoy Heinrich von Kleist D H Lawrence Akira Kurosawa John Huston Girish Karnad Michael Morpurgo and Benedikt Erlingsson Exploring issues such as power the boundaries between justice and the law the meaning of love and home the significance of cultural belonging and the consequences of misguided nationalism this book demonstrates the far reaching consequences of human disconnection from nature and the role of the horse in individual and societal healing One Day State Level Seminar on “Current Scenario and Future Perspective of Digital Language and Literature” ,2024-02-15 Chief Editor Dr K RAVI Guest Lecturer PG Department of English Government Arts and Science College Sivakasi Virudhunagar Tamil Nadu India SK RESEARCH GROUP OF COMPANIES The Bedtrick Wendy

Doniger,2022-08-22 Somehow I woke up one day and found myself in bed with a stranger Meant literally or figuratively this statement describes one of the best known plots in world mythology and popular storytelling In a tour that runs from Shakespeare to Hollywood and from Abraham Lincoln to Casanova the erudite and irrepressible Wendy Doniger shows us the variety danger and allure of the bedtrick or what it means to wake up with a stranger The Bedtrick brings together hundreds of stories from all over the world from the earliest recorded Hindu and Hebrew texts to the latest item in the Weekly World News to show the hilariously convoluted sexual scrapes that people manage to get themselves into and out of Here you will find wives who accidentally commit adultery with their own husbands You will read Lincoln s truly terrible poem about a bedtrick You will learn that in Hong Kong the film The Crying Game was retitled Oh No My Girlfriend Has a Penis And that President Clinton was not the first man to be identified by an idiosyncratic organ At the bottom of these wonderful stories

ancient myths and historical anecdotes lie the dynamics of sex and gender power and identity Why can't people tell the difference in the dark Can love always tell the difference between one lover and another And what kind of truth does sex tell Funny sexy and engaging The Bedtrick is a masterful work of energetic storytelling and dazzling scholarship Give it to your spouse and your lover Echoes of Tradition : Exploring Girish Karnad's Theatrical Pilgrimage Gitanjali Thapar, 2024-07-05 The book Echoes of Tradition Exploring Girish Karnad's Theatrical Pilgrimage is an amalgamation of the Indian theatre tradition and the modern sensibility It explores the mythological framework the historic and the folk traditions as used in the works of Girish Karnad Rooted in the rich cultural and theatrical sensibility the book presents the indigenous and the contemporary aesthetics as woven in the plays of Girish Karnad The western dramaturgical structure infused with the modern theatrical tradition along with the use of myths and folklore refers to the complexities of the present age and apprehension about future The book encapsulates Karnad's experiments with the technique and his how his plays forge a bond between the past and the present **The Book Review**, 1999 **Postdramatic Theatre and India** Ashis Sengupta, 2022-01-27 This book revisits Hans Thies Lehmann's theory of the postdramatic and participates in the ongoing debate on the theatre paradigm by placing contemporary Indian performance within it None of the Indian theatre makers under study built their works directly on the Euro American model of postdramatic theatre but many have used its vocabulary and apparatus in innovative transnational ways Their principal aim was to invigorate the language of Indian urban theatre which had turned stale under the stronghold of realism inherited from colonial stage practice or prescriptive under the decolonizing drive of the theatre of roots movement after independence Emerging out of a set of different historical and cultural contexts their productions have eventually expanded and diversified the postdramatic framework by crosspollinating it with regional performance forms Theatre in India today includes devised performance storytelling across forms theatre solos cross media performance theatre installations scenographic theatre theatre as event reality theatre and so on The book balances theory context and praxis developing a new area of scholarship in Indian theatre Interspersed throughout are Indian theatre makers' clarifications of their own practices vis-à-vis those in Europe and the US
