End-Users' Perspectives on Energy Policy and Technology Sung-Yoon Huh, 2021-01-19. This Special Issue (SI) deals with different end users' perspectives on newly developed energy policy and technology. Although the importance of end users' preferences is not totally new to the energy sector, this issue needs to be urgently and consistently addressed if new policies, projects and technologies are to be introduced successfully. The eight papers included in this SI are focused on various issues such as modeling the future energy demand, household energy consumption behavior, public perceptions of new energy technologies and projects, and ICT energy efficiency interrelationship. Some papers also analyze end users' experiences with recently introduced energy technologies. Based on these eight articles with various topics, this SI will provide fruitful insights in assessing and forecasting the evolution of the future energy sector. I hope this SI can contribute to the increase in communication and cooperation among academic researchers as well as practitioners in energy fields.

Pretty Vile Girl Rickie Khosla, 2018-01-10. Everything she touched turned to gold, everything she said turned to scandal, everyone she wanted out of the way died. Beautiful, talented and wildly sexy, Jazmeen is Bollywood's most in-demand starlet and in a relationship with one of the country's most powerful politicians. Even though she's known for her outrageous candour in interviews, no one could guess at the dark secret she's carried for years. And no one will escape her vengeance, not even the prime minister. Following her journey from her loving family to an orphanage run by a sadistic matron, from the fringes of the Mumbai underworld to the casting couches of Bollywood and beyond, Rickie Khosla crafts a racy, pacy and explosive debut about a woman who'll do anything to settle scores and get what she wants.

Yours Sarcastically Sandeep Das, 2016-01-25. My manager to me: Your job is to interview 60 size zero south Bombay women over the next few days. Take them out for dinner if you think they are not opening up adequately during your interviews. Yours Sarcastically is a not-so-diplomatic take on the life of a 20-something person in contemporary India. It is his saucy journey from post-graduate education to his experiences in selling mustard hair oil, his marketing stints and his rich experience during his international management consulting experience along the Indo-Nepal border. Some of his professional experiences include interviewing 60 size zero south Bombay women, negotiating with the right-hand man of an underworld don, managing drunken brand managers at corporate off-sites, the extensive preparation done by sales people for surprise visits by their bosses, and the hiring of cheerleaders by a premier consulting firm to turn around their client's fortunes. In his free time, he likes to write
