Hegemony, 371-362 BC John Buckler, 1980 **The Political Biographies of Cornelius Nepos** S. Rex Stem, 2012-11-19 The Roman writer Cornelius Nepos was a friend of Cicero and Catullus and other first century BCE authors and portions of his encyclopedic work *On Famous Men* are the earliest surviving biographies written in Latin In *The Political Biographies of Cornelius Nepos* Rex Stem presents Nepos as a valuable witness to the late Republican era whose biographies share the exemplary republican political perspective of his contemporaries Cicero and Livy Stem argues that Nepos created the genre of grouped political biographies in order to characterize renowned Mediterranean figures as role models for Roman leaders and he shows how Nepos invested his biographies with moral and political arguments against tyranny This book the first to regard Nepos as a serious thinker in his own right also functions as a general introduction to Nepos placing him in his cultural context Stem examines Nepos' contributions to the growth of biography and he defends Nepos from his critics at the same time that he lays out the political significance and literary innovation of Nepos' writings Accessible to advanced undergraduates this volume is addressed to a general audience of classicists and ancient historians as well as those broadly interested in biography historiography and political thought **A Companion to the Classical Greek World** Konrad H.

Program of the ... Annual Meeting of the American Historical Association American Historical Association. Meeting,1980 **Nothing Less than Victory** John David Lewis,2013-12-26 How aggressive military strategies win wars from ancient times to today The goal of war is to defeat the enemy s will to fight But how this can be accomplished is a thorny issue Nothing Less than Victory provocatively shows that aggressive strategic military offenses can win wars and establish lasting peace while defensive maneuvers have often led to prolonged carnage indecision and stalemate Taking an ambitious and sweeping look at six major wars from antiquity to World War II John David Lewis shows how victorious military commanders have achieved long term peace by identifying the core of the enemy s ideological political and social support for a war fiercely striking at this objective and demanding that the enemy acknowledges its defeat Lewis examines the Greco Persian and Theban wars the Second Punic War Aurelian s wars to reunify Rome the American Civil War and the Second World War He considers successful examples of overwhelming force such as the Greek mutilation of Xerxes army and navy the Theban led invasion of the Spartan homeland and Hannibal s attack against Italy as well as failed tactics of defense including Fabius s policy of delay McClellan s retreat from Richmond and Chamberlain s appeasement of Hitler Lewis shows that a war s endurance rests in each side s reasoning moral purpose and commitment to fight and why an effectively aimed well planned and quickly executed offense can end a conflict and create the conditions needed for long term peace Recognizing the human motivations behind military conflicts Nothing Less than Victory makes a powerful case for offensive actions in pursuit of peace **Boeotia Antiqua** ,1989 Program of the Annual Meeting - American Historical Association American Historical Association,1980 Some programs include also the programs of societies meeting concurrently with the association *A History of Western Society: From antiquity to the enlightenment* John P.
