philosophies and sciences But no one is born with the belief that these things are wrong 4 The root of our discontent is our innate ignorance and the desire for things to be other than they are We believe that if we could change our circumstances we would be happy But the situation in which we find ourselves is only the secondary cause of our suffering     **The Tibetan Yogas of Dream and Sleep** Tenzin Wangyal Rinpoche,2022-08-30 Deepen your awareness through the practice of Tibetan dream and sleep yoga If we cannot carry our practice into sleep if we lose ourselves every night what chance do we have to be aware when death comes Look to your experience in dreams to know how you will fare in death Look to your experience of sleep to discover whether or not you are truly awake Tenzin Wangyal Rinpoche We spend a third of our life sleeping and it is common in many spiritual traditions throughout the world for the world of dream and sleep to be utilized on the path to awakening Dream yoga in the Tibetan traditions of dream practice has been the primary support for the realization of many yogis and great Tibetan masters Now updated and presented with fresh insight born from years of teaching this practice to Westerners Tenzin Wangyal clearly presents a powerful method for liberation With clearly illustrated Tibetan syllables and the places they are to be visualized this practical guide will be of use to both new and adept practitioners     *The Tibetan Yogas of Dream and Sleep* Tenzin Wangyal Rinpoche,2022     **Dream Yoga** Andrew Holecek,2016-07-01 Lucid dreaming becoming fully conscious in the dream state has attracted legions of those seeking to explore their vast inner worlds Yet our states of sleep offer much more than entertainment Combining modern lucid dreaming principles with the time tested insights of Tibetan dream yoga makes this astonishing yet elusive experience both easier to access and profoundly life changing With Dream Yoga Andrew Holecek presents a practical guide for meditators lucid dreamers ready to go deeper and complete beginners Topics include meditations and techniques for dream induction and lucidity enhancing dream recall dream interpretation working with nightmares and more     **Awakening the Sacred Body** Tenzin Wangyal Rinpoche,2018-02-01 The power of the breath has been recognized for millennia as an integral part of health and well being In Awakening the Sacred Body teacher Tenzin Wangyal Rinpoche makes accessible the ancient art of Tibetan breath and movement practices In clear easy to understand language he outlines the theory and processes of two powerful meditations the Nine Breathings of Purification and the Tsa Lung movements that can help you change your relationship to yourself to others and to the world The simple methods presented in Awakening the Sacred Body and in the accompanying online video focus on clearing and opening your energetic centers to allow the natural human qualities of love compassion joy and equanimity to arise When sadness releases joy is able to arise When anger releases love becomes available When prejudice releases equanimity prevails And when lack of kindness ceases compassion is present These practices which focus the mind and breath together while performing specific body movements will help you discover your inner wisdom and express your greatest potential     **The Healing Wisdom of Dreams** Kathleen Webster O'Malley,2022-10-18 A guide to trusting in the wisdom of our nightly visions and describing how engaging with our dream world can give us a sense of direction help us to
