*The Twelve Dancing Princesses: A Magic Beans Story* Anne Fine, 2011-12-22 The King is at his wit's end twelve daughters and every morning their shoes are torn to ribbons Nobody can tell him why so he promises that whoever uncovers their secret will inherit his kingdom The reward is huge but the price of failure is their head Who will risk it all for a dance with the princesses This story is a magic bean It may not look much like a bean but I can promise you that it is For if you plant it in a young mind it will grow into a love of story and reading These beans are favourite fairytales and legends that will delight thrill and thoroughly entertain Each story has been brilliantly crafted by one of the best loved writers for children This story was published by David Fickling Books as part of the Magic Beans anthology The complete anthology is available in hardback and in ebook format

The Happy Ending Mandy Zundel, 2023-12-26 Four fairy tales One broken spell And a secret that threatens everyone After his farm fails and his cow goes dry Jack is certain the Happy Ending will intervene He isn't prepared for how lost he feels when it doesn't Heartbroken he determines to save his family himself Hepsibah resents being cast by the Happy Ending as the villain in the cursed princess story Ignoring tradition the aged fairy tries to give a true gift to the babe rather than a curse She doesn't know that nothing she does will turn out as expected Ella dreams of one night of happiness away from the harsh reality of her life She's crushed when the evening doesn't go as planned After the ball ends Ella's dreary existence becomes even more difficult for her to bear Adalia can't decide what she wants lately She worries about her family and the threat to her kingdom She hates not knowing whether the midnight dances are the answer to her problem or the cause of it Hepsibah is terrified her magic is out of control Jack races to warn about a secret that has been hidden for millennia Ella flees hoping it's not too late to escape And Adalia fights against the spell that holds her hostage All of them are about to discover just how dangerous their world can be

Chesterton and Tolkien as Theologians Alison Milbank, 2009-01-01 This book takes Chesterton's natural theology through fairytales seriously as a theological project appropriate to an intellectual attempt to return to faith in a secular age It argues that Tolkien's fiction makes sense also as the work of a Catholic writer steeped in Chestertonian ideas and sharing his literary theological poetics While much writing on religious fantasy moves quickly to talk about wonder Milbank shows that this has to be hard won and that Chesterton is more akin to the modernist writers of the early twentieth century who felt quite dislocated from the past His favoured tropes of paradox defamiliarization and the grotesque have much in common with writers like T S Eliot Ezra Pound and James Joyce and their use of the demotic as well as the mythic method Using Chesterton's literary rhetoric as a frame the book sets out to chart a redemptive poetics that first decentres the reader from his habitual perception of the world then dramatizes his self alienation through the grotesque before finding in that very alienation a sort of pharmakon through paradox and an embrace of difference The next step is to change one's vision of the world beyond the self through magic which paradoxically is the means by which one can reconnect with the physical world and remove the fetishism and commodification of the object

Chesterton's theology of gift is the means in which this magic becomes real and people and things enter into reciprocal relations that reconnect them with the divine
