The Typography Coloring Book Gillian Johnson, 2015-10-02 **The Typography Colouring Book** Various Authors, 2015-05-28 Many people argue that well crafted lettering can be as beautiful as a painted picture or sculpture and they're right. There is so much more to typography than the font you select for your email. Type is art; it is the creative expression of your inner voice and when combined with colour it can create works with infinite potential to inspire and invigorate. With this unique colouring book you can relax your mind and unwind while revelling in the extraordinary diversity that typographic art has to offer. It's time to take up your pens, pencils, paints and crayons and start creating. *Typography Coloring Book for Grown-Ups* Adult Colorists, 2016-04-05 Typography is beautiful lettering in a variety of text styles. With a combination of top notch graphics and meaningful text, the *Typography Coloring Book For Grown Ups* is great for any fan of coffee shop typography. Grab your favorite set of coloring utensils and bring these great designs to life. *Crossover Picturebooks* Sandra L. Beckett, 2013-06-17 This book situates the picturebook genre within the widespread international phenomenon of crossover literature, examining an international corpus of picturebooks including artists' books, wordless picturebooks and celebrity picturebooks that appeal to readers of all ages. Focusing on contemporary picturebooks, Sandra Beckett shows that the picturebook has traditionally been seen as a children's genre, but in the eyes of many authors, illustrators and publishers it is a narrative form that can address any and all age groups. Innovative graphics and formats, as well as the creative, often complex dialogue between text and image, provide multiple levels of meaning and invite readers of all ages to consider texts that are primarily marketed as children's books. The interplay of text and image that distinguishes the picturebook from other forms of fiction and makes it a unique art form also makes it the ultimate crossover genre. Crossover picturebooks are often very complex texts that are challenging for adults as well as children. Many are characterized by difficult adult themes, genre blending, metafictional discourse, intertextuality, sophisticated graphics and complex text-image interplay. Exciting experiments with new formats and techniques, as well as novel interactions with new media and technologies, have made the picturebook one of the most vibrant and innovative contemporary literary genres, one that seems to know no boundaries. *Crossover Picturebooks* is a valuable addition to the study of a genre that is gaining increasing recognition and appreciation and contributes significantly to the field of children's literature as a whole.
