The Unbearable Bassington was the first novel written by Saki H H Munro It also contains much of the elegant wit found in his short stories Comus The Unbearable Bassington is a charming young man about town His perversity however thwarts all his mother s efforts to advance his prospects and lands him in hot water Like many a black sheep he ends up being sent off to one of the colonies to fend for himself This book showcases Saki s wonderful writing and that ability to be so very funny and terribly sad at the same time **The unbearable Bassington** Hector Hugh Munro, 1926 *The Unbearable Bassington* H. Munro, 2016-03-18 The Unbearable Bassington by Edwardian satirist Hector Hugh Munro who produced a prodigious body of fiction plays and other writing under the pen name Saki This is a classic tale that has been loved by many for generations a great addition to the collection Any profits generated from the sale of this book will go towards the Freeriver Community project a project designed to promote harmonious community living and well being in the world To learn more about the Freeriver project please visit the website www.freerivercommunity.com **The Unbearable Bassington** Saki, 2007-01-01

Francesca Bassington mother of The Unbearable Bassington was one of those women towards whom Fate appears to have the best intentions and never to carry them into practice Fate had done her good service in providing her with Henry for a brother but Francesca could well set the plaguy malice of the destiny that had given her Comus for a son The boy was one of those untamable young lords of misrule he was irresponsible and ungrateful the focus of his corner of British society And what could be done with him Send him off to the colonies was what **The Unbearable Bassington** Saki, 2016-06-21

of overindulgence and the emptiness of a life lived without purpose or real effort **The Unbearable Bassington**

frequently cruel and chilling Saki's stories imaginatively portray encounters between the wild and the domestic This selection of Saki's fiction combines a careful choice of his best short stories and his tragicomic novella *The Unbearable Bassington* Offering an introduction and full notes this is the only critical edition of Saki's work available **The Unbearable Bassington** Saki (pseud. van H. H. Munro.), 1929 *The Unbearable Bassington* C. C. Bergius, 1947 *The Unbearable Bassington (Masterpiece Collection)* "Saki" H. H. Munro, 2013-10-03 Francesca Bassington sat in the drawing room of her house in Blue Street W regaling herself and her estimable brother Henry with China tea and small cress sandwiches The meal was of that elegant proportion which while ministering sympathetically to the desires of the moment is happily reminiscent of a satisfactory luncheon and blessedly expectant of an elaborate dinner to come In her younger days Francesca had been known as the beautiful Miss Greech at forty although much of the original beauty remained she was just dear Francesca Bassington No one would have dreamed of calling her sweet but a good many people who scarcely knew her were punctilious about putting in the dear Her enemies in their honest moments would have admitted that she was svelte and knew how to dress but they would have agreed with her friends in asserting that she had no soul When one's friends and enemies agree on any particular point they are usually wrong Francesca herself if pressed in an unguarded moment to describe her soul would probably have described her drawing room Not that she would have considered that the one had stamped the impress of its character on the other so that close scrutiny might reveal its outstanding features and even suggest its hidden places but because she might have dimly recognised that her drawing room was her soul Francesca was one of those women towards whom Fate appears to have the best intentions and never to carry them into practice With the advantages put at her disposal she might have been expected to command a more than average share of feminine happiness So many of the things that make for fretfulness disappointment and discouragement in a woman's life were removed from her path that she might well have been considered the fortunate Miss Greech or later lucky Francesca Bassington And she was not of the perverse band of those who make a rock garden of their souls by dragging into them all the stoney griefs and unclaimed troubles they can find lying around them Francesca loved the smooth ways and pleasant places of life she liked not merely to look on the bright side of things but to live there and stay there And the fact that things had at one time and another gone badly with her and cheated her of some of her early illusions made her cling the closer to such good fortune as remained to her now that she seemed to have reached a calmer period of her life To indiscriminating friends she appeared in the guise of a rather selfish woman but it was merely the selfishness of one who had seen the happy and unhappy sides of life and wished to enjoy to the utmost what was left to her of the former The vicissitudes of fortune had not soured her but they had perhaps narrowed her in the sense of making her concentrate much of her sympathies on things that immediately pleased and amused her or that recalled and perpetuated the pleasing and successful incidents of other days And it was her drawing room in particular that enshrined the memorials or tokens of past and present happiness *The Unbearable*
