The United States 15th Infantry Regiment In China 1912 1938:

The United States 15th Infantry Regiment in China, 1912-1938 Alfred Emile Cornebise, 2003-12-31 Taking up its position astride the Peking Mukden Beijing Shenyang railway beginning in January 1912 the United States Fifteenth Infantry Regiment was engaged in protecting American interests in China The 1000 man force was especially challenged during the 1920s those tumultuous years when warlords struggled to gain ascendancy in the Chinese Republic Although Chiang Kai shek established a measure of control in China by 1928 the regiment remained in China partially to counter Japan s increasingly aggressive actions despite considerable misgivings within and outside of the United States Army as to the feasibility desirability and ethical appropriateness of the policy retaining it there The success of the Japanese in conquering much of eastern China finally compelled Washington to withdraw the regiment on March 2 1938 This work recounts and assesses some aspects of the involvement and service of the Fifteenth Infantry Regiment during its fateful quarter of a century in the Orient between the World Wars Also detailed is the Army s service in those years in general Many insights are provided regarding the self perceptions of a key generation of U S military personnel deployed there

The War of 1898, and U.S. Interventions, 1898-1934 Benjamin R. Beede, 1994 A fascinating encyclopedic survey of the Spanish Cuban American War the Philippine War and the small wars between 1899 and the end of the occupation of Haiti in 1934 The name changes themselves are instructive The usage of Spanish American War ignores the fact that the war in Cuba had been largely won by the Cuban revolutionaries before US intervention hence the new title Spanish Cuban American War The use of Philippine Insurrection is replaced by Philippine War since the Philippine forces had taken much of the islands from Spain before US ground forces arrived And guerillas or revolutionaries have replaced bandits the term used by the US to discredit oppositional forces Annotation copyright by Book News Inc Portland OR

Fred Barton and the Warlords' Horses of China Larry Weirather, 2015-11-25 In the years before World War I Montana cowboy Fred Barton was employed by Czar Nicholas II to help establish a horse ranch the largest in the world in Siberia to supply the Russian military Barton later assembled a group of American rodeo stars and drove horses across Mongolia for the war lords of northern China creating a 250 000 acre ranch in Shanxi Province Along the way Barton became part of an unofficial U S intelligence network in the Far East bred a new type of horse from Russian Mongolian and American stock and promoted the lifestyle of the open range cowboy Returning to America he married one of the wealthiest widows in the Southwest and hobnobbed with Western film stars at a time when Hollywood was constructing the modern myth of the Old West just as open range cowboy life was disappearing
