Updating the Literary West, 1997 Western writers says Thomas J Lyon in his epilogue to Updating the Literary West have grown up with the frontier myth but now find themselves in the early stages of creating a new western myth The editors of the Literary History of the American West TCU Press 1987 hoped that the first volume would begin not conclude their exploration of the West's literary heritage Out of this hope comes Updating the Literary West a comprehensive reference anthology including essays by over one hundred scholars A selected bibliography is included with each piece In the ten years since publication of LHAW western writing has developed a significantly larger presence in the national literary stream A variety of cultural viewpoints have developed along with new tactics for literary study New authors have risen to prominence and the range of subjects has changed and widened Updating the Literary West looks at topics ranging from western classics to cowboys and Cadillacs and considers children's literature ethnicity environmental writing gender issues and other topics in which change has been rapid since publication of LHAW This volume again affirms the West's literary legitimacy status hard earned by the Western Literary Association and the lasting place of popular western writing as part of the growing and changing literary and American experience An excellent reference for a wide range of readers and an invaluable resource for scholars and libraries Selected list of contributors James Maguire Fred Erisman Susan J Rosowski Gerald Haslam Tom Pilkington A Carl Bredahl Richard Slotkin John G Cawelti Robert F Gish Ann Ronald Mick McAllister

Pickers and Poets Craig E. Clifford, Craig Hillis, 2016-12-24 Many books and essays have addressed the broad sweep of Texas music its multicultural aspects its wide array and blending of musical genres its historical transformations and its love hate relationship with Nashville and other established music business centers This book however focuses on an essential thread in this tapestry the Texas singer songwriters to whom the contributors refer as ruthlessly poetic All songs require good lyrics but for these songwriters the poetic quality and substance of the lyrics are front and center Obvious candidates for this category would include Townes Van Zandt Michael Martin Murphey Guy Clark Steve Fromholz Terry Allen Kris Kristofferson Vince Bell and David Rodriguez In a sense what these songwriters were doing in small intimate live music

venues like the Jester Lounge in Houston the Chequered Flag in Austin and the Rubaiyat in Dallas was similar to what Bob Dylan was doing in Greenwich Village In the language of the times these were folksingers Unlike Dylan however these were folksingers writing songs about their own people and their own origins and singing in their own vernacular This music like most great poetry is profoundly rooted That rootedness in fact is reflected in the book s emphasis on place and the powerful ways it shaped and continues to shape the poetry and music of Texas singer songwriters From the coffeehouses and folk clubs where many of the founders got their start to the Texas flavored festivals and concerts that nurtured both their fame and the rise of a new generation the indelible stamp of origins is inseparable from the work of these troubadour poets

Learned Ignorance in the Medicine Bow Mountains Craig Clifford, 2008-01-01 This book is an apologia for the rooted intellectual against the disdainful condescension of the

cosmopolitan intellectual an apology in the Socratic sense of the word It reflects the author's Texas rootedness unapologetically and offers a polemical but thoughtful indictment of the intellectual prejudice against rootedness but it is ultimately about the universal human struggle with origins
