The Torturer In The Mirror:

The Torturer in the Mirror Ramsey Clark, Thomas Ehrlich Reifer, Haifa Zangana, 2011-01-04 Before the US invasion of Iraq before the American public saw the infamous photos from Abu Ghraib the CIA went to the White House with a question What according to the Constitution was the line separating interrogation from torture and could that line be moved The White House lawyers answer in the form of legal documents later known as the Torture Memos became the US s justification for engaging in torture The Torturer in the Mirror shows us how when one of us tortures we are all implicated in the crime In three uncompromising essays Iraqi dissident Haifa Zangana former US Attorney General Ramsey Clark and professor of sociology Thomas Ehrlich Reifer teach us how physically and psychologically insidious torture is how deep a mark it leaves on both its victims and its practitioners and how necessary it is for us as a society to hold torturers accountable The Torturer's Apprentice John Biguenet, 2002-02-19 This brilliant debut collection of stories by O Henry Award winner John Biguenet is as notable for the rigor of its intellect as for the sweep of its imagination Whether recounting the predicament of an atheistic stigmatic in The Vulgar Soul or a medieval torturer who must employ his terrible skills upon his own apprentice in the title tale these stories decline to settle for ready sentiments or easy assurances Rather than add to the massive canon of the victimized for example My Slave takes the perspective of the victimizer In The Open Curtain a man achieves intimacy with his family only when he recognizes watching them dine as he sits in his car at the curb that he lives in a household of strangers Menaced by a gang of skinheads in a Jewish cemetery an American tourist in Germany placates the Neo Nazis with a formula he continues to repeat even after he is safely back home in I Am Not a Jew And as for love it makes demands in such stories as Do Me that shake our very notions of what it means to love If these stories engage the world in sometimes shocking ways they are virtuoso engagements eloquent in their prose surprising in their plotting sly in their humor Biguenet shifts among voices and narrative strategies and imposes neither a single style nor a repeated structure as he depicts the ecological catastrophe of A Plague of Toads the problem posed by a ghost in the nursery in Fatherhood and the ghastly discovery a grieving widower defends as another kind of memory in Rose Such mastery of craft may come as a surprise in a first time author but even more impressive is the object of his art For whether it seeks to prick or to tickle each story in The Torturer s Apprentice addresses its subject with an authority unusual in contemporary literature as it entices the reader beyond the boundaries of the expected and the accepted *Luther as a Spiritual Adviser* Dennis Ngien, 2007-06-01 Most Luther scholars have focused largely on the polemical side of the Reformer with occasional allusion to his Devotional Writings in volumes 42 and 43 of the American editions The aim of this book is to unfold the pastoral not the polemical side of the reformer drawing on the spiritual insights he offers to people of high and low estate These writings are devotional and catechetical in shape and intent yet not devoid of rich theological substance the fruit of his rigorous reflections They are the exercises of Luther s basic calling as a theologian pastor and are the concrete illustrations of the interface of theology and

piety the former being the abiding presupposition and logical cause of the latter Through them readers are informed not only of the Reformation theology of justification but also introduced to a distinct expression of the Christian faith in which Christ and his cross occupy the centre stage What is noticeable is the one single overarching theme God's ways with people that the Reformer as a spiritual adviser sought to relate to the events of his days such as evils severe afflictions the prevalent lay abuse of the Eucharist He counseled how to meditate aright on Christ's passion prepare to face the terror of death advise the sick rightly approach the sacrament of the altar why and how to pray aright what benefits could be gained from the Lord's Prayer and how to live out a life of discipleship under the cross Ngien's work reveals Luther as a true theologian i e theologian of the cross at work in the pastoral context **Time** Briton Hadden, Henry Robinson Luce, 1925 Reels for 1973 include Time index 1973

Colonialism and the Modernist Moment in the Early Novels of Jean Rhys Carol Dell'Amico, 2013-10-31 Colonialism and the Modernist Moment in the Early Novels of Jean Rhys explores the postcolonial significance of Rhys's modernist period work which depicts an urban scene more varied than that found in other canonical representations of the period Arguing against the view that Rhys comes into her own as a colonial thinker only in the post WWII period of her career this study examines the austere insights gained by Rhys's active cultivation of her fringe status vis vis British social life and artistic circles where her sharp study of the aporias of marginal lives and the violence of imperial ideology is distilled into an artistic statement positing the outcome of the imperial venture as a state of homelessness across the board for colonized and metropolitans alike Bringing to view heretofore overlooked migr populations or their children alongside locals Rhys's urbanites struggle to construct secure lives not simply as a consequence of commodification alienation or voluntary expatriation but also as a consequence of marginalization and migration This view of Rhys's early work asserts its vital importance to postcolonial studies an importance that has been overlooked owing to an over hasty critical consensus that only one of her early novels contains significant colonial content Yet as this study demonstrates proper consideration of colonial elements long considered only incidental illuminates a colonial continuum in Rhys's work from her earliest publications New Perspectives on the European Bildungsroman Giovanna Summerfield, Lisa

Downward, 2010-10-18 New Perspectives on the European Bildungsroman reflects the change in direction of research on the Bildungsroman focusing on more psychological authorial and feminist contents Departing from the father of the prototype of the genre Goethe the authors trace imperative pathways to its French British and Italian counterparts examining spiritual and female Bildungsromane A wide ranging analysis provides fresh insights into the genre through comparative analyses of Bildungsromane both diatopically and diachronically while critical analysis of novels such as Voltaire's Candide Charlotte Brontë's Jane Eyre Charles Dickens's David Copperfield Collodi's Pinocchio Aleramo's Una donna present new readings of the characters plots and purposes of the most famous European novels **Western Book of the Dead** Alfred
