The Trouble With Emily Dickinson:

The Trouble with Emily Dickinson Lyndsey D'Arcangelo, 2009-10-08 Josephine Jenkins better known as JJ is in her senior year at Sampson Academy She s a closet poet a talented writer suffering from stage fright and she s committed the ultimate lesbian faux pas she s fallen in love with a straight girl Kendal McCarthy is uber popular She s the campus beauty and a cheerleader Though she may seem to have her life figured out she s still searching for that elusive high school experience that will help her make sense of herself before she leaves for college When she and JJ inadvertently cross paths their lives suddenly become a bit more interesting in ways that neither of them ever imagined Filled with unique and witty banter courtesy of Queenie McBride JJ s over privileged confidant this tale of innocent love exposes the reality of what can happen when two polar opposites collide in the most unexpected way through the poetry of Emily Dickinson [Bloom's How to Write about Emily Dickinson](#) Anna Priddy, 2009 Offers advice on writing essays about the works of Emily Dickinson and lists sample topics for twenty of her poems **Dickinson and the Boundaries of Feminist Theory** Mary Loeffelholz, 1991 Poetry written by the gifted recluse Emily Dickinson has remained fresh and enigmatic for longer than works by her male Transcendentalist counterparts Here Mary Loeffelholz reads Dickinson s poetry and career in the double context of nineteenth century literary tradition and twentieth century feminist literary theory Mary Loeffelholz has written a book that actually performs what it promises It illuminates our understanding of Emily Dickinson with readings both elegant and useful and as importantly suggests modified direction for feminist psychoanalytic theory Diana Hume George author of Oedipus Anne The Poetry of Anne Sexton **Dickinson's Misery** Virginia Jackson, 2024-11-01 How do we know that Emily Dickinson wrote poems How do we recognize a poem when we see one In Dickinson s Misery Virginia Jackson poses fundamental questions about reading habits we have come to take for granted Because Dickinson s writing remained largely unpublished when she died in 1886 decisions about what it was that Dickinson wrote have been left to the editors publishers and critics who have brought Dickinson s work into public view The familiar letters notes on advertising fliers verses on split open envelopes and collections of verses on personal stationery tied together with string have become the Dickinson poems celebrated since her death as exemplary lyrics Jackson makes the larger argument that the century and a half spanning the circulation of Dickinson s work tells the story of a shift in the publication consumption and interpretation of lyric poetry This shift took the form of what this book calls the lyricization of poetry a set of print and pedagogical practices that collapsed the variety of poetic genres into lyric as a synonym for poetry Featuring many new illustrations from Dickinson s manuscripts this book makes a major contribution to the study of Dickinson and of nineteenth century American poetry It maps out the future for new work in historical poetics and lyric theory **The Vassar Review** , 1927 **In Plain Sight** Alexandra Socarides, 2020-02-06 In Plain Sight explores how the poetry of nineteenth century American women that was once so visible within American culture could have with the exception of that by Emily Dickinson so thoroughly disappeared from literary

history By investigating erasure not merely as something that was done to these women but as the result of the conventions that once made the circulation of their poetry possible in the first place this volume offers the first book length analysis of the conventions of nineteenth century American women s poetry While each of the chapters focuses on a specific convention taken together they tell the complicated story of nineteenth century American women s poetry tracing the spaces within literary culture where it lived and thrived the spaces from which it was always in the process of vanishing By reclaiming these conventions as a constitutive part of nineteenth century American women s poetry this book asks readers to take seriously the work these women produced and the role their work might play in remapping American literary history

Dickinson Scholarship Karen Dandurand,2017-10-23 This bibliography first published in 1988 is intended to make more readily accessible the wealth of Dickinson criticism and scholarship that appeared from 1969 through 1985 During the 17 years that are covered in this bibliography nearly 800 books articles and dissertations have appeared The present work is intended to aid both students and scholars in finding the materials they need in their study of and research on Emily Dickinson s poetry and her life

PROCEEDINGS OF THE THIRD INTERNATIONAL CONFERENCE ON GLOBALIZATION: CHALLENGES FOR TRANSLATORS AND INTERPRETERS Zhiqing Zhang,Youbin Zhao,Xinjie Wang,2020-05-26 With the implementation of the Belt and Road Initiative and the development of Guangdong Hong Kong Macau Greater Bay Area the demand for translators and interpreters continues to grow in China The breakthrough in artificial intelligence which has contributed to an enormous improvement in the quality of machine translation means challenges and opportunities for translators and interpreters as well as studies of translation and interpreting Studies of translation and interpreting have been further expanded and diversified in the era of globalized communications The interrelation between translation and globalization is essential reading for not only scholars and educators but also anyone with an interest in translation and interpreting studies or a concern for the future of our world s languages and cultures By focusing on the connection between the two various researches have been conducted in all forms of communication between languages including translation interpreting cross cultural communication language teaching and the various specializations involved in such activities This has resulted in The Third International Conference on Globalization Challenges for Translators and Interpreters co organized by the School of Translation Studies Jinan University on its Zhuhai campus and South China Business College Guangdong University of Foreign Studies November 16 17 2019 The response to the conference was once more overwhelming which was partly attributed to the previous two conferences held successfully under the same title Apart from five keynote speakers over one hundred and fifty participants came from universities institutions or organizations from mainland China Spain New Zealand as well as Hong Kong and Macao to attend the event contributing over 130 papers in total Among the keynote speakers are internationally renowned scholars in translation studies such as Dr Roberto Valde n professor of English Linguistics at the University of Oviedo Spain and the Chief Editor of

Perspective Studies in Translatology Dr Sun Yifeng chair professor of Translation Studies and head of the English Department at the University of Macau Dr Tan Zaixi distinguished professor of Shenzhen University and Chair Professor of Beijing Foreign Studies University and Professor Emeritus of Hong Kong Baptist University After careful evaluation and compilation 90 papers have been selected for this conference proceedings which was summarized into the following four topics Translation and Interpreting Theory and Practice Translation and Cross cultural Studies Evaluation of Translation and Interpretation and Studies on the Teaching of Translation By no means is it difficult to find some interesting and thought provoking papers under each topic For example concerning Translation and Interpreting Theory and Practice To Translate or not to Translate That is the Question On Metaphor Translation in Chinese Political works by Dong Yu explains that in judging whether or not a Chinese metaphor can be translated into English an indispensable step is to decide whether or not the two cultural connotations can be connected But this can easily be influenced by subjective factors Yu has suggested some ways in which subjective factors could be controlled to some extent so that the translator could be more confident in his or her decision He has also suggested three steps The first step is to assume that the cultural connotation of the Chinese metaphor can be connected with that of its English version For example the metaphor in could be translated as rain or shine The second step is to find out whether or not this translated version is acceptable both linguistically and culturally in English The third step is to consider the systematicity of the metaphor in regard with the context in both the source and target texts This involves a process of recontextualization When it comes to Translation and Cross cultural Studies On Translation of the English Guide interpreter from the Perspective of Intercultural Communication by Fengxia Liua and Xiaoning Bi points out that inbound tourism serves as a window through which foreign tourists get to know China so the interaction between the guide interpreters and foreign tourists are the typical activity of cultural communication Foreign language speaking guides are usually regarded as people to people ambassadors or cultural ambassadors who have played an essential role in the international tourist industry Therefore they argue that it is extremely important for tourist guides to cultivate their cross cultural communication awareness enhance their overall communicative competence observe and distinguish east and west differences with multi dimensional perspective transcend cultural barriers and learn to use translation skills Studies on the Teaching of Translation is another interesting topic that has attracted enormous attention such as Business Translation Teaching from the Perspective of Metaphors by Dandan Li which explores application of conceptual metaphor theory in the translation process of business lexicons business discourse and business English culture so as to provide a new perspective in business English pedagogy Another study entitled Cognitive Studies in Translation by Xin Huang analyzes the cognitive studies of translation interpreting processes over the past three decades with focus on the issues examined the findings reached as well as the recent development She explains that cognitive studies of translation process examine the translation competence on line translation behaviors such as how the eye gazes and how the words are typed and the brain activities

when doing translation Special interests are paid to the working memory problem solving the executive function and some linguistic relative factors such as text difficulty Over the past thirty years the interest in the field has been gaining considerable momentum and increasing issues have been involved Finally she concludes that with the advancement of technologies and interdisciplinary approaches the black box the previously unforeseeable cognitive activities of how human process translation can be unfolded Considering the importance of integrating theory with practice the proceedings are therefore compiled in such a way as to be balanced and inclusive in the hope of summarizing current accomplishments as well as providing certain insights for teaching and further research in the field of translation and interpretation studies

Uncertain Chances Maurice S. Lee, 2013-06-06 Maurice Lee's study illustrates how writers such as Poe Melville Douglass Thoreau Dickinson and others participated in a broad intellectual and cultural shift in which Americans increasingly learned to live with the threatening and wonderful possibilities of chance "An Insect View of Its Plain" Rosemary Scanlon McTier, 2013-01-30 During the nineteenth century insects became a very fashionable subject of study and the writing of the day reflected this popularity However despite an increased contemporary interest in ecocriticism and cultural entomology scholars have largely ignored the presence of insects in nineteenth century literature This volume addresses that critical gap by exploring the cultural and literary position of insects in the work of Henry David Thoreau Emily Dickinson and John Muir It examines the beliefs these authors share about the nature of our connection to insects and what insects have to teach about creation and our place in it An important contribution to both ecocriticism and literary entomology this work contributes much to the understanding of Thoreau Dickinson and Muir as nature writers natural scientists entomologists and botanists and their intimate and highly spiritual relationships with nature *Literary Research and the American Realism and Naturalism Period* Linda L. Stein, Peter J. Lehu, 2009 *Literary Research and the American Realism and Naturalism Period* Strategies and Sources will help those interested in researching this era Authors Linda L Stein and Peter J Lehu emphasize research methodology and outline the best practices for the research process paying attention to the unique challenges inherent in conducting studies of national literature **Fiction** Catharine Abell, 2020-06-10 By taking a distinctively institutional approach Catharine Abell provides a unified solution to a wide range of philosophical problems raised by fiction In particular she draws attention to the epistemology of fiction which has not yet attracted the philosophical scrutiny it warrants There has been considerable discussion of what determines the contents of works of fiction yet few attempts have been made to explain how audiences identify their contents or to identify the norms governing the correct understanding and interpretation of them This book answers both metaphysical and epistemological questions concerning fiction in a way that clarifies the relation between them What distinguishes works of fiction from works of non fiction What is the nature of fictive utterances How do audiences identify the contents of authors fictive utterances How does understanding a work of fiction differ from interpreting it This book develops the first single theory to provide answers to these questions and many more

BOOK JACKET Skepticism and Impersonality in Modern Poetry V. Joshua Adams, 2025-06-12 Modern literature is often described in terms of its impersonality What is the significance of this fact In *Skepticism and Impersonality V* Joshua Adams follows the history of impersonality in modern poetry from Mallarm and Eliot through to the present engaging with work by major poets and critics but also contemporary philosophers Rather than seeing impersonality exclusively as a literary historical phenomenon Adams argues that we should understand it as an attempt to address skeptical problems arising from the limitations of first person experience Defending impersonality as a response to skeptical problems including doubts about the publicity of our experiences our knowledge of other minds the capacity of our language to describe the world the relationship between mind and body and the fictionality and continuity of our sense of self Adams analyzes what he calls experiments in impersonality as means of working through skeptical doubt The writers discussed transform this doubt into art whilst also ironizing it as corrosive and self defeating Ultimately this leads Adams to reinterpret literary impersonality as a therapeutic philosophical project *Skepticism and Impersonality* promises a new theoretical justification for our practical interest in literary texts to renovate our conception of how those texts might do philosophical work and to expand our sense of what a philosophical poem can be

Wordsworth's Unremembered Pleasure Alexander Freer, 2020-10-29 Wordsworth has traditionally been understood as the poet of memory This book argues that unremembered pleasure an idea Wordsworth formulates in Tintern Abbey but is often

overlooked by modern readers is central to understanding his writing Wordsworth's poems discover and articulate a broad range of previously unfelt unnoticed and unconscious satisfactions As well as providing new interpretations of major and under studied writing by Wordsworth this volume challenges a long tradition of psychoanalytic reading of romanticism which uses trauma to explain the limits of literary memory The book contests key psychoanalytic concepts in literary criticism including repression sublimation mourning and pleasure It asks what it would mean for us to be surprised by joy

Dickinson Unbound Alexandra Socarides, 2014-07-01 In Dickinson Unbound Alexandra Socarides takes readers on a journey through the actual steps and stages of Emily Dickinson's creative process In chapters that deftly balance attention to manuscripts readings of poems and a consideration of literary and material culture Socarides takes up each of the five major stages of Dickinson's writing career copying poems onto folded sheets of stationery inserting and embedding poems into correspondence sewing sheets together to make fascicles scattering loose sheets and copying lines on often torn and discarded pieces of household paper In so doing Socarides reveals a Dickinsonian poetics starkly different from those regularly narrated by literary history Here Dickinson is transformed from an elusive poetic genius whose poems we have interpreted in a vacuum into an author who employed surprising and at times surprisingly conventional methods to wholly new effect Dickinson Unbound gives us a Dickinson at once more accessible and more complex than previously imagined As the first authoritative study of Dickinson's material and compositional methods this book not only transforms our ways of reading Dickinson but advocates for a critical methodology that insists on the study of manuscripts composition and material culture for poetry of the nineteenth century and thereafter
