The Trouser People Burma In The Shadows Of The Empire:

The Trouser People Andrew Marshall, 2002 Sir George Scott was an unsung Victorian adventurer who hacked bullied and charmed his way through uncharted jungle to help establish British colonial rule in Burma Born in Scotland in 1851 Scott was a die hard imperialist with a fondness for gargantuan pith helmets and a bluntness of expression that bordered on the Pythonesque Stepped on something soft and wobbly he records in his bush diary one dark night Struck a match found it was a dead Chinaman

Myanmar's Fragmented Democracy: Transition Or Illusion? Felix Thiam Kim Tan, 2022-07-14 The recent military coup in Myanmar perpetrated by the Tatmadaw has set the country back to the days of political uncertainty and military authoritarianism This book examines how far the country has come since its nascent attempt at democratic reforms and democratisation in 2010 Each chapter considers some of the more prominent issues that have plagued Myanmar since political reforms started First there have been debates about the extent to which democratic reforms have been achieved since the Constitution was formalised in 2008 Second what has been the significance of the three elections in 2010 2015 and 2020 Third how has the National League for Democracy transformed in the past decade How far has the Union Solidarity and Development Party changed the political landscape What roles did the Tatmadaw play in the last decade Fourth questions surrounding how the ethnic crisis not least the Rohingya issue have continued to dominate the country's political landscape in the last decade thereby overshadowing its democratisation process Finally how far have these efforts at democracy demonstrated Myanmar's futile attempts at appeasing the domestic and international audience Myanmar's relations with the global and regional community vis vis the US China and the Association of Southeast Asian Nations have also taken a toll in the last decade There is already a shift in power politics especially with China determining the direction of Myanmar Myanmar has been locked in a perpetual cycle transitioning between military authoritarianism and democratisation These prevailing issues have led to a fragmented democracy and a lost opportunity to demonstrate its foray into a genuine democracy

Myanmar (Burma) since the 1988 Uprising Andrew Selth, 2022-01-24 Updated by popular demand this is the fourth edition of this important bibliography It lists a wide selection of works on or about Myanmar published in English and in hard copy since the 1988 pro democracy uprising which marked the beginning of a new era in Myanmar's modern history There are now 2 727 titles listed They have been written edited translated or compiled by over 2 000 people from many different backgrounds These works have been organized into thirty five subject chapters containing ninety five discrete sections There are also four appendices including a comprehensive reading guide for those unfamiliar with Myanmar or who may be seeking guidance on particular topics This book is an invaluable aid to officials scholars journalists armchair travellers and others with an interest in this fascinating but deeply troubled country

The Golden Land Ablaze Bertil Lintner, 2024-09-26 Myanmar's generals didn't expect the nation to rise up against the coup they staged in February 2021 But after decades of stifling direct military rule the Burmese people had become used to another way of life during the

relative openness of 2011 21 The army has been unable to suppress anti coup protests as it did in 1962 and 1988 and three years after sending tanks into Yangon Naypyitaw and other cities the army has yet to establish a functioning administration For the first time since the 1970s armed resistance is not confined to traditionally strife torn frontier areas where ethnic insurgents like the Karen National Union and Kachin Independence Army have been active for decades it has spread to the majority Burmese heartland in the shape of the People s Defence Forces But the anti junta forces are insufficiently well equipped to defeat the much more heavily armed Myanmar army which itself is stretched too thin on several fronts to crush the resistance And despite foreign observers assurances there is no unity common command or synchronised strategy among the various ethnic minority and ethnic Burmese resistance groups This is a war that neither side can win Caught in the middle and bound to suffer most are civilians

For Us Surrender Is Out of the Question Mac McClelland, 2010-02-10 The human rights journalist and author of *Irritable Hearts* A PTSD Love Story shines a light on the Karen refugees fleeing Burma s genocide There s a civil war the world s longest running in fact raging between the Burmese government and ethnic rebels But since Burma is a country nearly shut out from the rest of the world the only footage of the carnage comes via groups of young tough booze loving refugees who run into war zones to collect it And with these refugees is where we find Mac McClelland embedded in her staggering debut *For Us Surrender Is Out of the Question* McClelland weaves a narrative that is part investigative journalism part popular history and part memoir of a Midwestern twenty something girl living with refugee activists on the Burma Thailand border Driven by the community McClelland is illegally aiding a small group of brave young men and women *For Us Surrender Is Out of the Question* is an urgent and fascinating look at a weary conflict told by a bright new voice Alternately poignant and raucous angry and heartbreaking McClelland s reporting is very much from the ground up far livelier than we will ever get from the average foreign correspondent Adam Hochschild New York Times bestselling author Any reporting on the notoriously under documented Burmese war is critical reading a page turner like this one is not to be missed San Francisco Magazine Gritty informed passionate McClelland s gonzo sensibility big heart and keen eye for weird details bring this tale of inhuman cruelty and human resilience vividly alive Gary Kamiya cofounder of Salon

Ethnic Diversity and Reconciliation Arend van Dorp, 2022-10-31 Forces of division conflict and fear threaten to separate us from the neighbor who does not look act or pray like us However followers of Christ are charged with embodying a unity that celebrates difference rather than fleeing from it *Ethnic Diversity and Reconciliation* explores the implications of the church s radical call to inclusive community in the context of Myanmar s long history of ethnic conflict Dr Arend van Dorp outlines the theological foundations for understanding the church s mandate as a diverse and unified missional body while also engaging the very real challenges posed to this mandate by the cultural religious and historical realities faced by Christians in Myanmar He demonstrates that while the challenges are vast so is the potential for transformation and reconciliation when the church takes up its mantle and bears faithful witness to God s love in a fractured world

Burma's

Modern Tragedy Daniel Alfred Mettraux, Khin Oo, 2004 For centuries visitors to Burma have come away with a sense of awe and respect for a highly civilized people who live in an incredibly beautiful country Burma is a land with considerable natural resources that should be one of the wealthiest in Asia but while some other Southeast Asian countries have democratized and prospered Burma has not The Burmese are ruled by a highly repressive military dictatorship which has ruined the economy and imprisoned its own people in a living hell where they are deprived not only of their livelihood but also their most basic civil rights The military junta has raped the land as well as the people and has transformed one of the wealthiest nations in Asia into one of the poorest with an annual per capita income of under USD300 While many Burmese have resigned themselves to their fate others continue to resist the tyranny that has overwhelmed their country Aung San Suu Kyi and other leaders of the opposition National League for Democracy NLD and the Burmese democracy movement in Burma and abroad have demonstrated tremendous courage and endured considerable suffering in their efforts to inaugurate a democratic society in their land through the eyes of Burmese and foreign scholars who present a variety of perspectives of life in this noble land This study aims at a collective portrait of the dismal reality of a suffering citizenry who if allowed to be free could be among the most creative energetic and productive people of Asia It also looks at the complexity of a highly heterogeneous people striving to find a collective identity amidst the chaos of savage repression
