The Twelve Caesars (Julius to Domitian) ,1877 **The Memory Palace** Edward Hollis,2015-07-28 A brilliant ambitious follow up to The Secret Lives of Buildings in which Hollis turns his focus from the great architectural constructions of the past to the now vanished chambers they once contained The rooms we live in are always more than just four walls As we decorate these spaces and fill them with objects and friends they shape our lives and become the backdrop to our sense of self one day the structures will be gone but even then traces of the stories and the memories they contained will persist In this dazzling work of imaginative reconstruction edward Hollis takes us to the sites of great abodes now lost to history and piecing together the fragments that remain re creates their vanished chambers From Rome s palatine to the old palace of Westminster and the petit Trianon at Versailles from the sets of MGM studios in Hollywood to the pavilions of the Crystal palace and the author s own grandmother s sitting room The Memory Palace is a glittering treasure trove of luminous forgotten places and the alluring people who lived in them **The Second Coming of Jesus - Think Again** William H. Hogue,2012-08-01 The overarching theme of this book is that the Second Coming of Jesus happened in AD 72 and that therefore Jesus is not coming again to rapture the church The book lays out a thorough exploration in support of this theme Daniels prophecies are foundational especially his prophecy of the Seventy Weeks in Daniel 9 2427 and his prophecy of four sequential Fertile Crescent Mediterranean empires see Daniel 7 The Fourth Empire or the Roman Empire is the key to

understanding my theme with stress on the meaning of the horns on the head of the Fourth Beast see Daniel 7 78 As proof of my theme I use the biblical code of two or three witnesses see e g Deuteronomy 19 15 Matthew 18 16 John 8 17 and 1 John 5 8 The three witnesses I give are Daniel Jesus and the collective apostles all of whom taught and agreed that Jesus's Second Coming would take place before Jesus's generation passed away Matthew 24 34 Furthermore I show how the epistles of the New Testament reflect this theme by citing scores of passages from them for my readers to consider Finally in chapter 5 of the book and in five appendixes I show how the Book of Revelation aptly interpreted fully agrees with this theme

Caesar and the Fading of the Roman World Peter Baehr, 2017-11-30 For many centuries Julius Caesar was a name that evoked strong feelings among educated people Some of these responses were complimentary but others came from the point of view of political republicanism which envisaged Caesar as a historical symbol for some of the most dangerous tendencies a polity could experience Caesar represented everything that republicans detested corruption demagoguery usurpation and as such provided an antimodel against which genuine political virtue could be measured Caesar and the Fading of the Roman World examines the reception of Caesar in republican thought until the late eighteenth century and his transformation in the nineteenth when he enjoyed a major rehabilitation in the literary culture and historiography of the day Critical of hereditary monarchy and emphasizing the collective political obligations citizens owed to their city or commonwealth republican thinkers sought to cultivate institutions and mores best adapted to self governing liberty The republican idiom became an integral element in the discourse of the American revolutionaries and constitution builders during the eighteenth century and of their counterparts in France In the nineteenth century Caesar enjoyed a major rehabilitation from being a pariah he was elevated in the writings of people like Byron De Quincey Mommsen Froude and Nietzsche to the greatest statesman of his age Simultaneously Caesar's name continued to function as a term of polemic in the emergence of a new debate on what came to be called Caesarism While the metamorphosis of Caesar's reputation is studied here as a process in its own right it is also meant to highlight the increasing enfeeblement of the republican tradition The transformation of Caesar's image is a sure sign of changes within the wider present day political culture and evidence of the emergence of new problems and challenges Drawing on history political theory and sociology Caesar and the Fading of the Roman World uses the image of Caesar as a way of interpreting broader political and cultural tendencies Peter Baehr discusses the significance of living not in a postmodern society but in a postclassical one in which ideas of political obligation have become increasingly emaciated and in which the theoretical resources for the care of our public world have become correspondingly scarce This volume is an important study that will be of value to sociologists political theorists and historians
