Things I Wish I'd Known Cancer And Kids:

Things I Wish I'd Known Deborah J. Cornwall, 2015-01-05 The cancer experience shakes most caregivers to their core. It is even more compelling and poignant when it involves children. Thousands of families each year face this shocking reality. Based on interviews with caregivers who have first hand knowledge, this book is intended to help anyone facing a cancer diagnosis affecting a child, either as the patient or as a member of a family. It offers advice and cites resources to help discuss cancer with children of different ages, manage the impact of the disease on their daily lives, navigate treatment for kids with cancer, and deal with children's grief in the event of a death in the family. **Regrets of the Dying** Georgina Scull, 2022-04-14 A beautiful and moving reminder to appreciate life. Roxie Nafousi, author of *Manifest*. This book may on first glance appear to be about death and regrets, but is in reality about life and choices. It is warmly life affirming. A magnificent read that will inspire. I loved it. Sue Black. So beautiful. Perfectly written and judged. A wonderful book that made me grasp life a little more firmly. Dr Chris van Tulleken. A powerful, moving, and hopeful book exploring what people regret most when they are dying, and how this can help us lead a better life. If you were told you were going to die tomorrow, what would you regret? Ten years ago, without time to think or prepare, Georgina Scull ruptured internally. The doctors told her she could have died, and as Georgina recovered, she began to consider the life she had led and what she would have left behind. Paralyzed by a fear of wasting what seemed like precious time, but also fully ready to learn how to spend her second chance, Georgina set out to meet others who had faced their own mortality or had the end in sight. **What I Wish I Knew Before Cancer** Nicholas Steven Parscale, 2021-03-12 In *What I Wish I Knew Before Cancer: A Young Man's Memoir*, Nicholas Steven Parscale shares his experience with battling cancer. Since his diagnosis of pineoblastoma in 2016 at the age of 10, Nicholas has experienced numerous highs and lows, pain and excitement, and relapses and new treatments. Throughout his journey, he has maintained a positive attitude and has learned a great deal about cancer and resilience. In this book, Nicholas's goal is to share what he has learned over the past several years with other children facing the same disease. His hope is that by reading this book and studying his suggestions and experiences, children with cancer and their families can be just a bit more prepared for the long road ahead of them. Observe Nicholas's cancer journey and see how cancer is a winding road with ups and downs. Discover how adopting a positive mindset and attitude truly transforms a dreadful situation and aids in coping with changes. Study answers to common questions that may be asked by children along with their parents and friends who are having their first experiences with cancer and receive support in the form of Nicholas's real life story. Feel inspired by the challenges overcome by Nicholas and his family. Take a close look at the different treatments and opportunities available to children with cancer.
