Shah,2016-12-01 *The Book of the Book* Used for more than seven hundred years as a teaching story *The Book of the Book* is one of the most compelling and astonishing texts ever to emerge from the Orient Its central premise is the simple phrase When you realize the difference between the container and the content you will have knowledge When the book first appeared in English thirty five years ago its printers questioned how it could be a book as did reviewers scholars and people who paid money to buy it *The Book of the Book* is now in its seventh impression and is studied at university level appreciated by all for its simple brilliance World Tales Idries Shah,2017-12-22 How can it be that the same story is found in Scotland

and also in Pre Columbian America What can account for the durability and persistence of tales Was the tale of Aladdin and his wondrous lamp really taken from Wales where it has been found to the ancient East and if so when and by whom These questions and more are answered in Idries Shah s remarkable volume World Tales which is subtitled e The extraordinary coincidence of stories told in all times in all places e In his introduction Shah remarks e Working for thirty five years among the written and oral sources of our world heritage in tales one feels a truly living element in them which is startlingly evident when one isolates the basic stories the ones which tend to have traveled farthest to have featured in the largest number of classical collections to have inspired great writers of the past and present e **Seeker After Truth** Idries Shah,2018-04-01

Tales of the Dervishes Idries Shah,2016-11-18 Although enormously attractive as sheer entertainment Dervish tales were never presented merely on the level of a fable legend or folklore They stand comparison in wit construction and piquancy with the finest stories of any culture yet their true function as Sufi teaching stories is so little known in the modern world that no technical or popular terms exist to describe them The material in Tales of the Dervishes is the result of a thousand years of development during which Dervish masters used these and other teaching stories to instruct their disciples The tales are held to convey powers of increasing perception unknown to the ordinary man **Destination Mecca** Idries

Shah,2016-05-12 First published in 1957 Destination Mecca was both an ambitious travel book and a work of ethnographic and cultural research Shah documents a wide range of fascinating journeys from his quest for the gold mines of King Solomon on Sudan s Red Sea Coast to encounters in desert caravanserais and sojourns with Mediterranean contraband smugglers to his time as a personal guest of the elderly King Ibn Saud As readable now as it was when first published Destination Mecca acts as a beacon for hands on adventurers and those of a more sedate kind **Special Illumination**
