The Darkest Powers Trilogy, 3-book bundle Kelley Armstrong, 2014-10-28 Kelley Armstrong's New York Times bestselling Darkest Powers trilogy is collected here for the first time The Summoning Chloe is locked up in Lyle House a special home for troubled teens Yet the home isn't what it seems There is definitely more to Chloe's housemates than meets the eye The question is whose side are they on It's up to her to figure out the dangerous secrets behind Lyle House before its skeletons come back to haunt her The Awakening Chloe Saunders is a living science experiment not only can she see ghosts but she was genetically altered by a sinister organization called the Edison Group She's a teenage necromancer whose powers are out of control which means she can raise the dead without even trying Now Chloe's running for her life with three of her supernatural friends a charming sorcerer a cynical werewolf and a disgruntled witch and they have to find someone who can help them before the Edison Group catches them The Reckoning Chloe Saunders's life is not what you would call normal First of all she can't figure out how she feels about a certain antisocial werewolf or his charming brother who just happens to be a sorcerer Then there's the fact that she's running for her life from an evil corporation that's trying to kill her and her supernatural friends And finally she's a genetically altered necromancer who can raise the dead rotting corpses and all without even trying But Chloe has a plan And the end is very near T.P.'s Weekly, 1928 **Prometheus Vincitus.**

was clear Jonny made sure to sweep that murder under the rug real good How he pulled it off will soon come to light Furthermore she finally grasped the power to turn his world upside down and she ain t buying the bullshit he s marketing Tabitha s life had gone from situations of passionate embracing kisses with a movie star called Charleigh in the middle of a maze at a movie location to a grotesquely unattractive politician leader in parliament that she took a beating for refusing to join him at a hotel including a GP s promiscuity she would later identify by a small tattoo on the top of his right ass cheek Thereupon if he didn t stand up to help Tabitha now she could only consider that perhaps he s the same as the rest of them men He was her witness after all but what would he do about it Who were these men also intertwined with this sick rape club that Jonny had a perverted establishment on the black market Jonny groomed and forced them by drugging these girls using date rape to make sure they didn t recall his abuse and refusing would end up in him setting his men on the girls violently As a result a deal would be formulated to cause his wife malevolent attacks of illegal medical treatments knowing she wasn t ill at all subsequently he went to great lengths to keep his misrepresented figure afloat This being highly likely another source of how the drugs were provided consequently the chemicals changed in his mind was why Jonny became so evil he had become the antithesis of himself Was the damage he had caused beyond reverse or did he need to be ousted The protagonists and antagonists in this book were created to give an image of power darkly villainising them into altered personalities leaving their appearances to your imagination
