This Will Make You Smarter:

The Professional Project Manager Carsten Laugesen,2024-02-19 How do we become good project managers What does it take to become a true professional This book gives depth to these crucial questions It explains and illustrates the experiences and professional capacities we must acquire to become good at what we do The entry point is project management and this entry point is used to define what in general makes us become good professionals The book shows that our professional capacity is so much more than our technical abilities and shows that becoming a true professional today is defined by three key factors Our ability to accumulate relevant professional reference points and contexts Our ability to juggle technical people power and unforeseen professional agendas Our ability to memorize our experiences in useful mental models The world will end up having around 8 billion professionals which means that more than 150 000 new professionals will enter the workforce every day for the next 75 years This will dramatically change our professional context This book is for everyone who wants to sharpen their professional skills and mental models to stay relevant **Blue Mind** Wallace J. Nichols,2024-12-03 The 10th anniversary edition of the landmark book on the remarkable effects of water on our health and well being A decade ago marine biologist Dr Wallace J Nichols revolutionized how we think about our connection to water exploring the questions we ve long lacked answers to Why are we drawn to lakes rivers oceans beaches and pools each summer Why does being near water set our minds and bodies at ease boost creativity enhance wellness and increase longevity Over the past several years Blue Mind has become the ultimate resource on the remarkable benefits of being near in on or under water Combining cutting edge neuroscience psychology and cross disciplinary data with compelling personal stories from top athletes leading scientists military veterans and gifted artists Nichols shows how proximity to water can improve performance increase calm diminish anxiety and increase professional success Now with updated science backed research examples of innovative practitioners and a new afterword on the far reaching impact of this groundbreaking book Blue Mind not only illustrates the crucial importance of our connection to water it provides a paradigm shifting blueprint for a movement to create better lives for everyone on this Blue Marble we call home **Humility Is the New Smart** Edward D. Hess,Katherine Ludwig,2020-06-16 Smart machines are replacing more and more jobs Edward Hess and Katherine Ludwig show how to develop abilities that machines don t have so we can thrive in this Smart Machine Age Underlying them all is a sense of personal humility honestly recognizing our limitations and working to mitigate them In nearly every industry smart machines are replacing human labor It s not just factory jobs automated technologies are handling people s investments diagnosing illnesses and analyzing written documents If we humans are going to endure Edward Hess and Katherine Ludwig say we re going to need a dose of humility We need to be humble enough to let go of the idea that smart means knowing the most using that information quickest and making the fewest mistakes Smart machines will always be better than we are at those things Instead we need to cultivate important abilities that smart machines don t have yet thinking critically creatively

and innovatively and building close relationships with others so we can collaborate effectively Hess and Ludwig call this being NewSmart To develop these abilities we need to practice four specific behaviors keeping our egos out of our way managing our thoughts and emotions to curb any biases or defensiveness listening to others with an open mind and connecting with others socially and emotionally What all these behaviors have in common is again humility avoiding self centeredness so we can learn from and work with other humans Hess and Ludwig offer a guide to developing these NewSmart abilities and to creating organizations where these qualities are encouraged and rewarded

Critical and Creative Thinking Robert DiYanni, 2015-09-08 Critical and Creative Thinking A Guide for Teachers reveals ways to develop a capacity to think both critically and creatively in practical and productive ways Explains why critical and creative thinking complement each other with clear examples Provides a practical toolkit of cognitive techniques for generating and evaluating ideas using both creative and critical thinking Enriches the discussion of creative and critical intersections with brief inter chapters based on the thinking habits of Leonardo da Vinci Offers an overview of current trends in critical and creative thinking with applications across a spectrum of disciplines

50 Years - 50 Lessons! Fergal Barr, 2023-10-27 Most bookshops sell titles aimed at how to fix you Whether it s leadership management self help or therapy fitness or food alternative lifestyle or mindfulness so much of what s offered is geared towards reinforcing the message that you need to change that you re living your life the wrong way or that you re not fulfilling your potential This book is different It doesn t tell anyone to change Its purpose is to encourage reflection nurture curiosity and challenge assumptions Inside these pages Author Fergal Barr has outlined 50 lessons each of which is underpinned by a set of values and beliefs gained directly from the author s lived experiences Aimed at provoking one s thoughts about a wide range of contemporary issues these lessons also ask its readers to reflect on their own values and beliefs and in doing so to contemplate their future approaches to different issues
