Dekar,2023-09-28 Merton still matters writes Paul R Dekar about Cistercian monk Thomas Merton Calling people to act justly love kindness and walk humbly Merton used his contemplative practice to see beyond what disrupts and divides us from one another to find the truth of our common humanity unity in our creation in the image of God In Thomas Merton and the New World Dekar focuses primarily on two issues of concern to our current world First he studies Merton s warnings of the abuse that stems from unmindful and irresponsible use of technology and its ecological devastation Second he examines Merton s thinking on racial injustice in the mid 1960s through his correspondence with his allies and contemporaries James Baldwin for example Using Micah 6 8 to arrange Merton s focus on justice lovingkindness and humility with input from Merton s dialogue with Gandhi Martin Luther King Rachel Carson and others Dekar demonstrates just how prophetic and transferable Merton s teachings remain **The Art of Spiritual Care across Religious Difference** Jill L. Snodgrass,2024-03-19 The United States is witnessing a rise in the religiously unaffiliated Participation in traditional religious settings is in decline But everyone inhabits a location relative to religion whether or not they practice or identify with a religious tradition People engage in religious encounters and relationships in myriad ways and their religious location is one part of their intersecting identities This shifting religious landscape challenges spiritual caregivers to provide competent care and counsel that honors how persons religious locations intersect Jill Snodgrass argues that without a theoretical understanding of religious location chaplains counselors and other spiritual caregivers are left without sufficient tools to navigate this relational terrain In The Art of Spiritual Care across Religious Difference she gathers practices and insights from experienced spiritual caregivers and scholars to explore the concept of religious location a term initially coined by pastoral theologian Kathleen Greider as an aspect of an individual s intersecting identity Snodgrass presents a compilation of essays that help spiritual caregivers think reflexively about their own religious locations and how these locations influence relational dynamics with care seekers within a diversity of cultural contexts This vigorous compilation advances the fields of pastoral and practical theology as well as spiritual care and counseling by developing a robust interreligious theory of religious difference grounded in insights from Christianity Buddhism Confucianism and Islam As such The Art of Spiritual Care across Religious Difference presents a well timed resource for the training of religiously competent caregivers to serve in hospitals prisons places of worship community mental health centers offices of campus ministry and more Scholars and practitioners will quickly discover that this book will serve as an enduring resource to meet the training needs for spiritual caregivers in ways that will help them to build enduring competencies
