Thomas, 2018-06-21 Whether used for thematic story times program and curriculum planning readers advisory or collection development this updated edition of the well known companion makes finding the right picture books for your library a breeze Generations of savvy librarians and educators have

relied on this detailed subject guide to children's picture books for all aspects of children's services and this new edition does not disappoint. Covering more than 18 000 books published through 2017 it empowers users to identify current and classic titles on topics ranging from apples to zebras. Organized simply with a subject guide that categorizes subjects by theme and topic and subject headings arranged alphabetically this reference applies more than 1 200 intuitive as opposed to formal catalog subject terms to children's picture books making it both a comprehensive and user friendly resource that is accessible to parents and teachers as well as librarians. It can be used to identify titles to fill in gaps in library collections to find books on particular topics for young readers to help teachers locate titles to support lessons or to design thematic programs and story times. Title and illustrator indexes in addition to a bibliographic guide arranged alphabetically by author name further extend access to titles.

The Human Kaboom Adam Rubin, 2024-03-05 The author of the 1 New York Times bestsellers *Dragons Love Tacos* and *The Ice Cream Machine* returns with another hilarious irresistible collection of six totally different stories with the same exact name. Adam Rubin is back with this companion to *The Ice Cream Machine* inviting you into six thrilling new worlds filled with daring and danger, mystery and mayhem, not to mention explosions. In a swanky New York City hotel a reclusive guest appears to have spontaneously combusted. On a school field trip to a human anatomy museum in space two kids try to pull off the greatest prank in history. Somewhere on a deserted island three siblings try to make a life for themselves after the rest of the planet has been decimated by gigantic rock monsters. And then there's the small quaint fishing town where a boy visiting his sister stumbles across an ancient curse, the traveling circus where a young girl becomes the assistant to a death defying human cannonball and the rugged wilderness where one kid with superpowers just can't seem to find some peace. Each story is illustrated by a different artist including Marta Alt's, Daniel Gray Barnett, Rodolfo Montalvo, Daniel Salmieri, Adam de Souza and Gracey Zhang with black and white artwork that practically explodes off the page. So put on a helmet and hang on tight because this unpredictable book will blow you away. And exclusive to the paperback you'll also find six more stories inspired by *The Human Kaboom* written by kids like you and hand picked by Adam Rubin himself.

The Ice Cream Machine Adam Rubin, 2022-02-15 Don't miss the 1 New York Times bestseller everyone is raving about. From the wild and wonderful imagination of the author of *Dragons Love Tacos* comes this hilarious irresistible debut collection of six totally different stories with the same exact name. In these six stories set in six distinct worlds you'll meet a boy and his robot nanny traveling the globe in search of the world's tastiest treat, a child mechanical prodigy who invents the freshest dessert ever and an evil ice cream truck driver who strikes fear in the heart of every kid in town. You'll be transported to a beachside boardwalk with an ice cream stand run by a penguin, a hilltop realm ruled by a king with a sweet tooth and a giant alien space lab with a lone human subject who longs for a taste of home. Each story features black and white interior illustrations from a different artist including Daniel Salmieri, Charles Santoso, Liniers, Emily Hughes, Nicole Miles and Seaerra Miller making this book unlike any you've ever seen. So grab a cup or a cone and watch out for brain

freeze You'll definitely want to save room for this treat **Squirrel** Nancy Castaldo, 2025-10-28 Squirrels are a common sight seemingly everywhere in wild and urban nature Their chattering antics in city parks delight us while their raids on our backyard gardens and birdfeeders never fail to exasperate But squirrels are more than amusing backyard entertainers and few of us know much about them or fully appreciate their role in keeping the environment healthy As stress on the natural world intensifies should we be paying more attention to the plight of squirrels In *Squirrel* Nancy Castaldo shines new light on this familiar backyard mammal exploring their staggering diversity they're found on all continents but Antarctica and the many surprising ways they shape our world our communities and our cultures Each chapter explores an aspect of squirrels and their close and sometimes fraught association with humans their importance to myriad ecosystems through sophisticated food caching strategies their introduction to nineteenth century urban parks as adorable ambassadors for nature their complicated global status as both invasive and endangered their role as celebrated cultural icons and social media memes and ultimately why we must prevent population declines and protect their well being while we can Like other wildlife species squirrels are increasingly stressed by climate change and their speculative fate may foreshadow our own The book includes a detailed bibliography an exhaustive list of squirrel species and their status and tips for coexisting peaceably with squirrels in our yards and neighborhoods Chapters are introduced by exquisitely drawn historical illustrations **Creating Young**

Almanac Nancy J. Polette, 2015-11-10 This essential guide has exactly the right books to help you celebrate special days

throughout the year even holidays you've never heard of and provides hundreds of fun titles and activities that could inspire your students to become life-long readers. Young students need to continually be presented with a vast variety of types of books, authors, illustrators, and subject matter in order to find the perfect concept or image that sparks their imagination, takes their comprehension to a new level, or helps them turn the corner to becoming a book lover.

The Picture Book Almanac: Picture Books and Activities to Celebrate 365 Familiar and Unusual Holidays can be used year-round as a key to open that great literary treasure vault. The books Polette has painstakingly selected for their value as learning opportunities tie into both familiar and unusual holidays ranging from official nationally recognized holidays to obscure ones such as Milk Day and Thesaurus Day. The daily featured book titles cover the classics such as books in the Paddington Bear series and Cinderella to outstanding current and just published titles collectively representing the best choices for collection building over time. This book is an excellent tool for collection development as well as an indispensable resource for reading teachers and classroom teachers.

The Brain Power Story Hour Nancy J. Polette, 2014-01-10 While many texts explore ways to plan and implement story times in both school and public libraries, until now no work has brought together extensive book talks and follow-up activities specifically designed to develop thinking skills in young children. This innovative study offers age-appropriate book suggestions with related questions and activities tailored to a variety of thinking skills including verbal or linguistic thinking, divergent and creative thinking, analytical and mathematical thinking, visual or spatial thinking, and many others. The program presented in this volume was successfully developed and implemented in the preschool kindergarten laboratory school of Lindenwood University in St. Charles, Missouri, with 90 percent of the participating children selected for gifted programs in both public and private schools. Ideal for children's librarians, school librarians, teachers of early childhood gifted programs, parents, and homeschoolers, this study provides the tools for making any story hour a brain power story hour.

Let Nature Be Your Teacher Louise Ammentorp, Helen M. Corveleyn, 2024-08-13 *Let Nature Be Your Teacher: Integrating Nature-Based Learning in the Elementary Classroom* advocates for a transformative shift in elementary education through incorporating nature-based learning into the curriculum. In an era dominated by indoor education and heightened screen time, Louise Ammentorp and Helen M. Corveleyn respond to the urgent need to reconnect children with nature. This book aims to gray the boundary between indoor and outdoor learning, bringing students outdoors as well as bringing nature inside. Supported by a growing body of research in a flourishing movement for nature-based learning, this book highlights ways to incorporate authentic experiences across content areas. Each chapter offers vetted lesson and activity ideas that can be adapted to any classroom. *Let Nature Be Your Teacher* aims to inspire educators, parents, and administrators and equip them with the tools and knowledge to prioritize nature-based learning, fostering a generation that values and protects our natural world.
