Thousand Nights And A Night:

A Thousand Nights and a Night Richard Burton, Richard F Burton, Sir, 2018-01-28 The Book of the Thousand Nights and a Night 1885 subtitled A Plain and Literal Translation of the Arabian Nights Entertainments is an English language translation of One Thousand and One Nights the Arabian Nights a collection of Middle Eastern and South Asian stories and folk tales compiled in Arabic during the Islamic Golden Age 8th 13th centuries by the British explorer and Arabist Richard Francis Burton 1821 1890 It stood as the only complete translation of the Macnaghten or Calcutta II edition Egyptian recension of the Arabian Nights until the Malcolm C and Ursula Lyons translation in 2008 Burton s translation was one of two unabridged and unexpurgated English translations done in the 1880s the first was by John Payne under the title The Book of the Thousand Nights and One Night 1882 84 nine volumes Burton s ten volume version was published almost immediately afterward with a slightly different title This along with the fact that Burton closely advised Payne and partially based his books on Payne s led later to charges of plagiarism Owing to the sexual imagery in the source texts which Burton made a special study of adding extensive footnotes and appendices on Oriental sexual mores 2 and to the strict Victorian laws on obscene material both translations were printed as private editions for subscribers only rather than being published in the usual manner Burton s original ten volumes were followed by a further six entitled The Supplemental Nights to the Thousand Nights and a Night 1886 88 Burton s 16 volumes while boasting many prominent admirers have been criticised for their archaic language and extravagant idiom and obsessive focus on sexuality they have even been called an eccentric ego trip and a highly personal reworking of the text His voluminous and obscurely detailed notes and appendices have been characterised as obtrusive kinky and highly personal
