Erceg, 2005-11-01 The manual is standard practice from Tivo to tent pitching yet blatantly omitted when we give birth and arrive on Earth We are here now with no manual swimming in a sea of peripheral information our

most basic and primordial questions left unanswered Who are we Why are we here Just as we use a guidebook when visiting a new country for the first time so too do we value a guidebook during our stay on Earth The Book of Life Questions Answers takes us under its wing on an inspiring compelling behind the scenes tour of our world into the depths of our consciousness navigating the mentality creating the various arenas of our society By tying together the threads comprising these sectors in a way we can all understand we begin to make sense of why we relate to each other as we do why friction persists at the cost of global peace and grasp solutions along our journey through the book The shrouded seemingly complex reasoning driving our human actions is finally untangled and quite beautifully unraveled The curtains are swept back to plainly reveal how we have unconsciously created the framework of society as we know it today [Integrated Treatment for Dual Disorders](#) Kim T.
