The Vietnamese Boat People, 1954 and 1975-1992 Nghia M. Vo, 2015-09-18 The biggest diaspora in Vietnamese history occurred between 1975 and 1992 when more than two million people fled by boat to escape North Vietnam's oppressive communist regime Before this well known exodus from Vietnam's shores however there was a massive population shift within the country In 1954 one million fled from north to south to escape war famine and the communist land reform campaign Many of these refugees went on to flee Vietnam altogether in the 1970s and 1980s and the experiences of 1954 influenced the later diaspora in other ways as well This book reassesses the causes and dynamics of the 1975-92 diaspora It begins with a discussion of Vietnam from 1939 to 1954 then looks closely at the 1954 Operation Exodus and the subsequent resettlements From here the focus turns to the later events that drove hundreds of thousands of Vietnamese to flee their homeland in 1975 and the years that followed Planning for escape choosing routes facing pirates at sea and surviving the refugee camps are among the many topics covered Stories of individual escapees are provided throughout The book closes with a look at the struggles and achievements of the resettled Vietnamese

Humanity at Sea Itamar Mann, 2016-09-29

This interdisciplinary study engages law history and political theory in a first attempt to crystallize the lessons the global refugee crisis can teach us about the nature of international law. It connects the dots between the actions of Jewish migrants to Palestine after WWII, Vietnamese boatpeople, Haitian refugees seeking to reach Florida, Middle Eastern migrants and refugees bound to Australia, and Syrian refugees currently crossing the Mediterranean, and then legal responses by states and international organizations to these movements. Through its account of maritime migration, the book proposes a theory of human rights modelled around an encounter between individuals in which one of the parties is at great risk. It weaves together primary sources, insights from the work of twentieth century thinkers such as Hannah Arendt and Emmanuel Levinas, and other legal materials to form a rich account of an issue of increasing global concern. Toward a Framework for Vietnamese American Studies Linda Ho Peché, Alex-Thai Dinh Vo, Tuong Vu, 2023-02-10. This collection is the first work of its kind to synthesize the current state of Vietnamese American studies. Offering cutting edge analysis from social sciences and humanities perspectives, this volume serves as a foundational resource and a site for interrogating underexplored facets of the field. Refugee Pathways to Peace Janet Mancini Billson, 2024-12-15. In *Refugee Pathways to Peace: Escaping the Chaos of War*, Janet Mancini Billson provides perspectives of Vietnamese, Syrian, Congolese, Liberian, and Ukrainian refugees and the resettlement agencies that smooth their transition into a new life context. Despite welcoming refugee policies, challenges arise in Canada's uniquely positive context. Participants discuss how they overcome displacement and cope with the trauma of leaving home and family behind. As they craft viable new lives, refugees remain vulnerable to marginality and delays in economic independence. Following *Refugee Pathways to Freedom*, Billson details how refugees are double victims of conflict and a glacially slow resettlement process, and places the refugee experience into a human rights framework. She offers recommendations for improving a global refugee system that is creaking as displacement escalates. She calls for limiting the sojourn in refugee camps to two years to help reduce negative impacts and maximize newcomer well-being. She concludes that the true epidemic is conflict, displacing 100,000,000 persons annually. Shifting the focus toward diplomacy and peacebuilding before minor conflicts become hot spots is crucial, as is streamlining refugee selection processes to reduce despair and lost years. Participants make specific policy suggestions that would enhance rather than degrade refugee well-being during resettlement. Vietnamese Americans Liz Sonneborn, 2009. Presents the history and culture of Vietnamese Americans, the reasons for their immigration to the United States, some of the hardships Vietnamese Americans have faced, and some prominent figures in the Vietnamese American community. **She Weeps Each Time You're Born** Quan Barry, 2016-02-23. Radiant, lyrical, and deeply moving, this is the unforgettable story of one woman's struggle to unearth the true history of Vietnam while also carving out a place for herself within it. Vietnam 1972, under a full moon on the banks of the Song Ma River, a baby girl is pulled out of her dead mother's grave. This is Rabbit, who is born with the ability to speak with the dead. She will flee from her destroyed village with a makeshift family thrown together by war. As Rabbit channels the
