Voices of a People Ruth Rubin, 2000. A collection of song texts in Yiddish and English as well as a selection of tunes. Rubin transcribed this volume bringing the Jews' ancient itinerant culture alive through children's songs, dancing songs, and songs about love and courtship, poverty and work, crime and corruption, immigration and the dream of a homeland. Rubin's notes and annotations weave each text into the larger story of the Jewish experience. Book Jacket.

Patient and Staff Voices in Primary Care Kenneth E Collins, 2023-04-12. This unique work represents the recording and analysis of oral history interviews conducted by the pioneering general practitioner Dr Hetty Ockrim with over seventy patients as well as office staff and members of the nursing team between 1989 and 1992 in her former practice in the Ibrox Govan areas of Glasgow, places of significant socio-economic deprivation. Her focus in undertaking this study was on personal and social rather than just clinical issues. The interviews are accompanied by background and commentary for the study reflecting the full breadth of general practice. Many of the interviewees had memories stretching back before the NHS, providing a unique historical perspective of service development as well as invaluable directions for improving current and future general practice.

Key Features: Provides a historical context for the developments in health over several decades prior to the study. Shows how oral history methods have increasingly been used in medical history research and explores the benefits of this approach. Covers many of the themes of the oral history which enabled and encouraged patients to comment on what was important to them in their encounters with health care. Follows the increasing acceptance of women in medicine, demonstrating how women doctors were viewed by patients within the practice compared to changes in wider society. Presents a history from below using voices that are not normally heard in the medical discourse, illustrating the importance of the doctor-patient interface. Supporting a wider understanding of what patient narratives can tell us about the delivery of health care from the perspective of the patients, the front-line users of health services. The book shows how oral history can provide an understanding of health care more broadly, key at a time when social inequality is once again widening in many regions.

Index to Jewish Periodicals, 2005. An author and subject index to selected American Anglo-Jewish journals of general and scholarly interests.

American Jewish Year Book 2015 Arnold Dashevsky, Ira M. Sheskin, 2016-02-03. This Year Book, now in its 115th year, provides insight into major trends in the North American Jewish communities and is the Annual Record of the North American Jewish Communities. The first two chapters of Part I examine Jewish immigrant groups to the US and Jewish life on campus. Chapters on National Affairs and

Jewish Communal Affairs analyze the year's events. Three chapters analyze the demography and geography of the US, Canada, and world Jewish populations. Part II provides Jewish Federations, Jewish Community Centers, social service agencies, national organizations, overnight camps, museums, and Israeli consulates. The final chapters present national and local Jewish periodicals and broadcast media, academic resources including Jewish Studies Programs, books, articles, websites, and research libraries, and lists of major events in the past year, Jewish honorees and obituaries. For those interested in the North American Jewish community, scholars, service providers, volunteers, this volume undoubtedly provides the single best source of information on the structure, dynamics, and ongoing religious, political, and social challenges confronting the community. It should be on the bookshelf of everyone interested in monitoring the dynamics of change in the Jewish communities of North America. Sidney Goldstein, Founder and Director, Population Studies and Training Center, Brown University; and Alice Goldstein, Population Studies and Training Center, Brown University. The American Jewish Year Book is a unique and valuable resource for Jewish community professionals. It is part almanac, directory, encyclopedia, and all together a volume to have within easy reach. It is the best concise diary of trends, events, and personalities of interest for the past year. We should all welcome the Year Book's publication as a sign of vitality for the Jewish community. Brenda Gevertz, Executive Director, JPRO Network, the Jewish Professional Resource Organization.
