The Distant Voices William L. Stolley, 2009-04 The resonating metallic tone of the voice is a constant nuisance to Michael Tyler As a boy every time he hears it he lashes out violently By the age of ten he s taking regular doses of medication and it isn t long before he s institutionalized But now he s all grown up out on his own and the phantom voice has returned This time it won t go away It tells Michael it s an alien entity that is able to communicate with him through a portal in his own mind Not everyone has these portals he s one of a select few Michael is happy for the first time in a long while knowing that perhaps he isn t crazy

after all And with the help of the voice he develops psychic abilities and uses them to win back control of a private trust that gains him access to a fortune But now the voice wants Michael to begin communicating with others who have portals as well By linking with them he can share his psychic abilities and they all can become powerful Join Michael on a fantastic journey filled with adventure unanswered questions and false appearances in *The Distant Voices* **Mundane Tarot** Sarah Paul,2009-12 At last a tarot interpretation book sparkling with intelligence intuition and historical perspective Ten years in the making *Mundane Tarot* combines divination and channeling to produce two separate tarot interpretation books under one cover written by an honors scholar tarot expert and channeler Ponder the origin of secret psychic societies and the purpose of their esoteric works through Sarah s insightful introduction Become introduced to the radical compassionate philosophy of the Galaxy Teacher and learn his liberating revealing definitions for responsibility karma doing and non power Identify your personal area of psychic talent and receive a roadmap to develop it through the one of a kind *Psychic Talents Reading* that is interpreted using a special channeled interpretation book included in Part Two of *Mundane Tarot* **The Voice of Public Theology** Ted Peters,2022-11-07 Public theologians are already thundering like prophets at climate change and racial injustice But the gale force winds of natural science blow through society as well The public theologian should be on storm watch *A Voice on the Wind* Sandra O. Jones,2012-07-31 If you could take away one bad thing replace it with 2 3 good things that is not only healthier wealthier and wiser would you If making even the smallest change could prolong life and happiness would you Better yet could you This series is a veritable fruit cocktail of knowledge There is nothing better than natures pure bounty Why not explore the vast regions of this good earth and taste what nature has put here for us Plain simple exotic and complex fruits abound Ever hear of a Sop apple Or have you ever seen the cashew apple Did you know there are 7500 different apples Apples that dont even look like what we know as apples Our first book explores the apple and some of the things we never knew about them **Voice of a Voyage** Doann Houghton-Alico,2016-03-01 In 2001 sixty year old author Doann Houghton Alico and her husband embarked on a ten year sailing circumnavigation visiting forty one countries and sailing over 43 000 nautical miles As an award winning author of both technical books and poetry she brings her love of research into the tangents of the stories she encountered and her lyrical voice to create a picture of the world few of us know The author an adept observer and an enthusiastic participant in what life has to offer writes of her love of the sea at night far away from land but she also describes such exotic places as remote islands of the South Pacific where black magic and wives bought for three boar tusks are the norm She evokes the spirit of people and places by revisiting their cultural and natural history and exploring beneath the surface Her portrayals are riveting drawing the reader quickly into an intimate chronicle of tragedy and beauty Doann s poetry and photographs add additional dimensions to her evocative writing Doann relishes places like the sandy forbidding uninterrupted views of the Sudanese desert from the marsas inlets of the Red Sea where flamingoes and camels abound but also addresses the more serious issues she witnessed such as survival in areas

of exploding populations decreasing food supplies climate change and the impact of war She describes both in a visceral yet insightful way Her inquisitiveness the allure of exploration and a strong curiosity about the world inspire her writing Whether floating in the sea eye to eye with a humpback whale escaping pirates or drinking tea in a bombed out Eritrean alley with refugees Doann takes you there

Odyssey of the Voice Jean Abitbol,2006 Renowned French otolaryngologist Jean Abitbol a lifetime student of the human voice takes readers on an unforgettable odyssey spanning man s first use of voice through the acquisition of language to the use of voice as an expression of self With great wit and charm Dr Abitbol s narrative encompasses everything from the psychological to the physiological from explaining the workings of the voice to celebrating the human voice s highest achievements He describes a fascinating history of the voice its origins its course since the Homo Sapiens first sentences its episodes of hoarseness and its achievements from the newborn cry to the coloratura soprano from the impersonator to the ventriloquist After exploring what is known about the voice Dr Abitbol tells us what our voices are capable of He examines what he describes as the magic of the voice the voice as a fingerprint a reflection of our personality in expressing our sex and sexuality A great portion of this odyssey is devoted to singing and singers both to the complexity of singing in general and to lyrical singing the intricacies of which requires participation of the mechanical emotional and cerebral systems The mysteries of the voice unfold as Dr Abitbol guides readers through the latest physiological and pathological research using examples of historical figures patients and celebrities voices to explain how the ways in which the body moves affect the way the voice sounds and how vocal quality is unique to each human being A unique tour de force of the human vocal instrument Odyssey of the Voice changes the way we think about our voices
