Volcano Geothermal Tourism Sustainable Geo Resources:

Volcano and Geothermal Tourism Patricia Erfurt-Cooper, Malcolm Cooper, 2010-08-12 There are over 1300 active volcanoes worldwide and many more dormant or extinct Some are developed as tourist destinations others are not but have great potential Mount Fuji in Japan attracts over 100 million visitors per year and has immense cultural and spiritual significance while a number of volcanic areas in national parks for example Teide in Spain Yellowstone in the US Vesuvius in Italy and Tongariro in New Zealand attract between one to four million tourists each year In the last decade the designation of nearly 50 geoparks around the world has highlighted their potential for tourism development This book provides the first global review and assessment of the sustainable use of active and dormant volcanic and geothermal environments for geotourism The volcano based tourism sector is further augmented through a closely linked range of geothermal resources and attractions such as geysers and hot springs which are discussed in detail throughout individual chapters covering all key volcanic and geothermal regions around the world It is shown that volcano and geothermal tourism is a subsection of nature based geotourism and incorporates a variety of other tourism categories such as adventure tourism extreme tourism ecotourism green tourism educational tourism and hot spring tourism This comprehensive book covers the most important issues of this growing tourism sector whilst incorporating relevant global research making it an essential resource for all in the field Includes colour plates

Volcanic Tourist Destinations Patricia Erfurt-Cooper, 2014-08-09 This comprehensive book addresses the pressing need for up to date literature on volcanic destinations active and dormant and their role in tourism worldwide in chapters and case studies The book presents a

balanced view about the volcano based tourism sector worldwide and discusses important issues such as the different volcanic hazards potential for disasters and accidents and safety recommendations for visitors Individual chapters and case studies are contributed by a number of internationally based co authors with expertise in geology risk management environmental science and other relevant disciplines associated with volcanoes Also covered are risk aspects of volcano tourism such as risk perception risk management and public safety in volcanic environments Discussions of the demand for volcano tourism including geotourism and adventure tourism as well as some historical facts related to volcanoes with case studies of interesting socio cultural settings are included **Handbook of Geotourism** Ross Dowling,David

Newsome,2018-10-26 Ross Dowling and David Newsome present an original substantial and much needed contribution to the field which will further our understanding of geotourism in theory and practice This Handbook defines characterizes and explores the subject through a range of international perspectives and case studies identifying geotourism as a rapidly emerging form of urban and regional sustainable development With extensive case studies from North and South America Europe Asia Australasia and Africa this global Handbook examines and explains the relationship between geology and tourism Thematically arranged sections cover the relationship of geology with tourism sustainability and society geotourism in urban areas and interpretation and education strategies The final two sections assess geotourism s impact through wide ranging case studies of UNESCO global geoparks and geotourism in a range of countries The eminent academics and practitioners demonstrate how geotourism is a vehicle future for engaging the public and protecting geosites as well as emphasising the importance of sustainability An essential resource for students and educators this Handbook provides an international perspective for those interested in tourism environmental geography ecology and geology Written with practitioners in mind this book reveals how tourism professionals and geologists can build a common vision by working together in sharing knowledge at the nexus of geology and tourism Contributors include M Allan E Aparecida Del Lama R S Aquino A Asrat N Azman T Brown M Burlando H S Cahyadi R M Clary K Crawford E da Silva Guimar es R Dowling A Dumaliang B C Dumaliang P Erfurt S Espiner N T Farsani M Garofano A Gates C Gomez J E Gordon M Gray N Gr nert S A Halim Herlina Y Jeon J Johnston H T Kobryn I Komoo L Kubal kov U Lagally J Larwood E A Lima M Machado P Migon R Miller C Neto de Carvalho D Newsome R Pe a H Purdie A Riganti J P R Rivera D A Ruban H Samodra L Sheydder de Oliveira Lopes R C Soares K Takenouchi M Thomas H Torigoe M Van Kranendonk J Weber G Worton K Xu *Consumer Tribes in Tourism* Christof Pforr,Ross Dowling,Michael Volgger,2020-11-18 This book adopts a collectivist perspective on special interest tourism consumption bringing together research on special interest tourism and niche tourism as well as more recent research into the interdisciplinary applications of the sociological concept of neo tribes It promotes a shift in perspective away from special interest tourism understood as a sum of similarly motivated individuals to a collective view of special interest tourists who share common characteristics e g shared values beliefs and mutual interests and group structures This

approach provides a better understanding of groupings that are not unified by a common tourism motivation but brought together by otherwise conditioned commonalities in actual behavior triggered by supply side contexts e g Airbnb The book considers tourism micro segments as consumer tribes i e as symbolic communities in which individuals are embedded and loosely bound together As there is limited research on the collectivist perspective on special interest tourism consumption in the first part the book s conceptual theoretical discourse contributes to a better understanding of groupings in tourism behavior but also collectives that are not unified by a common tourism motivation Presenting international examples the book explores in Part 2 the group culture of a range of tourist tribes by describing emerging tourism micro segments identifying shared identities and analyzing their collective mechanisms
