Warranted Christian Belief:

Warranted Christian Belief Alvin Plantinga, 2000 Describes the notion of warrant as that which distinguishes knowledge from true belief This volume examines warrant's role in theistic belief tackling the questions of whether it is rational reasonable justifiable and warranted to accept Christian belief and whether there is something epistemically unacceptable in doing so

Warranted Christian Belief Alvin Plantinga, 1999-12-30 This is the third volume in Alvin Plantinga's trilogy on the notion of warrant which he defines as that which distinguishes knowledge from true belief In this volume Plantinga examines warrant's role in theistic belief tackling the questions of whether it is rational reasonable justifiable and warranted to accept Christian belief and whether there is something epistemically unacceptable in doing so He contends that Christian beliefs are warranted to the extent that they are formed by properly functioning cognitive faculties thus insofar as they are warranted Christian beliefs are knowledge if they are true

[Transcendental Arguments and Justified Christian Belief](#) Ronney Mourad, 2005-02-08 Transcendental Arguments and Justified Christian Belief offers an extended discussion of the characteristics of transcendental arguments and the philosophical objections that have been leveled against them Author Ronney Mourad provides a comprehensive

review of the recent philosophical literature concerning the definition and possibility of transcendental arguments and defends original positions on these issues One function of transcendental arguments is to identify beliefs or propositions implied by any possible act of assertion Anyone who denies the conclusions of a sound transcendental argument defined in this way simultaneously implies the truth of those conclusions by asserting the denial Therefore a sound transcendental argument produces conclusions that are distinctively universal and resistant to criticism This book also applies transcendental argumentation to epistemological questions in Christian theology Can Christians justify their religious beliefs Do they even need to try The work of Karl Otto Apel and Franklin Gamwell serves as the starting point for the development of a transcendently grounded conception of epistemic justification The final chapters argue in conversation with Schubert Ogden and Alvin Plantinga that the obligations of epistemic justification revealed by transcendental arguments bear several implications for theological method

The Problem of Religious Pluralism in Alvin Plantinga's "Warranted Christian Belief" Uri Gavish,2018 *Tayloring Reformed Epistemology* Deane-Peter Baker,2007 In recent philosophical discourse there has been a proliferation of work in the field of philosophy of religion and in particular at the intersection between epistemology and philosophy of religion Much of that interest has centred on the emergence of what has come to be known as Reformed Epistemology The central claim of Reformed epistemologists is that belief in God is properly basic The purpose of the arguments offered by Reformed epistemologists is to oppose what Plantinga calls the de jure objection to theistic belief the idea that it is somehow irrational a dereliction of epistemic duty or in some other sense epistemically unacceptable to believe in God This objection is distinct from what Plantinga labels the de facto objection the objection that whatever the rational status of belief in God it is in fact a false belief The primary goal of Reformed epistemology then is to defend Christian belief against the de jure objection thereby showing that everything really depends on the truth of Christian belief This book demonstrates the feasibility of combining the Reformed epistemologist s position with an argument for theism that the author draws from Charles Taylor s work In it he shows the value that would be added to the Reformed epistemologist s position by such a combination

Epistemology as Theology James K. Beilby,2005 Locating Plantinga s most recent work in the context of his theological assumptions his previous work on religious epistemology and the current debate over how knowledge should be characterized Beilby s book offers a unique perspective on Plantinga s religious epistemology

Where the Conflict Really Lies Alvin Plantinga,2011-11-30 In this long awaited book pre eminent analytical philosopher Alvin Plantinga argues that the conflict between science and theistic religion is actually superficial and that at a deeper level

they are in concord Warrant in Contemporary Epistemology Alvin Plantinga, 1996 Motivated by Plantinga's work fourteen prominent philosophers have written new essays investigating Plantingian warrant and its contribution to contemporary epistemology The resulting collection representing a broad array of views not only gives readers a critical perspective on Plantinga's landmark work but also provides in one volume a clear statement of the variety of approaches to the nature of warrant within contemporary epistemology and to the connections between epistemology and metaphysics **Paradox in Christian Theology** James Anderson, 2007-03-06 Does traditional Christianity involve paradoxical doctrines that is doctrines that present the appearance at least of logical inconsistency If so what is the nature of these paradoxes and why do they arise What is the relationship between paradox and mystery in theological theorizing And what are the implications for the rationality or otherwise of orthodox Christian beliefs In *Paradox in Christian Theology* James Anderson argues that the doctrines of the Trinity and the incarnation as derived from Scripture and formulated in the ecumenical creeds are indeed paradoxical But this conclusion he contends need not imply that Christians who believe these doctrines are irrational in doing so In support of this claim Anderson develops and defends a model of understanding paradoxical Christian doctrines according to which the presence of such doctrines is unsurprising and adherence to paradoxical doctrines cannot be considered as a serious intellectual obstacle to belief in Christianity The case presented in this book has significant implications for the practice of systematic theology biblical exegesis and Christian apologetics
