[Stock Market Investing For Beginners](#) Mark Atwood, 2020-04-07 Curious to find out how investors like Warren Buffet are swimming in billions while the mass majority can't even breakeven Keep reading Investing in the stock market does have the potential to yield exceptional returns That we know However we fail to think that it can do that for us Successful investors were not born with special abilities that you and I do not have Everyone starts at a different place but inherently I couldn't think of a person that couldn't become a successful investor Still many people struggle to choose the right stocks and make a profit Most people don't even break even they lose money Soon they conclude that this thing isn't for them and give up That doesn't have to be the case You might want to invest part time for an extra 500 1000 to supplement your current income You might want to quit your job and get into it full time to try to make a living out of it Or in best cases you're the type of person who wants to be financially free live a life without having to work another day in your life i.e. make millions Whatever the goal is small or big the possibilities are there When I first got into investing I struggled a lot After years of frustration disappointment embarrassment and on one occasion 17739 in debt I know it can be tough It got to the point where I just thought that I wasn't made for it and of course as 99.9% of the population I started making excuses You're probably familiar with some of them It's too late to get started I don't have enough money to invest I don't have enough time

The excuses are endless Companies keep growing Most millionaire investors started from nothing a few were born into wealthy families You have the same 24 hours as everyone else The upside is that even if you have made these excuses before you can succeed now It s just up to you to take the initiative In this book you ll discover some of the following Proven Strategies to Use when Investing in Stocks Value Investing Growth Investing Income Investing Short Selling Day Trading Buying on Margin Fundamental Technical Analysis Step by Step Mutual Funds ETFs IPOs Industry Company Stock Research Stock Market Tips Tricks Much much more Needless to say stock market investing can be tough to venture into but it can also be profitable If you re struggling to decide whether investing is something for you or not this beginner book will help you make that decision With easy to understand text and well structured chapters you ll be able to read and absorb the contents of this book like a sponge even if you re a complete beginner If you would like to partake in this opportunity and potentially make thousands of dollars from your investments make sure to buy now for instant access
