The Warrior Soul Jerry Boykin, Stu Weber, 2015-01-06 LIFE IS A BATTLE AND WE ARE ALL SOLDIERS We may not wear a uniform eat in a mess hall or dodge actual bullets for a living but we are in a war a very crucial one Just walk into any room of people and you'll find immeasurable pain and wounds On the outside we wear our camouflage well but on the inside deep within our own souls we realize life is conflict It is traceable to a single source Satan the adversary of our souls Written by two US Army Green Berets The Warrior's Soul provides a guide for how to apply the techniques of a true warrior in the spiritual realm by emphasizing five core elements A cause greater than self why we fight A settled memory the link between history and current circumstances A personal intensity eager for challenges and undistracted by personal issues An unflagging optimism an absolute commitment to never surrender A deep camaraderie a personal commitment to fellow warriors True warriors are willing to stand when others bow With this first rate preparation for spiritual battle you can stand strong and see victory

Kamikaze, Cherry Blossoms, and Nationalisms Emiko Ohnuki-Tierney, 2010-10-01 Why did almost one thousand highly educated student soldiers volunteer to serve in Japan's tokkotai kamikaze operations near the end of World War II even though Japan was losing the war In this fascinating study of the role of symbolism and aesthetics in totalitarian ideology Emiko Ohnuki Tierney shows how the state manipulated the time honored Japanese symbol of the cherry blossom to convince people that it was their honor to die like beautiful falling cherry petals for the emperor Drawing on diaries never before published in English Ohnuki Tierney describes these young men's agonies and even defiance against the imperial ideology Passionately devoted to cosmopolitan intellectual traditions the pilots saw the cherry blossom not in militaristic terms but as a symbol of the painful beauty and unresolved ambiguities of their tragically brief lives Using Japan as an example the author breaks new ground in the understanding of symbolic communication nationalism and totalitarian ideologies and their execution

The Spiritual Journey of the Warrior Brendan Michaels, 2008 **Weary Warriors** Pamela Moss, Michael J. Prince, 2014-06-01 As seen in military documents medical journals novels films television shows and memoirs soldiers invisible wounds are not innate cracks in individual psyches that break under the stress of war Instead the generation of weary warriors is caught up in wider social and political networks and institutions families activist groups

government bureaucracies welfare state programs mediated through a military hierarchy psychiatry rooted in mind body sciences and various cultural constructs of masculinity This book offers a history of military psychiatry from the American Civil War to the latest Afghanistan conflict The authors trace the effects of power and knowledge in relation to the emotional and psychological trauma that shapes soldiers bodies minds and souls developing an extensive account of the emergence diagnosis and treatment of soldiers invisible wounds Representations of "Japanese Nature" Emiko

Ohnuki-Tierney, 2025-02-01 Nature as a concept and word is extremely elusive yet it is commonly taken for granted that the pristine nature is out there This book explores the factors that have naturalized the idea of nature as pristine into our psyche and as something that has a spatial visual and temporal dimension for seasons Much emphasis is given to the inhabitants demonstrating the dynamic characteristic of nature As a study done over a long period of history Representations of Japanese Nature shows the mutual support between conceptual principles of nature and the daily activities of the people 2015

General Election Manifesto Mike Buchanan, 2015-01-29 The human rights of men and boys in the United Kingdom have been increasingly assaulted by the state s actions and inactions for over 30 years as they have across much of the developed world Justice for men boys and the women who love them is the only political party in the English speaking world campaigning for the human rights of men and boys including the right of all children to enjoy good access to both parents following family breakdowns and the restoration of fatherhood and strong families The British state has become ever more hostile towards men and boys although the state is largely funded by men through income tax receipts Men collectively pay 72% and women 28% of the income taxes collected by the state In 2011 12 British men paid 68 billion 68 000 000 000 more income tax than women yet the state disadvantages men and boys in many areas usually to advantage women and girls There are no areas in which the state disadvantages women and girls A state which is hostile towards half its citizens also affects women who are mothers of boys or who are men s partners relatives colleagues friends or acquaintances In the case of abortion foetal alcohol syndrome and fatherlessness girls including those yet unborn are also assaulted by the actions and inactions of the state The result is both inevitable and predictable an ever more dysfunctional society with increasing alienation of the sexes In this manifesto we provide details of the state s disadvantaging of men and boys in 20 areas and we make proposals in each of them The areas are presented in a broadly chronological order Abortion Foetal alcohol syndrome Genital mutilation Fatherlessness restoring strong families Education Employment Access to children after family breakdowns Domestic violence Sexual abuse Armed Forces veterans mental health issues Homelessness Suicide Criminal justice system Paternity fraud Anonymity for suspected sexual offenders Divorce Health Political representation State interference in company director appointments Expectation of retirement years The social engineering programmes which seek equality of gender outcomes are having an increasingly damaging impact on British society and the Conservative led coalition is no less keen on driving those programmes than the preceding Labour administrations We have a vision of Britain as a nation that doesn t

disadvantage half its citizens A society in which men and women have equal opportunities but are able to make their own choices in life without state intervention to advantage one sex over the other It s said that under the first past the post system votes for parties other than the major parties are wasted but voting is the only mechanism democracy affords citizens to seriously challenge politicians who embrace the all pervading anti male ideology which has dictated the state s policy directions for over 30 years The major parties are institutionally committed to advantaging women and girls at the expense of men and boys regardless of the consequences as we recognized after engaging in parliamentary inquiries which demonstrated that the government simply doesn t respond to rational arguments against anti male policy directions The only choice for citizens concerned about the state s assaults on the human rights of men and boys is to vote and to vote for J4MB In the short to medium term our challenge is to improve public understanding about the state s assaults on the human rights of men and boys We do that in various ways including the use of social media Our television and radio appearances may be found on our YouTube channel Our longer term strategy however is to develop our party to the point that we can field many candidates in general elections in marginal constituencies where the major parties are vulnerable They will then have no choice but to take heed of the voices we represent engage with us and seek to appease them by modifying their policies and their direction of travel At the 2015 general election we ll be fielding three candidates in adjacent constituencies near Nottingham where in 2010 MPs were elected with very slim majorities I ll be standing in Ashfield where Gloria De Piero retained the seat for Labour with 192 more votes than a Liberal Democrat candidate She s the Shadow Minister for Women Equalities Ian Young formerly a victim of domestic violence will be standing against a Conservative Mark Spencer in Sherwood Ian lives in the constituency in Hucknall Ray Barry leader of the campaign group Real Fathers for Justice will be standing against another Conservative Anna Soubry in Broxtowe I should like to take this opportunity to thank all the men and women who have supported J4MB since its launch in February 2013 including those who have contributed to this manifesto We ve gone to considerable lengths to ensure that all the information we present is factually correct If you should find any mistakes or you believe any of the content to be misleading please draw this to our attention If you feel able to support J4MB in any way please contact us I invite you to make a donation which will support our campaigning Nobody associated with J4MB has ever drawn any personal income from donations and we don t expect that to change in the foreseeable future if ever Thank you for your support and for seeking justice for men and boys and the women who love them

Intercultural Communication in Japan Satoshi Toyosaki,Shinsuke Eguchi,2017-02-24 Japan is heterogeneous and culturally diverse both historically through ancient waves of immigration and in recent years due to its foreign relations and internationalization However Japan has socially culturally politically and intellectually constructed a distinct and homogeneous identity More recently this identity construction has been rightfully questioned and challenged by Japan s culturally diverse groups This book explores the discursive systems of cultural identities that regenerate the illusion of Japan

as a homogeneous nation Contributors from a variety of disciplines and methodological approaches investigate the ways in which Japan's homogenizing discourses are challenged and modified by counter homogeneous message systems They examine the discursive push and pull between homogenizing and heterogenizing vectors found in domestic and transnational contexts and mobilized by various identity politics such as gender sexuality ethnicity foreign status nationality multiculturalism and internationalization After offering a careful and critical analysis the book calls for a complicating of Japan's homogenizing discourses in nuanced and contextual ways with an explicit goal of working towards a culturally diverse Japan Taking a critical intercultural communication perspective this book will be of interest to students and scholars of Japanese Studies Japanese Culture and Japanese Society

'Brick' House US Army retired, 2019-07-24 From an apocalyptic legalistic cult rearing and other childhood traumas of violence while growing up in Appalachian Kentucky and witness to a bloody murder as a pre teen to the Airborne combat missions as an adult in the infamous Kunar Province of Afghanistan the author shares an autobiographical account of various physical and psychological traumas occurring over the course of multiple decades The book is intended to be one survivor's story of common survivor struggles and finding a path forward in healing and recovery While there are self help themes to the message there are also anecdotal accounts of specific treatments from which the author has benefited This book is meant to comfort trauma survivors in letting them know they are not alone to break social taboos regarding discussion about mental illness provide strategies and tools for PTSD Post Traumatic Stress Disorder survivors and to share a vision about a role for marital arts as a therapy for PTSD

Infantry, 2006 Kamikaze Diaries Emiko Ohnuki-Tierney, 2007-03-01 We tried to live with 120 percent intensity rather than waiting for death We read and read trying to understand why we had to die in our early twenties We felt the clock ticking away towards our death every sound of the clock shortening our lives So wrote Irokawa Daikichi one of the many kamikaze pilots or tokkotai who faced almost certain death in the futile military operations conducted by Japan at the end of World War II This moving history presents diaries and correspondence left by members of the tokkotai and other Japanese student soldiers who perished during the war Outside of Japan these kamikaze pilots were considered unbridled fanatics and chauvinists who willingly sacrificed their lives for the emperor But the writings explored here by Emiko Ohnuki Tierney clearly and eloquently speak otherwise A significant number of the kamikaze were university students who were drafted and forced to volunteer for this desperate military operation Such young men were the intellectual elite of modern Japan steeped in the classics and major works of philosophy they took Descartes I think therefore I am as their motto And in their diaries and correspondence as Ohnuki Tierney shows these student soldiers wrote long and often heartbreaking soliloquies in which they poured out their anguish and fear expressed profound ambivalence toward the war and articulated thoughtful opposition to their nation's imperialism A salutary correction to the many caricatures of the kamikaze this poignant work will be essential to anyone interested in the history of Japan and World War II
