Wars Against Napoleon The Debunking The Myth Of The Napoleonic Wars:

Wars Against Napoleon General Michel Franceschi, Ben Weider, 2008-02-04 Popular and scholarly history presents a one dimensional image of Napoleon as an inveterate instigator of war who repeatedly sought large scale military conquests General Franceschi and Ben Weider dismantle this false conclusion in *The Wars Against Napoleon* a brilliantly written and researched study that turns our understanding of the French emperor on its head Avoiding the simplistic clichés and rudimentary caricatures many historians use when discussing Napoleon Franceschi and Weider argue persuasively that the caricature of the megalomaniac conqueror who bled Europe white to satisfy his delirious ambitions and insatiable love for war is groundless By carefully scrutinizing the facts of the period and scrupulously avoiding the sometimes confusing cause and effect of major historical events they paint a compelling portrait of a fundamentally pacifist Napoleon one completely at odds with modern scholarly thought This rigorous intellectual presentation is based upon three principal themes The first explains how an unavoidable belligerent situation existed after the French Revolution of 1789 The new France inherited by Napoleon was faced with the implacable hatred of reactionary European monarchies determined to restore the ancient regime All out war was therefore inevitable unless France renounced the modern world to which it had just painfully given birth The second theme emphasizes Napoleon's determined efforts bordering on an obsession argue the authors to avoid this inevitable conflict The political strategy of the Consulate and the Empire was based on the intangible principle of preventing or avoiding these wars not on conquering territory Finally the authors examine conflict by conflict the evidence that Napoleon never declared war As he later explained at Saint Helena it was he who was always attacked not the other way around His adversaries pressured and even forced the Emperor to employ his unequalled military genius After each of his memorable victories Napoleon offered concessions often extravagant ones to the defeated enemy for the sole purpose of avoiding another war Lavishly illustrated persuasively argued and carefully illustrated with original maps and battle diagrams *The Wars Against Napoleon* presents a courageous and uniquely accurate historical idea that will surely arouse vigorous debate within the international historical community

The Consequences of Honour Mark Lucas, 2013-03-19

Napoleon Bonaparte seized power in 1799 installing himself as First Consul of Revolutionary France One of his first acts was to seek peace with Great Britain After setbacks and tortuous negotiations a preliminary peace was agreed in October 1801 sealed by a definitive treaty at Amiens the following year an event welcomed by people on both sides of the Channel But the peace was tragically brief and its rupture in 1803 ignited a conflagration that raged until Napoleon s final defeat at the Battle of Waterloo in 1815 This is the story of that brief interlude of peace how it came about what it allowed and how it ended The diplomatic relationship between Britain and France is explored and the internal politics of the two countries described A

que las Guerras Napoleónicas también tuvieron a escala mundial. A partir de una prodigiosa labor de documentación Alexander Mikaberidze sostiene que este vasto conflicto solo puede entenderse por completo tomando en consideración todo el contexto internacional: las potencias europeas se disputaron la hegemonía en los campos de batalla del Viejo Continente pero también en América en África en Oriente Medio en Asia en el Mediterráneo en el Atlántico en el Índico. Al recorrer cada una de estas regiones la bella prosa de Mikaberidze desgana los principales acontecimientos políticos y militares que jalónaron esta convulsa y transformadora época tanto en Europa como alrededor del mundo para construir con ello la primera historia global del periodo que amplifica la visión tradicional que tenemos de las Guerras Napoleónicas y su papel determinante en la configuración del mundo moderno.

As Guerras Napoleônicas History Nerds, 2025-03-25. A Revolução Francesa do final da década de 1790 foi um dos eventos críticos na história da Europa. Foi o momento decisivo um deslizamento histórico que conduziu o mundo a uma nova e completamente diferente época. Infelizmente todas essas mudanças vieram com um grande custo. Na esteira da Revolução seguiu-se uma série de conflitos em larga escala coletivamente conhecidos como Guerras Napoleônicas. Sua magnitude sua ferocidade e a perda de vidas que elas causaram foram sem precedentes até aquele momento e mostraram ao mundo observador que a mudança de uma história milenar pode ser brutal cruel e tumultuada. **The British National**
