Zimbabwe Catholic Liturgical Guide Of 2013:

Reconciliation and Religio-political Non-conformism in Zimbabwe Joram Tarusarira, 2016-05-20 Religio political organisations in Zimbabwe play an important role in advocating democratisation and reconciliation against acquiescent silenced or co opted mainstream churches Reconciliation and Religio political Non conformism in Zimbabwe analyses activities of religious organisations that deviate from the position of mainline churches and the political elites with regard to religious participation in political matters against a background of political conflict and violence Drawing on detailed case studies of the Zimbabwe Christian Alliance ZCA Churches in Manicaland CiM and Grace to Heal GtH this book provocatively argues that in the face of an unsatisfactory religious and political culture religio political non conformists emerge seeking to introduce a new ethos even in the face of negative sanctions from dominant religious and political systems **Religion in Times of Crisis** , 2014-07-03 Religion is alive and well all over the world especially in times of personal political and social crisis Even in Europe long regarded the most secular continent religion has taken centre stage in how people respond to the crises associated with modernity or how they interact with the nation state In this book scholars working in and on Europe offer fresh perspectives on how religion provides answers to existential crisis how crisis increases the salience of religious identities and cultural polarization and how religion is contributing to changes in the modern world in Europe and beyond Cases from Poland to Pakistan and from Ireland to Zimbabwe among others demonstrate the complexity and ambivalence of religion s role in the contemporary world Contributors are Mariecke van den Berg David J Bos Marco Derks Marco Derks R Ruard Ganzevoort Milo Jovanovi Vladimir Kmec Marta Ko odziejska Anne Marie Korte Anne Sophie Lamine Christophe Monnot Alexandre Piettre Ali Qadir Srdjan Sremac Joram Tarusaria Martina Topi and Tom Wagner *Inventing the New Dispensation in Zimbabwe* Ezra Chitando, Lovemore Togarasei, Joram Tarusarira, 2024-11-14 How does a regime whose members have been actively involved in the previous one appropriate and deploy religious ideas and rhetoric to cast itself as born again and attractive Exploring intersections between politics religion and economics this book examines invention of Zimbabwe s New Dispensation the regime of Emmerson D Mnangagwa and how it has aimed to separate itself from the previous regime of Robert G Mugabe Utilizing the concept of invention contributors reflect on how Mnangagwa and his publicists deploy religious ideas concepts and rhetoric in the quest for legitimacy in a heavily contested political field The book also reflects on the ways opposing political actors have utilized the same template in their quests to secure power The contributors interrogate the use of time theological ideas and religious practices to separate Mnangagwa s regime from Mugabe s This book provides insight into how religious rhetoric is used not only to gain but also to contest legitimacy in Zimbabwe s political sphere **Politics and Religion in Zimbabwe** Ezra Chitando, 2020-04-03 This book illustrates how religion and ideology were used by Robert Mugabe to ward off opposition within his own party in Zimbabwe and from the West An interdisciplinary line up of contributors argue that Mugabe used a calculated narrative of deification presenting

himself as a divine figure who had the task of delivering land freedom and confidence to black people across the world to remain in power in Zimbabwe. The chapters highlight the appropriation and deployment of religious themes in Mugabe's domestic and international politics, reflecting on the contestation around the deification of Mugabe in Zimbabwean politics across different forms of religious expression, including African Traditional Religions and various strands of Christianity, and initiate further reflections on the interface between religion and politics in Africa and globally. **Politics and Religion in Zimbabwe** will be of interest to scholars of religion and politics, Southern Africa and African politics.

Religion-Regime Relations in Zimbabwe Ezra Chitando, Lovemore Togarasei, Joram Tarusarira, 2023-08-01. This book explores religion-regime relations in contemporary Zimbabwe to identify patterns of co-operation and resistance across diverse religious institutions. Using co-operation and resistance as an analytical framework, the book shows how different religious organisations have interacted with Emmerson Mnangagwa's Second Republic following Robert Mugabe's departure from the political scene. In particular, through case studies on the Zimbabwe Council of Churches, Zimbabwe Catholic Bishops' Conference, and Pentecostals, African Traditional Religions, Islam, and others, the book explores how different religious institutions have responded to Mnangagwa's new regime. Chapters highlight the complexities characterising the religion-regime interface, showing how the same religious organisation might co-operate and resist at the same time. Furthermore, the book compares how religious institutions co-operated or resisted Mugabe's earlier regime to identify patterns of continuity and change. Overall, the book highlights the challenges of deploying simplistic frames in efforts to understand the interface between politics and religion. A significant contribution to global scholarship on religion-regime interfaces, this book will appeal to academics and students in the field of Religious Studies, Political Science, History, and African Studies.

Scattered and Gathered Michael L. Budde, 2017-09-15. This volume takes its title from the first-century Christian catechism called the Didache: "Even as this broken bread was scattered over the hills, gathered together and became one, so let Your Church be gathered together from the ends of the earth." For Christians today, these words remain relevant in an era of massive human movements, voluntary and coerced, hybrid identities, and wide-ranging cultural interactions. How do modern Christians live as both a scattered and gathered people? How do they live out the tension between ecclesial universality, catholicity, and particularity? Distinctive ways of being church in a given culture and context? Do Christians today constitute a diaspora—a people dispersed across borders and cultures that nonetheless maintains a sense of commonality and mission? *Scattered and Gathered: Catholics in Diaspora* explores these questions through the work of fourteen scholars in different fields and from different corners of the world. Whether through reflections on Zimbabweans in Britain, Levantines in North America, or the remote island people of Chiloe now living in other parts of Chile, they guide readers along the winding road of insights and challenges facing many of today's Christians.

contemporary perspectives the author analyses the relationship between the ruling ZANU PF party and the opposition exposing the pervasive influence of foreign powers and their regime change agendas Amidst western imposed economic sanctions the book examines how political opposition has struggled to maintain its footing in the face of ZANU PF s rhetoric on preserving the nation s sovereignty Drawing on the powerful theoretical frameworks of Gramsci s hegemony theory and instrumentalism the book dissects the constraints on multiparty democracy under ZANU PF s rule From the party s manipulation of liberation narratives to the subtle intricacies of Mugabeism a violent and ideological stronghold the author unveils the tactics employed to maintain power The chapters uncover the pivotal role played by the military throughout Zimbabwe s history from the days of the liberation struggle to the shocking events of 2017 when Mugabe s grip on power was diminished by the very force that had propped him up for decades the author reveals how the military s involvement has thwarted opposition players attempts to claim power Boldly challenging the notion that constraints solely rest on ZANU PF this book calls attention to the shortcomings of opposition parties in navigating Zimbabwe s treacherous political landscape Using compelling evidence and unparalleled analysis the book is an essential read for those seeking to understand the intricate web of power manipulation and struggle that has defined Zimbabwe s political journey
