Zolani Mkiva Praise Songs:

An African Athens Philippe-Joseph Salazar, 2002-02 This volume analyzes how public rhetoric argumentation and discourse led to the successful change in government in South Africa Intended for scholars and students in rhetoric speech political communication persuasion and related areas

Beyond Memory Max Mojapelo, 2008 South Africa possesses one of the richest popular music traditions in the world from marabi to mbaqanga from boeremusiek to bubblegum from kwela to kwaito Yet the risk that future generations of South Africans will not know their musical roots is very real Of all the recordings made here since the 1930s thousands have been lost for ever for the powers that be never deemed them worthy of preservation And if one peruses the books that exist on South African popular music one still finds that their authors have on occasion jumped to conclusions that were not as foregone as they had assumed Yet the fault lies not with them rather in the fact that there has been precious little documentation in South Africa of who played what or who recorded what with whom and when This is true of all music making in this country though it is most striking in the musics of the black communities

Beyond Memory Recording the History Moments and Memories of South African Music is an invaluable publication because it offers a first hand account of the South African music scene of the past decades from the pen of a man Max Thamagana Mojapelo who was situated in the very thick of things thanks to his job as a deejay at the South African Broadcasting Corporation This book astonishing for the breadth of its coverage is based on his diaries on interviews he conducted and on numerous other sources and we find in it not only the well known names of recent South African music but a countless host of others whose contribution must be recorded if we and future generations are to gain an accurate picture of South African music history of the late 20th and early 21st centuries

Finnegan, 2007 Africa has long been known as the oral continent at once the home of oral literature orature and orality the oral background to the postcolonial literatures of today and the inspirer of the voiced traditions of the diaspora But does this

image of Africa and orality still stand up to scrutiny In this new synthesis of her earlier and most recent work Ruth Finnegan illustrates the continuing interest of African verbal arts and performances and reflects on the related development of orality studies through the decades since the 1960s Her provocative conclusion is that it is time to abandon the long entrenched image of Africa as the oral continent and to adopt a more critical comparative perspective on the oral RUTH FINNEGAN FBA is Visiting Research Professor and Emeritus Professor in the Faculty of Social Sciences at the Open University and is the author of the classic study *Oral Literature in Africa* North America University of Chicago Press South Africa University of KwaZulu Natal Press

Madiba A to Z Danny Schechter, 2013-11-26 From the makers of the major motion picture *Mandela Long Walk to Freedom* a completely unique biography and thematic telling of the story of Nelson Mandela This book which provided key source material for the film is an unexpurgated collection of the views and opinions of South Africa's first Black president and it draws on Danny Schechter's forty year relationship with Madiba as Nelson Mandela is known in his native South Africa Each chapter of this unique portrait corresponds to a letter of the alphabet and the letters cover major and minor unexpected and fascinating themes in Mandela's life and his impact on others Athlete Bully Comrade Forgiveness Indigenous Jailed Militant and President to name a few The book quotes liberally from Mandela himself his ex wives and other family members global leaders Mandela's cellmates and guards on Robben Island the team behind *Mandela Long Walk to Freedom* former president F W de Klerk members of the South African Police and his comrades including his successor Thabo Mbeki *Madiba A to Z* reveals sides of Nelson Mandela that are not often discussed and angles of the anti apartheid movement that most choose to brush under the table in order to focus on the happy ending version of the story As Schechter reports in the book according to Mandela's successor as president of South Africa Thabo Mbeki the fundamental problems of South Africa poverty inequality have remained unchanged since 1994 This is partly because as Schechter writes six months before the 1994 elections when South Africa was being governed jointly by the ANC and the National Party under a Transitional Executive Council TEC there were secret negotiations about the economic future There are many rarely spoken of revelations in *Madiba A to Z* a book about Mandela's brilliance his courage his tremendous impact in saving his country and its people of all races but one that also shows how far South Africa still has to go

Where is Language? Ruth Finnegan, 2020-06-11 Language is central to human experience and our understanding of who we are whether written or unwritten sung or spoken But what is language and how do we record it Where does it reside Does it exist and evolve within written sources in performance in the mind or in speech For too long ethnographic aesthetic and sociolinguistic studies of language have remained apart from analyses emerging from traditions such as literature and performance Where is Language argues for a more complex and contextualized understanding of language across this range of disciplines engaging with key issues including orality literacy narrative ideology performance and the human communities in which these take place Eminent anthropologist Ruth Finnegan draws together a lifetime of ethnographic case studies reading and personal

commentary to explore the roles and nature of language in cultures across the world from West Africa to the South Pacific By combining research and reflections Finnegan discusses the multi modality of language to provide an account not simply of vocabulary and grammar but one which questions the importance of cultural settings and the essence of human communication itself

on both the conceptual and the pragmatic level and its theoretical observations and reflections are informed by first hand experiences and comparative reflections from a German Indian and Korean perspective A new insight is the importance of the future dimension of memory and hence the need to develop the ability to remember with the future in mind Historical memory in an African context provides a rich kaleidoscope of the diverse experiences and perspectives and yet there are recurring themes and similar conclusions connecting it to a global dialogue to which it has much to contribute but from which it also has much to receive
