Schnabel, 2010-01-28 Drawing on his monumental

scholarly study Early Christian Mission Volume 2 Eckhard J Schnabel s gives us an overview of Paul s missionary practices strategies and methods and then weighs contemporary evangelical missiology and practice in light of Paul Crossing Cultures Stephen M. Davis, 2019-07-11 Cross cultural ministry is extremely challenging and must be entered into with eyes wide open The aim of this book is to help better prepare cross cultural workers to accomplish the task to which God has called them to help churches become more proactive in recruiting potential candidates and providing ministry opportunities for assessment and development of their gifts and to help mission agencies more thoroughly evaluate candidates in light of needed competencies The Gagging of God D. A. Carson, 2009-09-01 The Gold Medallion Award winning book that

presents a persuasive case for Christ as the only way to God in light of contemporary religious pluralism A great majority of social commentators attempting to define modern Western culture land on a common characteristic pluralism This isn t unique to secular culture Many modern approaches to Christian hermeneutics or biblical interpretation have given credence to contemporary pluralism What began as a refreshing restraint and humility in modern theology has fallen more and more into irresoluteness It s no secret that the contemporary challenges to Christianity are complex and serious Yet far from simple fear mongering or cultural warmongering The Gagging of God takes a hard look at the background and intricacy of pluralism postmodernity and hermeneutics and equips thoughtful Christians to have intelligent culturally sensitive and passionate fidelity to the gospel of Jesus Christ In his contemplative even handed approach Carson provides a structure of Christian thought capable of facing the philosophies of today and piercing their surface It invites Christians to grapple responsibly with urgent questions of biblically grounded theology spirituality and the defining lines of Christianity along with its range of challenges from without and within The Gagging of God offers an in depth look at the big picture shows how the

many ramifications of pluralism are all parts of a whole and provides a systematic Christian response **Theoretical Frameworks in Qualitative Research** Vincent A. Anfara, Jr., Norma T. Mertz, 2014-10-30 The Second Edition of Theoretical Frameworks in Qualitative Research brings together some of today's leading qualitative researchers to discuss the frameworks behind their published qualitative studies. They share how they found and chose a theoretical framework from what discipline the framework was drawn, what the framework posits, and how it influenced their study. Both novice and experienced qualitative researchers are able to learn first hand from various contributors as they reflect on the process and decisions involved in completing their study. The book also provides background for beginning researchers about the nature of theoretical frameworks and their importance in qualitative research, about differences in perspective about the role of theoretical frameworks, and about how to find and use a theoretical framework. Introducing Story-Strategic Methods Robert Strauss, 2017-03-17 The purpose of Introducing Story Strategic Methods is to awaken us in the cross cultural context. Our natural tendency is to be asleep to our own cultural values and core worldview assumptions. This tendency applies as well to our expectations in the cross cultural context. For example, in what ways would a justice pattern of culture orient our speech and behavior? To what degree is a justice pattern of culture different from an honor pattern of culture? The book asserts that culture matters in effective communication. Going further, to what degree does a story told from the Bible nullify the power of culture? Often we assume that the biblical story trumps culture. It does not. The book affirms rigorously that culture is much more powerful than we first suppose. If in fact culture trumps the biblical story, therefore, understanding and skills are required for effective engagement across cultures. Strategic storytelling is a twelve step methodology that addresses the problems of miscommunication and syncretism that plague the cross cultural context. It offers a step by step solution that promises success. Insights are firmly rooted in Scripture and equally grounded in empirical research from the social sciences. The stories told throughout the book are true. The answers are compelling. A Future for the Latino Church Daniel A. Rodriguez, 2011-05-04 Daniel Rodriguez argues that effective Latino ministry and church planting is now centered in second generation English dominant leadership and congregations. Based on his observation of cutting edge Latino churches across the country, Rodriguez reports on how innovative congregations are ministering creatively to the next generations of Latinos.
