Providing a critical overview of transnationalism as a concept this Handbook looks at its growing influence in an era of high speed globalised interconnectivity It offers crucial insights on how approaches to transnationalism have altered how we think about social life from the family to the nation state whilst also challenging the predominance of methodologically nationalist analyses **Transnational Ties** Michael Peter Smith, John Eade, 2017-09-08 Cities are key sites of the transnational ties that increasingly connect people places and projects across the globe They provide opportunities and constraints within which transnational actors and networks operate and nodes linking wider social formations traverse national borders This book brings together a series of richly textured ethnographic studies that suggest new ways to situate and historicize transnationalism identify new pathways to transnational urbanism and map the contours of translocal interregional and diasporic connections not previously studied The transnational ties treated in this book truly span the globe giving concrete meaning to the phrase globalization from below How have the contributors to this book conceptualized the wider context informing the conduct of their ethnographically grounded multi sited research on the relationship between cities migration and transnationalism Several interrelated contextual dimensions have been singled out as affecting the opportunities and constraints experienced by transnational migrant subjects Socio spatially in several of these chapters the political economic context now called neoliberal globalization is shown to be a key driving force creating conditions that necessitate facilitate or impede migration foster trans local economic ties and create new inter regional interdependencies e g new South South and East East transnational ties The changing historical context of both migrating groups and the cities and regions they move across are central to the study of the interplay of urban change and migrant transnationalism The historical particularities of migrant recruitment migration histories migratory narratives and changing gender and class relations all affect the character and geography of transnational migration with an impact on the social structures of community formation This is a pioneering effort in the Comparative Urban and Community Research series **Transnational Ties** John Eade, Michael Peter Smith, 2011-12-31 Cities are key sites of the transnational ties that increasingly connect people places and projects across the globe They provide opportunities and constraints within which transnational actors and networks operate and

nodes linking wider social formations traverse national borders This book brings together a series of richly textured ethnographic studies that suggest new ways to situate and historicize transnationalism identify new pathways to transnational urbanism and map the contours of translocal interregional and diasporic connections not previously studied The transnational ties treated in this book truly span the globe giving concrete meaning to the phrase globalization from below How have the contributors to this book conceptualized the wider context informing the conduct of their ethnographically grounded multi sited research on the relationship between cities migration and transnationalism Several interrelated contextual dimensions have been singled out as affecting the opportunities and constraints experienced by transnational migrant subjects Socio spatially in several of these chapters the political economic context now called neoliberal globalization is shown to be a key driving force creating conditions that necessitate facilitate or impede migration foster trans local economic ties and create new inter regional interdependencies e g new South South and East East transnational ties The changing historical context of both migrating groups and the cities and regions they move across are central to the study of the interplay of urban change and migrant transnationalism The historical particularities of migrant recruitment migration histories migratory narratives and changing gender and class relations all affect the character and geography of transnational migration with an impact on the social structures of community formation This is a pioneering effort in the Comparative Urban and Community Research series

A Higher Authority: Indigenous Transnationalism and Australia Ravi De Costa, 2012 This important book recovers the long tradition of indigenous transnationalism contact with external people institutions ideas throughout Australia s history from before white settlement to the present

Transnational Russian Studies Andy Byford, Connor Doak, Stephen Hutchings, 2020-02-07 This book focuses on how Russia has perpetually redefined Russianness in reaction to the wider world Treating culture as an expanding field it offers original case studies in Russia s imperial entanglements the life of things Russian including the language beyond the nation s boundaries and Russia s positioning in the globalized world

Desiring Hong Kong, Consuming South China Eric Kit-wai Ma, 2011-12-01 This is a study of the complex and changing cultural patterns in Hong Kong s relationship with the neighbouring mainland From interviews TV dramas media representations and other sources it traces the fading of Hong Kong s once influential position as a role model for less developed mainland cities and explores changing perceptions as China grows in confidence and Hong Kong encounters a powerful nation culture in the mainland Part One Desiring Hong Kong examines the history of cross border relations and movements from the 1970s focusing on Hong Kong as an object of desire for people in South China Part Two Consuming South China moves to the turn of the century when despite increased communications and a disappearing border Hong Kong is no longer a powerful role model it nevertheless continues to be a resourceful node in the chain of global capitalism This is a timely and provocative discussion of a topical issue and one written in an approachable style using lively case studies In contrast with the popular theorization that Hong Kong shows her

true colour in the politics of disappearance this book argues that Hong Kong returns with a politics of reappearance in a dense network of fear and excitement differentiating and assimilating with the mainland at the same time It will be of interest to scholars and students in cultural studies political science sociology and cultural geography It will also have some general appeal to policy makers journalists and the concerned public Torneo Transnacional Bernardo Ramirez
