Vladimir Putin And Russian Statecraft Shapers Of International History:

Vladimir Putin and Russian Statecraft Allen Lynch, 2011 An interpretive biography of one of Russia's most formidable leaders

The Foreign Policy of Russia Robert H. Donaldson, Vidya Nadkarni, 2018-10-16 This text traces the lineage and development of Russian foreign policy with the insight that comes from a historical perspective. Now fully updated, the sixth edition incorporates new coverage of issues including relations with the major powers and with other post-communist states with an emphasis on tensions with the U.S. and engagement with Ukraine, Crimea, and Syria. International security issues including arms control, sanctions, and intervention continue to grow in importance. Domestic and regional issues related to natural resource politics, human rights, Islamism, and terrorism also persist. Chronologically organized chapters highlight the continuities of Russia's behavior in the world since tsarist times as well as the major sources of change and variability over the revolutionary period, wartime alliances, and Cold War. Despite the Soviet collapse and the first post-communist decades, the basic framework used in the book is a modified realism that stresses the balance of power and the importance of national interest and identifies several factors both internal and external that condition Russian policy. The interpretations are original and based on a mix of primary and secondary sources. New to the Sixth Edition: Thoroughly updated coverage of Russia's bilateral relations with the United States and countries in Europe, Asia, Africa, and Latin America. Discussion of how Moscow employs Russia's soft power assets. Russian-American relations, especially with respect to interference in the 2016 U.S. presidential elections and to U.S. foreign policy concerns in North Korea, Iran, and Syria. Russia's interference in recent and upcoming elections in European states which, along with the Brexit vote, threaten to jeopardize the future of the European Union. The full unfolding of the Ukraine crisis. Vladimir Putin's continuing campaign to command greater Western respect for Russia's interests and capabilities. Significant new developments in the Middle East including the nuclear deal with Iran, the involvement in the Syrian civil war, and the first-ever production control deal with OPEC. A new concluding chapter: Russia and the United States: A New Cold War. An Epilogue on the July 2018 Trump-Putin Summit and surrounding events.

Putin vs. Zelensky: The Russo-Ukrainian War Ben Thompson, 2025-08-19 Everything you needed to know about the war between Russia and Ukraine as told by children's nonfiction author Ben Thompson. Guts & Glory series. Conversational and straightforward, this is a must-read for any reader looking to have a better understanding of the current global events. It is late on the evening of Monday, February 25th, 2022, and Kyiv is burning. The unthinkable has happened. The Russians have invaded Ukraine. Land war has come to Europe on a scale that has not been seen since the end of the Second World War. Since this date, Russia has enacted a full-scale invasion of Ukraine led by its leader, president Vladimir Putin. Ukraine has fought back in turn, led by their president Volodymyr Zelensky, defending their homeland and its independent customs, people, history, and language. Putin vs. Zelensky by Ben Thompson chronicles the history of Ukraine and the events that set in motion the Russian invasion and ongoing present-day war as told through the stories and heritage of the conflict's two key players.

Vladimir Putin and Russian Statecraft Allen Lynch, 2011-09 An interpretive biography of one of Russia's most formidable leaders **Miscommunicating Social Change** Olga Baysha, 2018-10-18 This book reveals contradictions between the supposed democratizing mission of the social movements in Russia and Ukraine and their actual conduct and its outcomes It uses cases studies of the White Ribbons movement for fair elections the Ukrainian Euromaidan 2013 2014 and anti corruption protests in Russia organized by Alexei Navalny **Thinking Historically** Francis J. Gavin, 2025-09-02 A compelling and insightful argument for historical study as a way to understand and navigate the complex often confusing world of decision making It seems obvious that we should use history to improve policy If we have a good understanding of the past it should enable better decisions in the present especially in the extraordinarily consequential worlds of statecraft and strategy But how do we gain that knowledge How should history be used Sadly it is rarely done well and historians and decision makers seldom interact But in this remarkable book Francis J Gavin explains the many ways historical knowledge can help us understand and navigate the complex often confusing world around us Good historical work convincingly captures the challenges and complexities the decisionmaker faces At its most useful history is less a narrowly defined field of study than a practice a mental awareness a discernment and a responsiveness to the past and how it unfolded into our present world a discipline in the best sense of the word Gavin demonstrates how a historical sensibility helps us to appreciate the unexpected complicates our assumptions makes the unfamiliar familiar and the familiar unfamiliar and requires us without entirely suspending moral judgment to try to understand others on their own terms This book is a powerful argument for thinking historically as a way for readers to apply wisdom in encountering what is foreign to them **Neue Bücher und Aufsätze in der Bibliothek** Germany. Bundestag. Bibliothek, 2012 **Vladimir Putin** Arvo Tuominen, 2020 The new biography of Vladimir Putin offers an insight into current international politics through deep understanding of Russian culture and history The book reveals who the real Putin is and why Russia is what it is The reader will follow the footsteps of Putin through the history and collapse of Soviet Union to the gilded powerhouse of the Kremlin Read how the Russian politics works and who decide on Russia's foreign policy **Vladimir Putin and the Evolution of Russian Foreign Policy** Bobo Lo, 2003-05-07 Almost three years after the first voluntary handover of power in Russian history this book examines Putin's management of this complex agenda and considers how Moscow's current approach to international relations resembles and differs from that under Yeltsin Examines Putin's management of Russia's foreign policy two years after the first voluntary handover of power in Russian history Considers how Moscow's current approach to international relations resembles and differs from that under Yeltsin Analyses whether changes in foreign policy have been qualitative or largely cosmetic Explores growing talk of a strategic partnership with the US and the West Assesses the realism of such hopes and considers whether we are indeed witnessing a strategic shift in the mentality and conduct of such Russian foreign policy
