The Routledge Companion to Interdisciplinary Studies in Singing, Volume II: Education Helga R. Gudmundsdottir, Carol Beynon, Karen Ludke, Annabel J. Cohen, 2020-05-19 The Routledge Companion to Interdisciplinary Studies in Singing Volume II Education examines the many methods and motivations for vocal pedagogy promoting singing not just as an art form arising from the musical instrument found within every individual but also as a means of communication with social psychological and didactic functions Presenting research from myriad fields of study beyond music including psychology education sociology computer science linguistics physiology and neuroscience the contributors address singing in three parts Learning to Sing Naturally Formal Teaching of Singing Using Singing to Teach In 2009 the Social Sciences and Humanities Research Council of Canada funded a seven year major collaborative research initiative known as Advancing Interdisciplinary Research in Singing AIRS Together global researchers from a broad range of disciplines addressed three challenging questions How does singing develop in every human being How should singing be taught and used to teach How does singing impact wellbeing Across three volumes The Routledge Companion to Interdisciplinary Studies in Singing consolidates the findings of each of these three questions defining the current state of theory and research in the field Volume II Education focuses on the second question and offers an invaluable resource for anyone who identifies as a singer wishes to become a singer works with singers or is interested in the application of singing for the purposes of education

The Oxford Handbook of Choral Pedagogy Frank Abrahams, Paul D. Head, 2017 Where

in the digitizing world is the field of choral pedagogy moving Editors Frank Abrahams and Paul D Head both experienced choral conductors and teachers offer here a comprehensive handbook of newly commissioned chapters that provide key scholarly critical perspectives on teaching and learning in the field of choral music written by academic scholars and researchers in tandem with active choral conductors Choral Pedagogy, Third Edition Brenda Smith, Robert T. Sataloff, 2013-05-15 Choral Pedagogy Third Edition is the ideal text for voice teachers choral conductors church musicians and professional and amateur singers who wish to develop strategies for lifelong singing It concisely and clearly presents the principles of voice pedagogy from the perspective of both conducting and voice science in a user friendly fashion including helpful charts and simple anatomic diagrams In addition it offers teaching methods from history and philosophy medical and voice science and pedagogical concepts from active musical experts Special attention is given to the needs of amateur singers and conductors Topics covered include choral diction posture and seating rehearsal practices and matters of vocal health For the third edition the authors have completely revised the text updating the medical information and expanding the exercises They have also added three new chapters A chapter entitled Singing in the 21st Century that considers the vocal choral demands of the choral repertoire being written in this century A chapter on teaching young boys to sing written by Vic Oakes the conductor of the Chattanooga Boys Choir A chapter entitled The Value of Lifelong Singing With its updates and additions Choral Pedagogy Third Edition is a valuable resource for students of choral conducting music education church music and choral singing **Strategies for Success in Musical Theatre** Herbert D. Marshall, 2016 Marshall's book is a greatly beneficial resource for music education students and teachers alike giving an insightful glimpse into the range of possibilities within a music educator's career Musicians and actors with varying levels of skill and experience will be able to grow simultaneously through Marshall's innovative teaching plans Through collaborative techniques steps in the book serve to educate both director and student Thoroughly illustrated with charts diagrams and scores Strategies for Success in Musical Theatre is an ideal companion for all who work with school and community based musical theater productions Herbert Marshall is Associate Professor in Music Education at Baldwin Wallace University Conservatory of Music and serves on the editorial board of Research and Issues in Music Education He maintains an active schedule as a clinician consultant adjudicator and conductor and teaches workshops for the Gordon Institute of Music Learning *Le Chant Intime* François Le Roux, Romain Raynaldy, 2021 In this translation of the groundbreaking *Le Chant Intime* internationally renowned baritone François Le Roux in conversation with journalist Romain Raynaldy presents a master class on French art song with a thorough analysis of 60 selected songs that deviate from the traditionally narrow repertoire of the m lodie genre Taking an approach that goes far beyond the typical limiting conventions Le Roux and Raynaldy adhere to composer Francis Poulenc's principle that a song should always be a love affair not an arranged marriage Neither theoretical nor purely academic this guide instills in its readers a deep appreciation for the historical and artistic context of each piece by enriching each analysis

with the full text of the lyrical poem and several musical examples as well as fascinating details of historic premieres concert halls singers and poets Paired with intensive and practical notes related to the nuances of melody and vocal delivery each analysis provides an essential reference for performers and listeners alike The translation is due to the expertise of musicologist and pianist Sylvia Kahan Professor of Music at the Graduate Center and College of Staten Island CUNY

The Oxford Handbook of Singing Graham Welch, David Howard, John Nix, 2019-04-04 Singing has been a characteristic behaviour of humanity across several millennia Chorus America 2009 estimated that 42.6 million adults and children regularly sing in one of 270,000 choruses in the US representing more than 1.5 households Similarly recent European based data suggest that more than 37 million adults take part in group singing The Oxford Handbook of Singing is a landmark text on this topic It is a comprehensive resource for anyone who wishes to know more about the pluralistic nature of singing In part the narrative adopts a lifespan approach pre cradle to senescence to illustrate that singing is a commonplace behaviour which is an essential characteristic of our humanity In the overall design of the Handbook the chapter contents have been clustered into eight main sections embracing fifty three chapters by seventy two authors drawn from across the world with each chapter illustrating and illuminating a particular aspect of singing Offering a multi disciplinary perspective embracing the arts and humanities physical social and clinical sciences the book will be valuable for a broad audience within those fields
