Sustainability Performance and Reporting Irene M. Herremans,2020-06-19 This book provides a step by step approach for organizations to reap benefits from a more sustainable approach As organizations tackle global challenges the faces of our businesses and our economic system are changing to consider the interests of all stakeholders rather than just shareholders This book provides a step by step approach for organizations to reap benefits from a more sustainable approach It begins with a brief history of the concept of sustainability as it applies to both performance and reporting Implementing sustainability in an organization begins with the development of policies which are consistent with the expectations of its stakeholders An organization s active participation in multi

stakeholder initiatives helps to align the policies with societal trends Once the policies are developed a management system is crucial to ensure congruence of policies with actual performance Then periodic reporting of performance based on well recognized standards aids stakeholders in assessing an organization s performance reporting also helps stakeholders to determine if performance aligns with their expectations Both internal and external assurances build stakeholder trust in the organization s performance and reporting Finally the book concludes with a reflection on key messages and potential future actions for continuous improvement
