The Women's Movements in the United States and Britain from the 1790s to the 1920s Christine Bolt, 1993 This book offers a comprehensive history of the women's movements in the United States and Britain from the late eighteenth century through the 1920s detailing both similarities and differences In each country organized feminism developed from similar social conditions a shared heritage of Enlightenment ideas a relative expansion of political rights the spread of industrialization and urbanization the growth of an influential middle class and the presence of a predominantly Protestant culture In addition women of both nations pursued similar objectives and experienced similar obstacles in their pursuit of equality As Christine Bolt shows however there were important distinctions Americans were inspired by their own perception of the superiority of their social circumstances the greater strength and boldness of their movement and the greater freedom and respect accorded them In contrast the cause of British feminism was vastly complicated by issues of class and British women often used different means to achieve reform

Science Fiction Cinema and 1950s Britain

Matthew Jones, 2017-11-30 For the last sixty years discussion of 1950s science fiction cinema has been dominated by claims that the genre reflected US paranoia about Soviet brainwashing and the nuclear bomb However classic films such as *Invasion of the Body Snatchers* 1956 and *It Came from Outer Space* 1953 and less familiar productions such as *It The Terror from Beyond Space* 1958 were regularly exported to countries across the world The histories of their encounters with foreign audiences have not yet been told *Science Fiction Cinema and 1950s Britain* begins this task by recounting the story of 1950s British cinema goes and the aliens and monsters they watched on the silver screen Drawing on extensive archival research Matthew Jones makes an exciting and important intervention by locating American science fiction films alongside their domestic counterparts in their British contexts of release and reception He offers a radical reassessment of the genre demonstrating for the first time that in Britain which was a significant market for and producer of science fiction these films gave voice to different fears than they did in America While Americans experienced an economic boom low immigration and the conferring of statehood on Alaska and Hawaii Britons worried about economic uncertainty mass immigration and the dissolution of the Empire *Science Fiction Cinema and 1950s Britain* uses these and other differences between the British and American experiences of the 1950s to tell a new history of the decade's science fiction cinema exploring for the first time the ways in which the genre came to mean something unique to Britons

British Waterways Great Britain. Parliament. House of Commons. Environment, Food and Rural Affairs Committee, 2008 In its 7th report of session 2006-07 HC 345 I ISBN 9780215521330 on British Waterways BW the Committee pressed for adequate funding of the waterways network and

expressed concern at the poor relations that existed at the time between the Department for Environment Food and Rural Affairs Defra and BW This further report was prompted by BW s decision in February 2008 to withdraw from the partnership to restore the Cotswold Canals in order to fund urgent repairs to the Monmouthshire and Brecon Canal The report focuses on BW s regeneration and restoration work but also looks at how Defra and BW are working together and the Committee is encouraged by an improvement in the relationship and communication between the two bodies Restoration of canals produces little if any direct benefit to BW and BW has often carried all the financial risk in such projects Canal restoration schemes can be of great value to the areas where the canals are restored producing knock on benefits such as more jobs and visitor income The BW Board is charged primarily with maintaining the existing waterways network and cannot be expected to take on substantial risk from restoration projects especially in present economic conditions If the public sector wishes to obtain external benefits from canal restoration schemes the bodies responsible for obtaining those benefits should bear the risk Defra with British Waterways and other interested bodies should develop a mechanism to score and prioritise public investment in canal restoration according to the external benefits that would be created and should agree how the financial risks of such projects should be borne

Tourism Distribution Berendien Lubbe,2000 Travel distribution has become one of the most talked about subjects in the tourism industry since technological advances have opened new channels and opportunities for suppliers of tourism travel intermediaries and consumers While technological advances have brought about dramatic changes so too has the consolidation of organisations both in the airline and travel industries These changes are transforming the industry and while travel agents will remain key players in distribution their fundamental role will probably change from supplier biased intermediaries to consumer biased consultants

The British Association's Visit to Montreal, 1884 : Letters Clara Lady Rayleigh,2019-12-19 In *The British Association's Visit to Montreal 1884 Letters* Clara Lady Rayleigh offers a captivating assemblage of correspondence that captures the essence of a pivotal scientific gathering during the late Victorian era Written in an engaging epistolary style these letters reveal not only the discussions and discoveries shared among eminent scholars but also reflect the cultural and scientific zeitgeist of 19th century Britain and its colonies With a keen eye for detail Rayleigh intertwines personal observations with broader reflections on scientific advancement tourism and cross cultural exchange thereby providing a rich historical context for contemporary readers Clara Lady Rayleigh a prominent figure in her own right was deeply embedded within the intellectual circles of her time Her husband Lord Rayleigh was a distinguished physicist and a member of the British Association which positioned her uniquely to document the intersection of science and society Her letters not only serve as an intimate account of the visit but also highlight the role of women in science and public discourse during an era when their contributions were often overlooked This illuminating collection is highly recommended for both historians and general readers seeking to understand the interplay of science society and culture in Victorian Britain Rayleigh s letters provide invaluable insights that resonate even

today making this book an essential read for anyone interested in the evolution of scientific thought and the legacy of the British Association The British Association's Visit to Montreal, 1884; Letters Lady Clara Rayleigh,2025-08-22

Marketing for Tourism, Hospitality & Events Simon Hudson, Louise Hudson, 2017-05-27. Framed within basic marketing principles, *Marketing for Tourism Hospitality Events* highlights the global shift in tourism demographics today, placing a particular emphasis on the role of digital technology and its impact on travel products and services. Covering developments across a broad range of topics such as contemporary tourism marketing, understanding today's consumer and the importance of public relations and personal selling, key industry changes are captured throughout the text. Lessons from a Marketing Guru feature personal insights from real-world practitioners and Digital Spotlights highlight the ways in which social media and the Internet have transformed tourism, hospitality and events the world over. These features are further enhanced by Marketing in Action case studies in each chapter that highlight the international realities of tourism, hospitality and events marketing in practice. These include Spiritual Tourism in Tamil Nadu, India; Social media listening at Marriott's headquarters in Hong Kong; The Deer Hunt Festival in Winnebago, Ghana; Music-themed hotels in Prague, Amsterdam, Berlin and Mexico; The promotion of Hawaii through film and television; Dark Tourism in Vietnam. The book is complemented by a companion website featuring a range of tools and resources for lecturers and students, including PowerPoint slides, an instructor manual, a test bank of multiple choice questions and author-curated video links to make the examples in each chapter come to life. Ideal for undergraduate and postgraduate students looking for an introductory text to marketing for tourism, hospitality and events.

Indians in Britain Shompa Lahiri, 2000. As part of her continuing study of minorities in Britain before World War II, Lahiri, Queen Mary and Westfield College, London, analyzes the nature and impact of the Indian presence and the British reactions to their growing number. Focusing especially on students, she shows that public fears about instability in India encouraged the government to restrict the number of Indian students and control their political activities. Their resistance, she says, shows how an elite group from a dependent colony can appropriate ideas and institutions to its own purpose. Distributed in the US by ISBS. The Japan-British Exhibition of 1910 A. Hotta-Lister, 2013-10-23. The rapid development of Japan at the turn of the last

century including the defeat of Russia in 1904 5 intrigued the western Imperial powers but also aroused reactions of contempt and suspicion Britain was the most important of the powers upon which Japan earnestly wished to impress herself to mitigate the rising tide of anti Japanese sentiment An exhibition in London therefore was seen as a timely event by the Meiji Government to advance Japanese agendas in political economic and educational terms This is the first major study of this remarkable venture fully reviewed and documented and concerned principally with the Japanese side of the story
