Donald L. Miller

Washington Square Modern Library Classics:

Washington Square Henry James, 2002-10-08 Washington Square follows the coming of age of its plain faced kindhearted heroine Catherine Sloper. Much to her father's vexation a handsome opportunist named Morris Townsend woos the long suffering heiress intent on claiming her fortune. When Catherine stubbornly refuses to call off her engagement Dr Sloper forces Catherine to choose between her inheritance and the only man she will ever truly love Cynthia Ozick in her Introduction to what she calls Henry James's most American fiction writes that every line every paragraph every chapter of Washington Square is a fleet footed light brigade an engine of irony. Precise and understated this charming novel endures as a matchless study of New York in the mid nineteenth century.

Washington Square Henry James, 2000-11-01 Washington Square is perhaps the only novel in which a man has successfully invaded the feminine field and produced work comparable to Jane Austen's said Graham Greene. Inspired by a story Henry James heard at a dinner party Washington Square tells how the rakish but idle Morris Townsend tries to win the heart of heiress Catherine Sloper against the objections of her father. Precise and understated the book endures as a matchless social study of New York in the mid nineteenth century. Washington Square has long been beloved by almost all readers noted Louis Auchincloss. The chief beauty of the novel lies in its expression by background characterization and dialogue of its mild heroine's mood of long suffering patience. Everything is ordered polite still the charming old square in the pre brownstone city the small innocent decorous social gatherings the formal good manners the quaint reasonableness of the dialogues. James was the poet of cities New York in Washington Square. Clifton Fadiman agreed. It has extraordinary charm deriving from an almost Mozartian combination of sweetness and depth.

Jean Toomer and the Terrors of American History Charles Scruggs, Lee VanDemarr, 2016-11-11 Jean Toomer's *Cane* was the first major text of the Harlem Renaissance and the first important modernist text by an African American writer. It powerfully depicts the terror in the history of American race relations a public world of lynchings race riots and Jim Crow and a private world of internalized conflict over identity and race which mirrored struggles in the culture at large. Toomer's own

life reflected that internal conflict and he has been an ambiguous figure in literary history an author who wrote a text that had a tremendous impact on African American authors but who eventually tried to distance himself from Cane and from his identification as a black writer In Jean Toomer and the Terrors of American History Charles Scruggs and Lee VanDemarr examine original sources Toomer s rediscovered early writings on politics and race his extensive correspondence with Waldo Frank and unpublished portions of his autobiographies to show how the cultural wars of the 1920s influenced the shaping of Toomer s book and his subsequent efforts to escape the racial definitions of American society That those definitions remain crucial for American society even today is one reason Toomer s work continues to fascinate and to influence contemporary writers and readers
