*The Ecclesiazusae of Aristophanes* Aristophanes,1923     The wasps - The birds - The frogs - The Thesmophoriazusae - The Ecclesiazusae Aristophanes Aristophanes,2019-03-11 It is difficult to compare the Aristophanic Comedy to any one form of modern literature dramatic or other It perhaps most resembles what we now call burlesque but it had also very much in it of broad farce and comic opera and something also in the hits at the fashions and follies of the day with which it abounded of the modern pantomime But it was something more and more important to the Athenian public than any or all of these could have been Almost always more or less political and sometimes intensely personal and always with some purpose more or less important underlying its wildest vagaries and coarsest buffooneries it supplied the place of the political journal the literary review the popular caricature and the party pamphlet of our own times It combined the attractions and influence of all these for its grotesque masks and elaborate spectacle addressed the eye as strongly as the author s keenest witticisms did the ear of his audience     **Catalogue of the General Assembly Library of New Zealand** New Zealand.
