The Magic of Natural Remedies for Curing and Healing Naturally John Davidson, Dueep J. Singh, 2013-05-15 The Magic of Natural Remedies for Curing and Healing Naturally Table of Contents Introduction Keeping Our Teeth Healthy Foods to Avoid Ginger Remedy Alum Turmeric Remedy Turmeric tooth powder Colored Bottle Remedies Skincare Remedy Time Tested Sore Throat Remedy Sinus problems Extremely Easy Cough Remedy Rock salt Remedy Turmeric Remedy Banana remedy for asthma Natural remedies for heart attack prevention Mint Leaves Remedy Best Natural Diet for People Suffering from Heart Problems Tonic to Strengthen Your Heart Lowering Cholesterol Raisins Remedy Garlic for Lowering Cholesterol Who Should Avoid Garlic Garlic to Cure Sciatica Sweet Almond Oil Conclusion Author Bio Introduction If you are familiar with my magic series you may have noticed that many of these books concentrate on just one magic herb or a magic spice which is going to cure you Naturally the spices and herbs have been used since ancient times to help keep people healthy beautiful and also youthful Remember that not everybody in grandma s time or even in the time of our ancestors could afford to go to the doctor In fact physicians were only restricted to people who could pay their exorbitant fees The rest of the common crowd made do with the knowledge that had been passed down to them by their ancestors and also from the knowledge gained through experimenting on their own This is how so many natural remedies came into vogue and so many of them proved to be successful Many of them were quack remedies but this was because many of the ingredients which were used here were rather astonishing when seen by a 21st century perspective Nevertheless there was some particular reason why these quack remedies proved to be successful because they had some material in them which was able to cure people Now let us take for example the use of goose grease for rubbing on the scalp to make the hair grow faster Goose grease is nothing but fatty oil It moisturized the scalp You could get the same results by rubbing in sheep fat So if our ancestors did not have one thing they made do with something approximating that item in their opinion So one had to use goose grease and passed on this knowledge to his descendants the coming generations began to believe that yes this was the product which would make your hair grow long lustrous and healthy It would also keep your scalp dandruff free Now what was the reason why so many people in ancient times kept healthy even though they lived in unhygienic surroundings Firstly they had a strong constitution and did not coddle themselves They knew the value of the sun and the fresh air and they stayed out as much as they could They just came home to rest eat and possibly recuperate if they suffered from some ailment or from injuries Also they were very particular about their diet They enjoyed plenty of fresh fruit and vegetables They also drank fresh milk in large quantities whenever they could as well as ate milk products like butter butter milk cheese and cottage cheese as often as they could and when they could afford it The wealth of a tribe depended on that the amount of cows and goats they had Other livestock was also very precious but these came paramount Whenever people of one tribe were attacked by people of

other tribes the cry went up cows pigs horses goats and sheep first children second The young children along with the animals were hidden away with the elders who led the adults of the tribe do the fighting This fighting was done sometimes to the death by the men and women of the tribe The elders who were unable to fight were considered to be the people who would help the children survive with knowledge about their ancient heritage This was the time when herbal lore was passed down to the generations from the elders of the tribe to the young next generation and the youngest generation The Magic of Coriander For Cooking and Healing John Davidson, Dueep J. merry as a tadpole and chirpy as a lark Since ancient times powdered coriander seeds and their ground leaves have been used as an excellent remedy mixed with chopped coconut green chilies and ginger to get it of any stomach ailments This remedy is still in use in places where you can get coconut easily Also do not use too many green chilies because they are just to heal You can seed them so that you do not have anything really hot and which you think is going to aggravate your tummy problem even more

Introduction The moment you hear the word grapes you visualize a bunch of yellow or black purple delicious juicy fruit which you enjoy plucking off their stalks and popping in your appreciated mouth Believe it or not grapes are just about the only fruit which can be eaten in large quantities without any sort of harmful side effects The magic about grapes is that not only is this considered to be an extremely good way which you can cure yourself but it is also such a good and delicious easy to eat fruit that even fussy and finicky eaters who touch fruits and vegetables very rarely cannot resist a fistful of grapes The history of grapes goes back as long as mankind existed In prehistoric times grapes were gathered in the jungles before man decided to cultivate them in his vineyards or gardens The Bible says that Noah grew grapes on his farm But before that the classical age of Greece had already assigned a God Dionysius as the God of grapes and wine and you can see him sporting around with the grape vine leaves around his head as he blesses his worshipers with the gift of the grapes wine The Romans called him Bacchus So when did wine get associated with grapes An old legend talks about a Georgian princess who was suffering from toothache around 8000 years ago No dentist would do anything for her so being a delicate dainty darling she said that she was going to kill herself because she could not bear the pain So she went around looking for something to eat which would put her out of her misery Now one of her could not care less slaves had left some grape juice neglected in an earthenware pot and it had been fermenting over a long time in its corner Naturally it gave out the fermenting aroma of grape wine which no one in that land had smelled before So the Princess grabbed this pot and drank everything and grew tipsy I am sure she woke up with a hangover but according to her her toothache was gone and she had slept and dreamt pleasantly of no pain Well that was how people began to think about the juice of the grape in its fermented form In the same way poetry talking about the wine of Shiraz going back more than 4000 years ago speaks about the importance of wine in the old Oriental legends Wine can be made from almost any vegetable or fruit yes I have heard of people making wine from

vegetables too but that is rather an insult to the not so humble grape because this berry is best suited to give you enough of juice to make delicious sparkling wine which can either be champagne or can be ordinary table wine Also wine if not made from farm grown grapes ripen in the sun in their vineyards I consider to be sacrilege and really not worth appreciating or savoring Mark Twain in his hilarious book Innocents abroad talks about enjoying the adventure of he and his friends raiding an Italian vineyard at night when they reach Italy Now that should have been quite an intoxicating experience [The Magic of Bananas For Cooking and Healing](#) John Davidson, Dueep J.
