W. E. B. Du Bois, 1868-1919 David Levering Lewis, 1994-12-15 This monumental biography eight years in the research and writing treats the early and middle phases of a long and intense career a crucial fifty year period that demonstrates how Du Bois changed forever the way Americans think about themselves [Sex and Race in the Black Atlantic](#) Daniel McNeil, 2010-01-27 Drawing on a wide range of sources and a diverse cast of characters this book is the first to place the self fashioning of mixed race individuals in the context of a Black Atlantic and gives particular attention to the construction of mixed race femininity and masculinity during the twentieth century **The Enduring Democracy** Kenneth J. Dautrich, David A. Yalof, Christina E. Bejarano, 2025-01-07 The Enduring Democracy Eighth Edition provides the essentials of American government with a focus on placing current issues and debates into a historical perspective By looking back students can better understand the challenges and controversies characterizing American government today [Newspaper Wars](#) Sid Bedingfield, 2017-08-02 Against all odds the seeds of social change found purchase in mid twentieth century South Carolina Newspaperman John McCray and his allies at the Lighthouse and Informer challenged readers to rebel and fight to reject the slavery of thought and action and become progressive fighters for equality Newspaper Wars traces the role journalism played in the fight for civil rights in South Carolina from the 1930s through the 1960s Moving the press to the center of the political action Sid Bedingfield tells the

stories of the long overlooked men and women on the front lines of a revolution African American progress sparked a battle to shape South Carolina's civic life with civil rights activists arrayed against white journalists determined to preserve segregation through massive resistance As that strategy failed white newspapers turned to overt political action and crafted the still prevalent narratives that aligned southern whites with the national conservative movement A fascinating portrait of a defining time Newspaper Wars analyzes the role journalism played and still can play during times of social cultural and political change Profiles in Audacity Alan Axelrod, 2006 In brief vignettes historian Axelrod pinpoints and investigates the make or break event in the lives and careers of some of history's most significant figures Axelrod reexamines history by answering the fascinating question of why the people who made history made their choices and conveys the resonance of those choices today The 46 profiles range from ancient times to the present day and include Cleopatra's decision to rescue Egypt Washington's decision to cross the Delaware and win Gandhi's decision to prevail against the British Empire without bloodshed Truman's decision to drop the A bomb and end WW II Rosa Parks decision to sit in for civil rights Boris Yeltsin's decision to embrace a new world order and Flight 93's decision to take a stand against terror From publisher description

Sanctuary Nicole Waligora-Davis, 2011 In 2005 hurricane Katrina and its aftermath starkly revealed the continued racial polarization of America Disproportionately impacted by the ravages of the storm displaced black victims were often characterized by the media as refugees The characterization was wrong headed and yet deeply revealing Sanctuary African Americans and Empire traces the long history of this and related terms like alien and foreign a rhetorical shorthand that has shortchanged black America for over 250 years In tracing the language and politics that have informed debates about African American citizenship Sanctuary in effect illustrates the historical paradox of African American subjecthood while frequently the target of legislation slave law the Black Codes and Jim Crow blacks seldom benefited from the actions of the state Blackness helped to define social cultural and legal aspects of American citizenship in a manner that excluded black people themselves They have been treated rather as foreigners in their home country African American civil rights efforts worked to change this Activists and intellectuals demanded equality but they were often fighting for something even more fundamental the recognition that blacks were in fact human beings As citizenship forced acknowledgement of the humanity of African Americans it thus became a gateway to both civil and human rights Waligora Davis shows how artists like Langston Hughes underscored the power of language to define political realities how critics like W E B Du Bois imagined democratic political strategies and how they and other public figures have used their writing as a forum to challenge the bankruptcy of a social economy in which the value of human life is predicated on race and civil identity *America the Philosophical* Carlin Romano, 2013-04-23 This bold insightful book argues that America today towers as the most philosophical culture in the history of the world an unprecedented marketplace for truth and debate With verve and keen intelligence Carlin Romano Pulitzer Prize finalist award winning book critic and professor of philosophy takes on the widely held belief that the United

States is an anti intellectual country Instead he provides a richly reported overview of American thought arguing that ordinary Americans see through phony philosophical justifications faster than anyone else and that the best of our thinkers ditch artificial academic debates for fresh intellectual enterprises Along the way Romano seeks to topple philosophy s most fiercely admired hero Socrates asserting that it is Isocrates the nearly forgotten Greek philosopher who rejected certainty whom Americans should honor as their intellectual ancestor America the Philosophical is a rebellious tour de force that both celebrates our country s unparalleled intellectual energy and promises to bury some of our most hidebound cultural clichés
