

An elderly couple is walking away from the camera on a paved path. The woman on the left is wearing a brown puffer jacket and dark pants, while the man on the right is wearing a dark jacket and pants. They are holding hands. The background shows a blurred city street with buildings and other pedestrians. The text "Now we walk together, until the end of our days." is overlaid in a white, cursive font across the middle of the image.

*Now we walk together,
until the end of our days.*

Discover how you can exhibit faithfulness that will have a far-reaching impact on your kids and future generations in *Never Walk Away*. *The Unspeakable Loss* Nisha Zenoff, 2025-05-01. A guide to hope and healing after the death of a child from a grief counselor and psychotherapist who has been there. Nisha Zenoff lost her son in a tragic accident when he was just seventeen years old. Now with decades of experience as a grief counselor and psychotherapist, she offers support and guidance from her own journey and from others who have experienced the death of a child. *The Unspeakable Loss* helps those who mourn to face the urgent questions that accompany loss: Will my tears ever stop? Who am I now without my child? How can I help my other children cope? I lost my only child, how do I live? Will my marriage survive? Will life ever feel worth living again? No matter where you are in your grieving process, *The Unspeakable Loss* provides a space to mourn in your own way and helps you understand how the death of a child affects siblings, other family members, and friends, recognizing that we each grieve differently. And while there is no one prescription for healing, Zenoff provides tools to practice the important aspects of grieving that are easily forgotten: self-compassion and self-care. *The Unspeakable Loss* doesn't flinch from the reality or pain caused by the death of a child, yet ultimately it is a book about the choice to embrace life, love, and joy again. As Zenoff writes in the Preface: Our relationships with our children do not end with their deaths. Our relationships change; they're transformed, but our children will always be with us.

Walk Until Sunrise J.J. Maze, 2017-11-16. Where is the point of no return? She almost found out. J.J. Maze's *Walk Until Sunrise* is a raw observation of her experience as a fifteen-year-old runaway and the circumstances leading up to that crucial brink. Her theatre of life was beautiful and unstable. The family unit consisted of a firebird of a mother, the shadow of a nonexistent father, and her silent older sister. Early childhood was a confusing blur because of Ralph, the older Jewish man that was presented as dad. You see, Mom and Dad were white, but J.J., Heather, and her sister were at least tan. Hmmm. Ralph's sudden death triggered a sequence of events which quickly transferred Midwest values to a West Coast backdrop. In a matter of weeks, the feminine trio went from living in a ranch house in upper middle class Robbinsdale, Minnesota, to an old Chevy Impala parked at the back of a Bay Area alley. The shift in status was just what was needed to send Mom into a full-blown state of mental anguish. This made life difficult, so did the lack of money and the overabundance of cats, chickens, ducks, dogs, and men. The colorful palette of 1970s California culture—sex, poverty, and paranoia—created a highly stimulating but unsustainable environment. Tensions built up over the years and escalated to an intolerable din. J.J. took off, and a wilderness experience of epic proportions ensued. The contrasting settings she shifted through—LA, Vegas, Mexico, and Arizona—overwhelmed her. Things happened. Bad things. She kept running, and as she bumper-carred through the valleys of manipulation, rape, survival, and isolation, she consistently came to the same conclusion: people are bad. Yet she couldn't stand to be alone.

America! Walk in My - Our Shoes James Winchester, 2022-01-12. This book is about racial reconciliation. We are all Americans, irrespective of our race, religion, sexual

preference or national origin Whenever members of any race conduct themselves as being superior to another race that s racism If we truly care about this beautiful country of ours we must deal with this horrible cancer of racism It s not that complicated but someone has to start that ongoing conversation Americans have always been resourceful We lead the world in science and technology When our backs are against the wall we rise to the occasion This year we were hit with the COVID 19 pandemic and our scientists have now discovered a viable vaccine Remember in school when the teacher paired you with a stranger to complete a two week assignment Maybe that person was Black and lived across the tracks Because of the amount of racial tension in the world today you might have felt uncomfortable and reluctant to accept that task However after working with that person your inhibitions slowly faded away and by the end of the assignment you became quite friendly toward one another There was nothing magical about it The more time spent on the assignment the more you learned about one another The author wrote this book to make known the journey the Black people traveled in America Moreover the author wanted to personalize it by adding my journey as well As with the example of the two people mentioned in their assignment the author is hoping the more my white brothers and sisters know our journeys the more likelihood of them understanding us Something happened this year that proved the author s point After the George Floyd murder the author saw people of all races stop what they were doing to focus their attention on that video The fact they were witnessing the actual murder of an unarmed human being triggered something inside of them Whatever it was they felt compelled to do something about it During this time period the words Black Lives Matter wrongly had negative connotations by some white people However white people proudly marched under that Black Lives Matter banner with their Black brothers and sisters America has never seen those kind of protest marches Not only did those marches occur all over America the Black Lives Matter banner and protests was seen in numerous foreign countries Those marches lasted nonstop for over a solid month Those white brothers and sisters put their lives on the line They were shot with rubber bullets clubbed knocked to the ground pepper sprayed and tear gassed by law enforcement officials They realized the systemic killing of Black men women and children was real and it had to stop They inspired the author to think about what he could do to help the cause He decided to write this book He thought if his white brothers and sisters can react to George Floyd s killing how beneficial it would be to them if they learned more about the Black people s journey in America The author is optimistic about a coming together of all Americans one day We must learn from this new generation of Americans They are leading the way and he thanks God for strength courage and color blindness Stay woke
