

WALKING *on the* WILD SIDE

Long-Distance Hiking on the
Appalachian Trail

KRISTI M. FONDREN

Walking Wild Side Long Distance Appalachian

Thomas Alan Holmes, Roxanne Harde

Walking Wild Side Long Distance Appalachian:

Walking on the Wild Side Kristi M. Fondren, 2015-12-11 The most famous long distance hiking trail in North America the 2 181 mile Appalachian Trail the longest hiking only footpath in the world runs along the Appalachian mountain range from Georgia to Maine Every year about 2 000 individuals attempt to thru hike the entire trail a feat equivalent to hiking Mount Everest sixteen times In *Walking on the Wild Side* sociologist Kristi M Fondren traces the stories of forty six men and women who for their own personal reasons set out to conquer America s most well known and arguably most social long distance hiking trail In this fascinating in depth study Fondren shows how once out on the trail this unique subculture of hikers lives mostly in isolation with their own way of acting talking and thinking their own vocabulary their own activities and interests and their own conception of what is significant in life They tend to be self disciplined have an unwavering trust in complete strangers embrace a life of poverty and reject modern day institutions The volume illuminates the intense social intimacy and bonding that forms among long distance hikers as they collectively construct a long distance hiker identity Fondren describes how long distance hikers develop a trail persona underscoring how important a sense of place can be to our identity and to our sense of who we are Indeed the author adds a new dimension to our understanding of the nature of identity in general Anyone who has hiked or has ever dreamed of hiking the Appalachian Trail will find this volume

fascinating *Walking on the Wild Side* captures a community for whom the trail is a sacred place a place to which they have become attached socially emotionally and spiritually

A Ramble Through the History of Walking Bill Laws, 2011-11-08 This book confirms the splendid eccentricity of the British which often involves oddly dressed men opting to walk long distances for no apparent reason BBC Countryfile Magazine Laws sprightly often arch account of Britain s hiking heroes is a pleasure to read *Walk Magazine* The great affair is to move to come down off this feather bed of civilisation and find the globe granite underfoot wrote Robert Louis Stevenson This book celebrates the history of walking for leisure and pleasure There s no shortage of the famous and the not so famous exponents of a good long walk Dr Jonson and his faithful Boswell on their Hebridean jaunt John Taylor whose *Penniless Pilgrimage* a record of his 1618 journey from London to Edinburgh provided the first account of a walking tour and Samuel Coleridge who conceived his epic tale of the *Ancient Mariner* on a ramble through Devon Celebrating the history of walking for leisure and pleasure Bill Laws tells the stories behind key walking inventions such as the rucksack bloomers youth hostels and the long distance route Fully illustrated throughout *A Ramble Through the History of Walking* is sure to delight anyone interested in the engaging history of one of man s favourite pastimes

HCI Outdoors: Theory, Design, Methods and Applications D. Scott McCrickard, Michael Jones, Timothy L. Stelter, 2020-10-19 Advances in network connectivity power consumption and physical size create new possibilities for using interactive computing outdoors However moving computing outdoors can drastically change the human outdoor experience This impact is felt in many kinds of outdoor activities such as citizen science personal recreation search and rescue informal

education and others It is also felt across outdoor settings that range from remote wilderness to crowded cities Understanding these effects can lead to ideas designs and systems that improve rather than diminish outdoor experiences This book represents the current results emerging from recent workshops focused on HCI outdoors and held in conjunction with CHI GROUP UbiComp and MobileHCI conferences Based on feedback at those workshops and outreach to other leaders in the field the chapters collected were crafted to highlight methods and approaches for understanding how technologies such as handhelds wearables and installed standalone devices impact individuals groups and even communities These findings frame new ways of thinking about HCI outdoors explore logistical issues associated with moving computing outdoors and probe new experiences created by involving computing in outdoor pursuits Also important are the ways that social media has influenced preparation experience and reflection related to outdoor experiences HCI Outdoors Theory Design Methods and Applications is of interest to HCI researchers HCI practitioners and outdoor enthusiasts who want to shape future understanding and current practice related to technology in every kind of outdoor experience **The Routledge**

International Handbook of Walking C. Michael Hall, Yael Ram, Noam Shoval, 2017-07-28 Walking is an essentially human activity From a basic means of transport and opportunity for leisure through to being a religious act walking has served as a significant philosophical literary and historical subject Thoreau's 1851 lecture on Walking or the Romantic walks of the Wordsworths at Grasmere in the early 19th Century for example helped create a philosophical foundation for the importance of the act of walking as an act of engagement with nature Similarly and sometimes inseparable from secular appreciation pilgrimage trails provide opportunities for finding self and others in the travails of the walk More recently walking has been embraced as a means of encouraging greater health and well being community improvement and more sustainable means of travel Yet despite the significance of the subject of walking there is as yet no integrated treatment of the subject in the social science literature This handbook therefore brings together a number of the main themes on the study of walking from different disciplines and literatures into a single volume that can be accessed from across the social sciences It is divided into five main sections culture society and historical context social practices perceptions and behaviours hiking trails and pilgrimage routes health well being and psychology and method planning and design Each of these highlights current approaches and major themes in research on walking in a range of different environments This handbook carves out a unique niche in the study of walking The international and cross disciplinary nature of the contributions of the book are expected to be of interest to numerous academic fields in the social and health sciences as well as to urban and regional planners and those in charge of the management of outdoor recreation and tourism globally **Terapie mezi stromy** Tábořský, Adam, 2023-06-08 V t z jem o p rodu v posledn dob m sv j odraz i v terapeutick pr ci P roda nab z oproti terapeutick mu k eslu jinou dimenzi z itku psychologov a terapeuti za naj tak kaj c mezi stromy st le v ce terapeuticky pracovat Vyzazit s klientem ven toti rozhodn nen jen nouzov e en kdy chod me a mluv me na e mysl a t lo se integruj Pokud jsme v n em zaseknut zjist me

The Other Jersey Shore Michael Aaron Rockland,2024-05-17 River otters black bears and red foxes drink from its clear waters Prickly pear cacti grow from the red shale cliffs that overlook it while on the river near Bordentown lies the archeological remnants of a sprawling estate built by the former King of Spain Napoleon s brother who lived there for almost twenty years You might imagine this magical and majestic waterway is located in some faraway land But in fact it s the backbone and lifeblood of the Garden State the Delaware River The Other Jersey Shore takes readers on a personal tour of the New Jersey portion of the Delaware River and its surroundings You will learn about the role that the river played in human history including Washington s four crossings of the Delaware during the Revolutionary War And you will also learn about the ecological history of the river itself once one of the most polluted waterways in the country and now one of the cleanest providing drinking water for 17 million people Michael Aaron Rockland a long time New Jersey resident shows readers his very favorite spots along the Delaware including the pristine waterfalls and wilderness in the Delaware Water Gap recreation area Along the way he shares engrossing stories and surprising facts about the river that literally defines western New Jersey

The Mountain and the Politics of Representation Jenny Hall,Martin Hall,2023-11-01 The stories we tell published or otherwise condition our mountain experiences in practice and reinforce cultural memory and representation Yet as this book and the authors within it set out to demonstrate if we look beyond the boundaries of this singular white history there is a rich diversity of stories to tell This volume contributes to a growing body of scholarship that calls for a heterogeneity of voices in mountain memoir genres For the first time this diverse scholarship interrogates how mountaineering literary and media culture impact bodies spaces and places in order to nuance how commodification intersects across social categories and is embodied in multi dimensional ways In this volume we explore a burgeoning tradition of mountaineering literature of cinema and of memoir to appreciate difference beyond the habitual heroic white male adventurer that dominates screens and bookshelves Through exploring multidimensional axes of social differentiation from gender race class and age to dis ability and sexuality the book will demonstrate how commodification is embodied through representation in mountaineering literature media film and memoir in mountaineering spaces Amongst our aims this book intends to understand how multiple social dimensions overlap and work to produce independent systems of exclusion and inclusion that focus on untraditional ways to be a mountaineer

The New Encyclopedia of Southern Culture Harvey H. Jackson III,Charles Reagan Wilson,2014-02-01 What southerners do where they go and what they expect to accomplish in

their spare time their leisure reveals much about their cultural values class and racial similarities and differences and historical perspectives This volume of The New Encyclopedia of Southern Culture offers an authoritative and readable reference to the culture of sports and recreation in the American South surveying the various activities in which southerners engage in their nonwork hours as well as attitudes surrounding those activities Seventy four thematic essays explore activities from the familiar porch sitting and fairs to the essential football and stock car racing to the unusual pool checkers and a sport called fireballing In seventy seven topical entries contributors profile major sites associated with recreational activities such as Dollywood drive ins and the Appalachian Trail and prominent sports figures including Althea Gibson Michael Jordan Mia Hamm and Hank Aaron Taken together the entries provide an engaging look at the ways southerners relax pass time celebrate let loose and have fun

Thru Hiker's Guide to America Eric Schlimmer, 2005 The one of a kind planning guide for hikers with big dreams and limited time

Walking the Line Thomas Alan Holmes, Roxanne Harde, 2013-10-09 An insightful and wide ranging look at one of America's most popular genres of music Walking the Line Country Music Lyricists and American Culture examines how country songwriters engage with their nation's religion literature and politics Country fans have long encountered the concept of walking the line from Johnny Cash's I Walk the Line to Waylon Jennings's Only Daddy That I Walk the Line Walking the line requires following strict codes respecting territories and sometimes recognizing that only the slightest boundary separates conflicting allegiances However even as the term acknowledges control it suggests rebellion the consideration of what lies on the other side of the line and perhaps the desire to violate that code For lyricists the line presents a moment of expression an opportunity to relate an idea image or emotion These lines represent boundaries of their kind as well but as the chapters in this volume indicate some of the more successful country lyricists have tested and expanded the boundaries as they have challenged musical social and political conventions often reevaluating what country means in country music From Jimmie Rodgers's redefinitions of democracy to revisions of Southern Christianity by Hank Williams and Willie Nelson to feminist retellings by Loretta Lynn and Dolly Parton to masculine reconstructions by Merle Haggard and Cindy Walker to Steve Earle's reworking of American ideologies this collection examines how country lyricists walk the line In weighing the influence of the lyricists' accomplishments the contributing authors walk the line in turn exploring iconic country lyrics that have tested and expanded boundaries challenged musical social and political conventions and reevaluated what country means in country music

Backpacker, 1999-04 Backpacker brings the outdoors straight to the reader's doorstep inspiring and enabling them to go more places and enjoy nature more often The authority on active adventure Backpacker is the world's first GPS enabled magazine and the only magazine whose editors personally test the hiking trails camping gear and survival tips they publish Backpacker's Editors Choice Awards an industry honor recognizing design feature and product innovation has become the gold standard against which all other outdoor industry awards are measured
