Walking Home A Poets Journey:

Walking Home Simon Armitage, 2013-03-25 Describes the author's travels as he walked the Pennine Way through England and stopped each night to give a poetry reading in a different village in return for a place to sleep **Walking Home** Simon Armitage, 2013-03-18 Shortlisted for the Portico Prize for Nonfiction Nineteen days 256 miles and one renowned poet walking the backbone of England The wandering poet has always been a feature of our cultural imagination Odysseus journeys home his famous flair for storytelling seducing friend and foe The Romantic poets tramped all over the Lake District searching for inspiration Now Simon Armitage with equal parts enthusiasm and trepidation as well as a wry humor all his own has taken on Britain's version of our Appalachian Trail the Pennine Way Walking the backbone of England by day accompanied by friends family strangers dogs the unpredictable English weather and a backpack full of Mars Bars each evening he gives a poetry reading in a different village in exchange for a bed Armitage reflects on the inextricable link between freedom and fear as well as the poet's place in our bustling world In Armitage's own words to embark on the walk is to surrender to its lore and submit to its logic and to take up a challenge against the self Epic Performances from the Middle Ages into the Twenty-First Century Fiona Macintosh, Justine McConnell, Stephen Harrison, Claire Kenward, 2018-11-01 Greek and Roman epic poetry has always provided creative artists in the modern world with a rich storehouse of themes Tim Supple and Simon Reade's 1999 stage adaptation of Ted Hughes Tales from Ovid for the RSC heralded a new lease of life for receptions of the genre and it now routinely provides raw material for the performance repertoire of both major cultural institutions and emergent experimental theatre companies This volume represents the first systematic attempt to chart the afterlife of epic in modern performance traditions with chapters covering not only a significant chronological span but also ranging widely across both place and genre analysing lyric film dance and opera from Europe to Asia and the Americas What emerges most clearly is how anxieties about the ability to write epic in the early modern world together with the ancient precedent of Greek tragedy's reworking of epic material explain its migration to the theatre This move though was not without problems as epic encountered the barriers imposed by neo classicists who sought to restrict serious theatre to a narrowly defined reality that precluded its broad sweeps across time and place In many instances in recent years the fact that the Homeric epics were composed orally has rendered reinvention not only legitimate but also deeply appropriate opening up a range of forms and traditions within which epic themes and structures may be explored Drawing on the expertise of specialists from the fields of classical studies English and comparative literature modern languages music dance and theatre and performance studies as well as from practitioners within the creative industries the volume is able to offer an unprecedented modern and dynamic study of epic content and form across myriad diverse performance arenas *American Poets and Poetry* Jeffrey Gray, Mary McAleer Balkun, James McCorkle, 2015-03-10 The ethnically diverse scope broad chronological coverage and mix of biographical critical historical political and cultural entries make this the most useful and

exciting poetry reference of its kind for students today American poetry springs up out of all walks of life its poems are maternal as well as paternal stuff d with the stuff that is coarse and stuff d with the stuff that is fine as Walt Whitman wrote adding Of every hue and caste am I of every rank and religion Written for high school and undergraduate students this two volume encyclopedia covers U S poetry from the Colonial era to the present offering full treatments of hundreds of key poets of the American canon What sets this reference apart is that it also discusses events movements schools and poetic approaches placing poets in their social historical political cultural and critical contexts and showing how their works mirror the eras in which they were written Readers will learn about surrealism ekphrastic poetry pastoral elegy the Black Mountain poets and language poetry There are long and rich entries on modernism and postmodernism as well as entries related to the formal and technical dimensions of American poetry Particular attention is paid to women poets and poets from various ethnic groups Poets such as Amiri Baraka Nathaniel Mackey Natasha Trethewey and Tracy Smith are featured The encyclopedia also contains entries on a wide selection of Latino and Native American poets and substantial coverage of the avant garde and experimental movements and provides sidebars that illuminate key points
