Oosterzee, 2007-05-01 Presented here in paperback for the first time is John Peter Lange's Theologisch-homiletisches Bibelwerk. Intended to help preachers prepare sermons, the commentary series is essentially biblical and evangelical catholic. This 19th century commentary has served as a standard reference for more than a century. Many early reviewers regarded Schaff's edition with his additional material as superior to the original. It has proven to be a complete and useful Commentary and continues to prove especially valuable to ministers. It contains critical annotations of the text and its translation and a threefold commentary: exegetical, doctrinal, and homiletical. Under these three heads, the text is viewed from every aspect.

Reasoning Practically Edna Ullmann-Margalit, 2000-01-27 Reasoning Practically deals with a classical philosophical topic: the link between thought and action, how we think about what we do or ought to do, and how we move from thinking to doing. The essays by such renowned contributors as Donald Davidson, Barry Stroud, Cass R. Sunstein, Seyla Benhabib, and Gerald Dworkin cover a range of issues raised when we link reason and practice. This collection connects state-of-the-art philosophical work with concrete issues in social life and political practice, making it of interest not only to philosophers but to political theorists, legal scholars, and any researcher interested in the practical application of reason.
