...The Warren Court's revolution in public law promoted acrimony [hostility] and bitterness precisely because it empowered those who had previously not had the opportunity to exercise power. Whether we approve of their behavior or not, there is little doubt that these new groups added dramatically and often disturbingly to the contours of American society. Much of what the Warren Court did was to release dissident minorities from long-standing legal and social strictures [limits]. Critics complained that the Court was the root of the problem; it was fostering subversive [disobedient] action by civil rights advocates, Communist agitators, criminals, smut peddlers, and racketeers who hid behind the Fifth Amendment when called to account. . .

1. Explain why "empowered those who had not previously not had the opportunity to exercise power" would cause hostility.
2. What was one major criticism of the Warren Court? Is this criticism justified? Why or why not?
3. Elaborate on the meaning of "hid behind the Fifth Amendment."
