Traveling Genius Gillian Fenwick, 2008 This is a guidebook to the multifaceted career of the popular travel writer and historian. Traveling Genius surveys the half-century of work by British writer Jan Morris, including more than fifty books and thousands of essays and reviews from the 1950s: America via Oxford, Venice, Trieste, Sydney and Hong Kong to her home in Wales. Internationally known as a travel writer, she has also distinguished herself across many other genres by writing history autobiographies and biographies and literary fiction and essays. Existing

accounts of Morris work are largely confined to reviews and magazine essays and often concentrate on James Morris sex change and transformation into Jan Morris This is of course significant to the writing and some critics detect a change of tone and style afterward but a detailed analysis of how her writing works has not yet been undertaken In *Traveling Genius* Gillian Fenwick fills that gap in the scholarship with the first study to explore the depths of Morris complete body of work utilizing close readings and archival research Fenwick maintains that Morris abilities as historian biographer novelist journalist essayist and reviewer all come to bear in the travel writing that has defined and distinguished her international career In her unique profiles of cities and nations Morris has the ability to capture the spirit of a place and its culture without mere descriptions of tourist sites and activities as illustrated in her best selling works on Venice Oxford and Spain Her historical volumes and the groundbreaking *Pax Britannica* trilogy in particular show her abilities to write for a popular audience while influencing the work and opinions of academics
