Trans Representation is the first book that wholly addresses the growth of trans and gender variant representation in literature television and films for children and young adults in the twenty first century Ranging across an array of media including picture books novels graphic novels animated cartoons and live action television and feature films Youth Fiction and Trans Representation examines how youth texts are addressing and contributing to ongoing shifts in understandings of gender in the new millennium While perhaps once considered inappropriate for youth and continuing to face backlash trans and gender variant representation in texts for young people has become more common which signals changes in

understandings of childhood and adolescence as well as gender expression and identity Youth Fiction and Trans Representation provides a broad outline of developments in trans and gender variant depictions for young people in the late twentieth and early twenty first centuries and closely analyzes a series of millennial literary and screen texts to consider how they communicate a range of often competing ideas about gender identity expression and embodiment to implied child and adolescent audiences

explores the idea that the immortality achieved by the poet may not after all prove to be a blessing An introduction and bibliography provide additional direction for the study of this greatest surviving work of literature from the so called Silver Age of Neronian literature while the individual chapters offer in depth bibliographical citations and extensive annotation as a guide to further study of the poem Lucan s poem is revealed to be the consummate hymn to fury as the poet offers a return to the opening of Homer s Iliad and the wrath of Achilles which is now viewed as part of an unending cycle of madness that will end only in the flames of a global conflagration that will consume all things The pervasive intertext of Lucan s epic poem with his predecessor Manilius Astronomica is also investigated as the nature of Lucan s response to both Stoic and Epicurean antecedents is explored Manilius stars are virtually sprinkled through the Pharsalia as the heavens offer a celestial canvas for the poet of fury to illustrate the beautiful lies that may ultimately be shown to conceal even more seductive truths The
