War Crimes Trials and Other Essays Carlos Whitlock Porter, 2018-10 Approximately 10 000 War Crimes Trials have been held since 1945 Trials of Japanese military personnel ended in 1949 yet war crimes trials of Germans and Eastern Europeans continue to date Almost invariably the charge is violation of the laws and customs of war derived in turn from international conventions signed at the Hague in 1899 and 1907 That these trials have little or no basis in law is clear from the wording of the treaties which are said to have been violated The illegalities of war crimes proceedings include the admissibility of oral and written hearsay the introduction of the concept of conspiracy into international law unknown prior to 1945 the total lack of any pre trial inquest or forensic evidence and trial before a court itself composed of actual war criminals To quote the writings of Telford Taylor The issues surrounding the war crimes trials are numerous and complex discussion and criticism of what was done should be welcomed by all who hope for a continuing development of international law but what should have been done instead is a problem generally ignored by those who condemn what was done in fact 99 The alternative is a fair trial before an impartial court under existing procedures and proper rules of evidence **War**

Crimes Trials and Other Essays Carlos Porter, 2013 Approximately 10 000 War Crimes Trials have been held since 1945 Trials of Japanese military personnel ended in 1949 yet war crimes trials of Germans and Eastern Europeans continue to date Almost invariably the charge is violation of the laws and **Australia's War Crimes Trials 1945-51** Georgina Fitzpatrick, Timothy L.H. McCormack, Narrelle Morris, 2016-08-29 This unique volume provides a detailed analysis of Australia's 300 war crimes trials of principally Japanese accused conducted in the immediate aftermath of the Second World War Part I contains contextual essays explaining why Australia established military courts to conduct these trials and thematic essays considering various legal issues in and historical perspectives on the trials Part II offers a comprehensive collection of eight location essays one each for the physical locations where the trials were held In Part III post trial issues are reviewed such as the operation of compounds for war criminals the repatriation of convicted Japanese war criminals to serve the remainder of their sentences and reflections of some of those convicted on their experience of the trials In the final essay a contemporary reflection on the fairness of the trials is provided not on the basis of a twenty first century critique of contemporary minimum standards of fair trial expected in the prosecution of war crimes but by reviewing approaches taken in the trials themselves as well as from reactions to the trials by those associated with them The essays are supported by a large collection of unique historical photographs maps and statistical materials There has been no systematic and comprehensive analysis of these trials so far which has meant that they are virtually precluded from consideration as judicial precedent This volume fills that gap and offers scholars and practitioners an important and groundbreaking resource

World Wars I & II and Other Essays Debo Prasad Barooah, 1978 Articles chiefly on world politics and its impact on the Indian freedom struggle [The Dismantling of Japan's Empire in East Asia](#) Barak Kushner, Sherzod Muminov, 2016-12-08

The end of Japan's empire appeared to happen very suddenly and cleanly but as this book shows it was in fact very messy with a long period of establishing or re-establishing the postwar order. Moreover, as the authors argue, empires have afterlives which in the case of Japan's empire is not much studied. This book considers the details of deimperialization including the repatriation of Japanese personnel, the redrawing of boundaries, issues to do with prisoners of war and war criminals, and new arrangements for democratic political institutions, for media, and for the regulation of trade. It also discusses the continuing impact of empire on the countries ruled or occupied by Japan, where, as a result of Japanese management and administration, both formal and informal patterns of behavior and attitudes were established that continued subsequently. This was true in Japan itself where returning imperial personnel had to be absorbed and adjustments made to imperial thinking, and in present-day East Asia where the shadow of Japan's empire still lingers. This legacy of unresolved issues concerning the correct relationship of Japan, an important energetic outgoing nation and a potential regional hub with the rest of the region, not comfortably settled in this era, remains a fulcrum of regional dispute.

The Character of International Law Emma J. Breeze, Mark Drumbl, Gerry Simpson, Marianne Wade, 2025-10-02. Professor Robert Cryer was a foundational voice in modern international criminal law. This book celebrates his character, his life, his work, and his influence. The book is a Festschrift of love and admiration for a character that is dearly missed. Fittingly, the book also continues to voice the many conversations that Rob started. It thereby doubles as a critical examination of the life of international law. The book constellates 17 expertly authored chapters, nurtured by four editors, through five distinctive sections, each of which reflects on the character of international law. These sections, presented as acts, are discipline and borders, re-imagination and continuity, violence and reckoning, acoustics and storytelling, and friendship and kindness. A wide gamut of touchpoints dovetails into a beautifully eclectic medley. These include criminal law, the law of war, music and harm, gender-based violence, nuclear weapons, and artificial intelligence law, after-war, the crime of aggression, drones and targets, the domestication of international law, and the role of law in inter-state

relations The book journeys to many places including Japan Bosnia and Ukraine while reflecting on the role of teaching and mentorship in the life of international law
