Tatiana Nouya, 2023-06-16 Eve was a seventeen year old student who arrived in Canada for the first time on December 25 2007 She was new to the country and left to tackle her university studies alone in an unfamiliar environment Eve's personality and character are highlighted throughout the book as we watch her navigate distinct interactions She starts as an introvert who lives with a roommate almost three times her age then blossoms into an extrovert as the years go by Her adventures kick off when she heads to her first university class There she meets a young lady called Samara an encounter that shaped her life and today they still have a rapport During her university days and early career as a young graduate she lived with nine roommates before getting hitched and beginning life with her spouse in the same home Life was not always rosy the struggles were real the battles were worth fighting But in the end love joy and peace reigned Today she has blossomed into a knowledgeable young woman sharing her lessons across the globe *Warm Up (Rebels)* Cathryn Fox, 2022-07-05 He's a defenseman on the academy's hockey team a well known player on and off the ice It's a reputation he wears proudly flaunts even The only one he has to look out for is himself No one expects anything else Thanks to past mistakes I have a whole lot of responsibilities outside of the academy and have no choice but to put others in my life first They count on me but you know what I'm lonely I guess that's why I got all tangled up in the guy whose only focus is on hockey and fun What I hadn't meant to do however was fall head over heels for the player who only wanted one thing from me Can you say been there done that But I think underneath it all there's a lot more to him than even he knows and maybe his choices aren't his own Maybe someone else is pulling the strings Either way when past mistakes catch up with me again the team's biggest player must decide whether to follow the path carved out for him and walk away from me or shape his own future and become the man he keeps well hidden **Roommates With Benefits** Nicole Williams, 2017-06-04 **The Naked Roommate: For Parents Only** Harlan Cohen, 2012-05-01 If your child is going off to college there's a surprise around every corner But that doesn't mean you can't be prepared The Naked Roommate For Parents Only is a witty and wise survival guide for everything you need to know about the college experience Harlan Cohen America's most trusted college transition expert delivers the best advice facts stats tips and stories from parents students and experts across the country to ensure that you and your child will have an incredible and meaningful college experience The Summer Before What when and how to prepare The emotional roller coaster and letting go Calling Texting and Facebooking New ways to keep in touch How much is too much To A or Not to B Professors grades and actually going to class When to step in and when not to Paying the Bills Financial aid tricks and tips Budgets books and the best campus jobs The First Few Months Move in roommates and homesickness What not to do when you're missing them Keeping Them Safe Drinking partying and other things your kid might not be doing Knowing your campus support resources Get this freshman survival guide for yourself when you pick up these other helpful college guides
